Section 7. **Persons subject to noncompliance penalties — exemptions.** (1) Except as provided in subsection (2), the department shall assess and collect a noncompliance penalty from any person who owns or operates:

(a) a stationary source (other than a primary nonferrous smelter which has received a nonferrous smelter order under 42 U.S.C. 7419) which is not in compliance with any emission limitation specified in an order of the board, emission standard, or compliance schedule under the state implementation plan approved by the federal environmental protection agency;

(b) a stationary source which is not in compliance with an emission limitation, emission standard, standard of performance, or other requirement under 42 U.S.C. 7411 or 42 U.S.C. 7412; or

(c) any source referred to in subsections (1)(a) or (1)(b) which has been granted an exemption, extension, or suspension under subsection (2) or which is covered by a compliance order, or a primary nonferrous smelter which has received a primary nonferrous smelter order under 42 U.S.C. 7419, if such source is not in compliance with any interim emission control

HeinOnline -- 1979 vol. II 1408 1979

requirement or schedule of compliance under such extension, order, or suspension.

(2) Notwithstanding the requirements of subsection (1), the department may, after notice and opportunity for a public hearing, exempt any source from the requirements of [sections 7 through 15] with respect to a particular instance of noncompliance which:

(a) the department finds is de minimus in nature and in duration;

(b) is caused by conditions beyond the reasonable control of the source and is of no demonstrable advantage to the source; or

(c) is exempt under 42 U.S.C. 7420(a)(2)(B) of the federal Clean Air Act.

(3) Any person who is jointly or severally adversely affected by the department's decision may request, within 15 days after the department renders its decision, upon affidavit setting forth the grounds therefor, a hearing before the board. A hearing shall be held under the provisions of the Montana Administrative Procedure Act.

Section 8. **Amount of noncompliance penalty — late charge.** (1) The amount of the penalty which shall be assessed and collected with respect to any source under [sections 7 through 15] shall be equal to:

(a) the amount determined in accordance with the rules adopted by the board, which shall be no less than the economic value which a delay in compliance after July 1, 1979, may have for the owner of such source, including the quarterly equivalent of the capital costs of compliance and debt service over a normal amortization period not to exceed 10 years, operation and maintenance costs foregone as a result of noncompliance, and any additional economic value which such a delay may have for the owner or operator of such source; minus

(b) the amount of any expenditure made by the owner or operator of that source during any such quarter for the purpose of bringing that source into and maintaining compliance with such requirement, to the extent that such expenditures have not been taken into account in the calculation of the penalty under subsection (1)(a).

(2) To the extent that any expenditure under subsection (1)(b) made during any quarter is not subtracted for such quarter from the costs under subsection (1)(a), such expenditure may be subtracted for any subsequent quarter from such costs. In no event may the amount paid be less than the quarterly payment minus the amount attributed to actual cost of construction.

(3) If the owner or operator of any stationary source to whom notice is issued under [section 11] does not submit a timely petition under [subsection (2)(b) of section 11] or submits a petition which is denied and if the owner or operator fails to submit a calculation of the penalty assessment, a schedule for payment, and the information necessary for independent verification thereof, the department may enter into a contract with any person who has no financial interest in the matter to assist in determining the amount of the penalty assessment or payment schedule

HeinOnline -- 1979 vol. II 1409 1979

with respect to such source. The cost of carrying out such contract may be added to the penalty to be assessed against the owner or operator of such source.

(4) Any person who fails to pay the amount of any penalty with respect to any source under [sections 7 through 15] on a timely basis shall be required to pay in addition a quarterly nonpayment penalty for each quarter during which such failure to pay persists. Such nonpayment penalty shall be equal to 20% of the aggregate amount of such person's penalties and nonpayment penalties with respect to such source which are unpaid as of the beginning of such quarter.

Section 9. **Manner of making payment.** (1) The assessed penalty required under [sections 7 through 15] shall be paid in quarterly installments for the period of covered noncompliance. All quarterly payments, determined without regard to any adjustment or any subtraction under [subsection (1)(b) of section 8], after the first payment shall be equal.

(2) The first payment shall be due on the date 6 months after the date of issuance of the notice of noncompliance under [section 11] with respect to any source. Such first payment shall be in the amount of the quarterly installment for the upcoming quarter, plus the amount owed for any preceding period within the period of covered noncompliance for such source.

(3) For the purpose of this section, the term "period of covered noncompliance" means the period which begins on the date of issuance of the notice of noncompliance under [section 11] and ends on the date on which such source comes into or, for the purpose of establishing the schedule of payments, is estimated to come into compliance with such requirement.

Section 10. **Adjustment of fee.** (1) The department shall adjust from time to time the amount of the penalty assessment calculated or the payment schedule proposed by such owner or operator under [subsection (2)(a) of section 11], if the department finds after notice and opportunity for a hearing on the record that the penalty or schedule does not meet the requirements of [sections 7 through 15].

(2) Upon making a determination that a source with respect to which a penalty has been paid under [sections 7 through 15] is in compliance and is maintaining compliance with the applicable requirement, the department shall review the actual expenditures made by the owner or operator of such source for the purpose of attaining and maintaining compliance and shall make a final adjustment within 180 days after such source comes into compliance and:

(a) provide reimbursement with interest to be paid by the state at appropriate prevailing rates for overpayment by such person; or

(b) assess and collect an additional payment with interest at appropriate prevailing rates for any underpayment by such person.

Section 11. **Notice of noncompliance — challenge.** (1) The department shall give a brief but reasonably specific notice of noncompliance to each person who owns or operates a source subject to [subsection

HeinOnline -- 1979 vol. II 1410 1979

(1) of section 7] which is not in compliance as provided in that subsection, within 30 days after the department has discovered the noncompliance.

(2) Each person to whom notice has been given pursuant to subsection (1) shall:

(a) calculate the amount of penalty owed (determined in accordance with [subsection (1) of section 8]) and the schedule of payments (determined in accordance with [section 9]) for each source and, within 45 days after issuance of the notice of noncompliance, submit that calculation and proposed schedule, together with the information necessary for an independent verification thereof, to the department; or

(b) submit to the board a petition within 45 days after the issuance of such notice, challenging such notice of noncompliance or alleging entitlement to an exemption under [subsection (2) of section 7] with respect to a particular source.

(3) Each person to whom notice of noncompliance is given shall pay the department the amount determined under [section 8] as the appropriate penalty unless there has been a final determination granting a petition filed pursuant to subsection (2)(b).

Section 12. **Hearing on challenge.** (1) The board shall provide a hearing on the record and make a decision (including findings of fact and conclusions of law) not later than 90 days after the receipt of any petition under [subsection (2)(b) of section 11] with respect to such source.

(2) If the petition is denied, the petitioner shall submit the material required by [subsection (2)(a) of section 11] to the department within 45 days of the date of decision.

Section 13. **Deposit of noncompliance penalty fees.** All noncompliance penalties collected by the department pursuant to [sections 7 through 15] shall be deposited in an earmarked revenue fund until a final determination and adjustment have been made as provided in [section 10] and amounts have been deducted by the department for costs attributable to implementation of [sections 7 through 15] and for contract costs incurred pursuant to [subsection (3) of section 8], if any. After a final determination has been made and additional payments or refunds have been made, the penalty money remaining shall be transferred to the state general fund.

Section 14. **Effect of new standards on noncompliance penalty.** In the case of any emission limitation, emission standard, or other requirement approved or adopted by the board under [Title 75, chapter 2] after [the effective date of this act], and approved by the federal environmental protection agency as an amendment to the state implementation plan, which is more stringent than the emission limitation or requirement for the source in effect prior to such approval or promulgation, if any, or where there was no emission limitation, emission standard, or other requirement approved or adopted before [the effective date of this act], the date for imposition of the noncompliance penalty under [sections 7 through 15] shall be the date on which the source is required to be in full compliance with such emission limitation, emission standard, or other

HeinOnline -- 1979 vol. II 1411 1979

requirement or 3 years after the approval or promulgation of such emission limitation or requirement, whichever is sooner.

Section 15. **Effect of noncompliance penalty on other remedies.** (1) Any orders, payments, sanctions, or other requirements under [sections 7 through 15] shall be in addition to any other permits, orders, payments, sanctions, or other requirements established under [Title 75, chapter 2] and shall in no way affect any civil or criminal enforcement proceedings brought under 75-2-412 or 75-2-413.

(2) The noncompliance penalties collected pursuant to [sections 7 through 15] are intended to be cumulative and in addition to any other remedies, procedures, and requirements authorized by [Title 75, chapter 2].

Section 16. Section 75-2-413, MCA, is amended to read:

"75-2-413. Civil penalties — out-of-state litigants — effect of action. (1) Any person who violates any provision of this chapter or any rule enforced thereunder or any order made pursuant thereto *and after notice thereof has been given by the department* shall be subject to a civil penalty not to exceed *$10,000.* Each day of violation shall constitute a separate violation. The department may institute and maintain in the name of the state any enforcement proceedings hereunder. Upon request of the department, the attorney general or the county attorney of the county of violation shall petition the district court to impose, assess, and recover the civil penalty. The civil penalty is in lieu of the criminal penalty provided for in 75-2-412.

(2) (a) Action under subsection (1) of this section is not a bar to enforcement of this chapter or of rules or orders made under it by injunction or other appropriate civil remedies.

(b) An action under subsection (1) or to enforce this chapter or the rules or orders made under it may be brought in the district court of any county where a violation occurs or is threatened if the defendant cannot be located in Montana.

(3) Moneys collected hereunder shall be deposited in the state general fund."

Section 17. **Codification.** It is intended that sections 7 through 15 be codified as an integral part of Title 75, chapter 2, part 4, and the provisions of Title 75, chapter 2, apply to sections 7 through 15.

Section 18. **Saving clause.** This act does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before the effective date of this act.

Section 19. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 561

AN ACT TO GENERALLY REVISE THE LAWS RELATING TO CONTROLLED GROUNDWATER AREAS; AMENDING SECTIONS 85-2-501, 85-2-506, AND 85-2-507, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-501, MCA, is amended to read:

"85-2-501. Definitions. Unless the context requires otherwise, in this part the following definitions apply:

(1) "Aquifer" means any underground geological structure or formation which is capable of yielding water or is capable of recharge.

(2) "Bureau" means the Montana state bureau of mines and geology provided for in 20-25-211.

(3) "Groundwater" means any fresh water beneath the land surface or beneath the bed of a stream, lake, reservoir, or other body of surface water and which is not a part of that surface water.

(4) "Groundwater area" means an area which, as nearly as known facts permit, may be designated so as to enclose a single and distinct body of groundwater, which shall be described horizontally by surface description in all cases and which may be limited vertically by describing known geological formations should conditions dictate this to be desirable."

Section 2. Section 85-2-506, MCA, is amended to read:

"85-2-506. Controlled groundwater areas — designation or modification. *(1) The board may designate or modify controlled groundwater areas as provided in this part.*

(2) Designation or modification of an area of controlled groundwater use may be proposed to the board by the department on its own motion or by petition signed by at least 20 or one-fourth of the users (whichever is the lesser number) of groundwater in a groundwater area wherein there *are* alleged to be *facts* showing:

(a) that groundwater withdrawals are in excess of recharge to the aquifer or aquifers within such groundwater area;

(b) that excessive groundwater withdrawals are very likely to occur in the near future because of consistent and significant increases in withdrawals from within the groundwater area;

(c) that significant disputes regarding priority of rights, amounts of groundwater in use by appropriators, or priority of type of use are in progress within the groundwater area; *or*

(d) that groundwater levels or pressures in the area in question are declining or have declined excessively.

(3) When such a proposal is thus made, the *board* shall fix a time and place for a hearing, which time shall not be less than *90* days from the

HeinOnline -- 1979 vol. II 1413 1979

making of the proposal. *The place for the hearing shall be within or as close as practical to the controlled groundwater area.*

(4) The department shall publish a notice of the hearing, setting forth therein:

(a) the names of the petitioners;

(b) the description by legal subdivisions *(section, township, range)* of all lands included in *or proposed to be included in* the groundwater area or subarea;

(c) the purpose of the hearing; and

(d) the time and place of the hearing where any interested person may appear, either in person or by attorney, file written objections to the granting of the proposal, and be fully heard.

(5) Such notice of hearing shall be published at least once in each week for 3 successive weeks *not less than 30 days* before the date of the hearing in a newspaper of general circulation in the county or counties in which the groundwater area or subarea is located. The department shall also cause a copy of the notice, together with a copy of the petition, to be served by mail, not less than *30* days before the hearing, *upon each well driller licensed in Montana whose address is within any county in which any part of the area in question is located; upon each person or public agency known from an examination of the records in the department's office to be a claimant or appropriator of groundwater in the area in question (claimant or appropriator meaning one who diverts, impounds, or withdraws groundwater and not merely one who uses or obtains groundwater from another who diverts, impounds, or withdraws groundwater); upon the bureau; and upon the mayor or chairman of the governing body of each incorporated municipality located in whole or in part within the proposed groundwater area. The department may also serve notice upon any other person or state or federal agency that the department feels may be interested in or affected by the proposed designation or modification of a controlled groundwater area. The petition need not be served on any petitioner.* A copy of the notice, together with a copy of the proposal, shall be mailed to each person at his *last-known* address, and such service shall be complete upon depositing it in the post office, postage prepaid, addressed to each person on whom it is to be served. Publication and mailing of such notice as prescribed herein, when completed, shall be deemed to be sufficient notice of such hearing to all interested persons."

Section 3. Section 85-2-507, MCA, is amended to read:

"85-2-507. Limiting withdrawals — modification of order. (1) At the time set for the hearing, the board shall proceed to hear *oral and written* evidence *relevant to the designation or modification of the controlled groundwater area presented by the bureau, the department, and any other interested party. A full record shall be kept of all evidence taken at the hearing. The procedure shall be such as to secure a full, fair, and orderly proceeding and to permit all relevant evidence to be received.*

HeinOnline -- 1979 vol. II 1414 1979

The common-law and statutory rules of evidence shall apply only upon stipulation of all parties.

(2) After the conclusion of the hearing, *the board* shall make written findings and an order. *The board shall by order declare the area in question to be a controlled groundwater area if* the board finds on the basis of the hearing *that:*

(a) the public health, safety, or welfare require a corrective control be adopted; and

(b) (i) there is a wasteful use of water from existing wells or undue interference with existing wells;

(ii) any proposed use or well will impair or substantially interfere with existing rights to appropriate surface water or groundwater by others; or

(iii) the facts alleged in the petition as required by 85-2-506(2) are true.

(3) The order shall define the boundary of the controlled groundwater area and shall indicate which of the groundwater aquifers located within the area in question are included within the controlled groundwater area. Any number of groundwater aquifers which wholly or partially overlie one another may be included in the same controlled groundwater area.

(4) The order may include the following corrective control provisions:

(a) a provision closing the controlled groundwater area to further appropriation of groundwater, in which event the department shall thereafter refuse to accept any applications for beneficial water use permits to appropriate groundwater located within such controlled area;

(b) a provision determining a permissible total withdrawal of groundwater in the controlled area by day, month, or year and permitting the board to apportion such permissible total withdrawal among the appropriators holding valid rights to the groundwater in the controlled area in accordance with the relative dates of priority of such rights;

(c) a provision according preference, without reference to relative priorities, to withdrawals of groundwater in the controlled area for domestic and livestock purposes first and thereafter to withdrawals for other beneficial purposes, including but not limited to agricultural, industrial, municipal (other than domestic), and recreational purposes, in such order as the board considers advisable under the circumstances;

(d) a provision reducing the permissible withdrawal of groundwater by any appropriator or well in the controlled area;

(e) when two or more wells in the controlled area are used by the same appropriator, a provision adjusting the total permissible withdrawal of groundwater by the appropriator or a provision forbidding the use of one or more such wells;

(f) a provision requiring and specifying a system of rotation of use of groundwater in the controlled area;

HeinOnline -- 1979 vol. II 1415 1979

(g) provisions making such additional requirements as are necessary to protect the public health, safety, and welfare in accordance with the intent, purposes, and requirements of this part and the laws of the state.

(5) If at the conclusion of the hearing the board finds that sufficient facts are not available to designate or modify a permanent controlled groundwater area, the board may by order designate the area in question to be a temporary controlled groundwater area. Such order may include the corrective control provisions contained in subsection (4). A temporary controlled groundwater area shall be designated as such for a period not to exceed 2 years from the date of the board's order designating the temporary controlled groundwater area. The board may, for sufficient cause, extend the time period for an additional 2 years, and in this case all groundwater appropriators in the controlled groundwater area shall be notified of the extension. During the 2-year period, the department shall commence studies necessary to obtain the facts needed to assist in the designation or modification of a permanent controlled groundwater area. Facts gathered during the study period shall be presented at a hearing prior to the designation or modification of a permanent controlled groundwater area. All parties appearing at the first hearing shall be served notice of this hearing by mail at least 30 days prior to the date set for the hearing. The service shall be complete upon deposit of notice at the post office, postage prepaid, addressed to each person on whom service is to be made. Mailing of the notice, when completed, shall be considered to be sufficient notice of the hearing to all persons directly affected. The department shall file in its records proof of service by its own affidavit. The hearing shall be conducted by the board in the manner of the first hearing, and the board shall make written findings of fact and conclusions of law and issue an order according to the provisions set forth in subsections (1) through (4). In the event the department does not complete the necessary study in the 2-year period or extension thereof, the temporary controlled groundwater area designation will terminate at the end of the 2-year period or extension.

(6) The department may enforce the order and bring an action for an injunction in a district court of a district in which all or part of the area affected is located, in addition to all other remedies.

(7) The order of the board shall be published and mailed by the department in the manner and for the length of time as prescribed by 85-2-506 for the publication and mailing of the notice of hearing, except that a copy of the written findings *and order* of the board shall be mailed instead of a copy of the proposal and, except further, that a copy of the order, together with a copy of the written findings, shall be mailed to each petitioner at his *last-known* address. *The department shall file a copy of the order with the county clerk of each county within which any part of the controlled groundwater area lies, and the county clerk shall record the order without fee. The department shall file in its records proof of service by its own affidavit of service.* Upon publication and mailing of such order as prescribed herein, the order shall be final and conclusive unless an appeal therefrom is taken.

(8) The board may by order suspend, modify, or revoke any order made as provided in this section upon such notice and in such manner as is reasonable under the circumstances. A copy of each suspension,

HeinOnline -- 1979 vol. II 1416 1979

modification, or revocation shall be served or filed and recorded as provided for orders in subsection (1).

(9) While a matter is pending before the board, the department may restrict further development of the subarea."

Section 4. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Approved April 12, 1979.

AN ACT TO REQUIRE THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO FOLLOW PRIORITIES ESTABLISHED BY THE LEGISLATURE WHEN THERE ARE INSUFFICIENT FUNDS TO PROVIDE MEDICAL CARE FOR ALL ELIGIBLE PERSONS; AMENDING SECTION 53-6-141, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-6-141, MCA, is amended to read:

"53-6-141. Amount, scope, and duration of assistance. (1) The amount, scope, and duration of medical assistance granted eligible persons shall be determined by the department of social and rehabilitation services. Payments on behalf of persons in state-operated institutions shall be made only from funds appropriated specifically for this purpose, as such funds are available.

(2) If available funds are not sufficient to provide medical care for all eligible persons, the department shall have the *authority to set priorities* to limit, reduce, or otherwise curtail the amount, scope, *or* duration of the medical care and services made available.

(3) For the purpose of determining eligibility and amount of assistance to be granted to those individuals covered in subsections (2)(g) and (2)(h) of 53-6-131, the department shall establish a maintenance standard."

The historic preservation officer shall determine the appropriate time period allowable between all work undertaken and submission of the summary report.

(3) All heritage property and paleontological remains collected under an antiquities permit are the permanent property of the state and must be deposited in museums or other institutions within the state or loaned to qualified institutions outside the state, unless otherwise provided for in the antiquities permit.

Section 17. **Occasional off-premises sales authorized.** (1) The department may authorize occasional off-premises sales by authorized livestock markets and may establish the conditions under which approval for an off-premises sale may be granted, including any change in bonding requirements the department considers necessary.

(2) No livestock market for which a certificate has been issued under [this act] may conduct an off-premises sale without obtaining prior approval of the department.

Section 18. **Livestock markets — record keeping — reports.** Each livestock market shall keep accounts, records, and memoranda and shall make reports which the board requires, and the board and its authorized agents and employees shall at all times have access to the accounts, records, and memoranda for inspection and examination.

Section 19. **Dispersal sales.** Dispersal sales conducted through a livestock market must meet the requirements of [this act].

Section 20. **Inspection of public markets.** Livestock inspectors, including stock inspectors of a county or district, the sheriff of a county, or a representative of the department of livestock, may enter upon the premises where livestock is being held or sold and shall be accorded every facility by the owners thereof in determining whether a violation of the law is being committed or is likely to be committed. The inspection may not unnecessarily interfere with the conduct of the sales. Livestock sold at the market may not be delivered to the purchaser until he has first received an inspection certificate issued by one of the officers mentioned in this section, showing clearly and explicitly that the person making the inspection is satisfied as to the ownership of the livestock and the health of all livestock so sold.

Section 21. **Quarantine of diseased animals.** If the livestock inspector at a sale finds any livestock afflicted with an infectious or contagious disease, he shall immediately take possession of the livestock and place it in quarantine, to be disposed of as directed by the department.

Section 22. **Sale of animals of unknown ownership.** (1) If there is any question respecting the ownership of livestock sold, the livestock inspector may take possession of the livestock. The livestock inspector shall notify the person in charge of the market and conducting the sales and the person who has purchased the livestock at the sale within a reasonable time.

(2) Whenever livestock is sold, the ownership of which is not known or cannot be determined by the livestock inspector, it may be sold as strays and the net proceeds derived from the sale shall be handled as provided in [section 23].

Section 23. **Duties when ownership in doubt.** An operator of a livestock market shall, when notified by the authorized brand inspector

that there is a question as to whether any designated livestock sold through the market is lawfully owned by the consignor thereof, hold the proceeds received from the sale of the livestock for a reasonable time, not to exceed 30 days, to permit the consignor to establish ownership. If at the expiration of that time the consignor fails to establish his lawful ownership of the livestock, the proceeds must be transmitted by the operator of the livestock market to the department. The department may dispose of the proceeds in accordance with chapter 4, part 6, of Title 81, relating to the distribution of estray money, and the department's receipt therefor shall relieve the operator of the livestock market from further responsibility for the proceeds. Proof of ownership and account of all sales of livestock must be transmitted by the authorized brand inspector to the department.

Section 24. **Penalties.** A person who violates any provision of [sections 9 through 23] or rules adopted by the department under [section 4] is guilty of a misdemeanor and upon conviction shall be fined not less than $100 or more than $600, imprisoned in the county jail not less than 30 days or more than 6 months, or both. A person convicted of a subsequent violation of [sections 9 through 23] or rules adopted under [section 4] shall be fined not less than $200 or more than $1,000, imprisoned in the county jail for not less than 3 months or more than 6 months, or both, and the department may cancel his certificate.

Section 25. **Livestock brokers and livestock dealers — licenses.** (1) No person may operate as a livestock broker or livestock dealer without a license. A person who wishes to operate as a livestock broker or livestock dealer shall file with the department an application for a license to transact such business on a form prescribed by the department stating the type of license sought and the following information:

(a) the names of the persons applying for the license together with their permanent addresses and, if the applicant is a firm, association, partnership, or corporation, the names of its directors, officers, and members, if applicable;

(c) if the applicant is a foreign corporation, its principal place of business outside the state, the name of the state in which it is incorporated, and a statement showing that it has complied with the laws of this state relating to foreign corporations and its right to do business in this state;

(d) a detailed financial statement setting forth all assets and liabilities of the applicant pertinent to the business for which the license is sought;

(e) if the applicant is a livestock dealer, a description of the facilities at which he proposes to operate.

(2) An application fee of $50 must be submitted with each application for a livestock broker's or livestock dealer's license. The fee shall be the first annual fee if the license is granted.

(3) Livestock brokers and livestock dealers shall pay an annual fee of $50 and supply a current financial statement. The fee is payable on May 1 to the state treasurer to the credit of the department.

HeinOnline -- 1979 vol. II 1436 1979

(4) When an applicant has paid the fee and met the requirements of this section, the department shall issue to the applicant a license which entitles the licensee to engage in the business specified in his application for a period of 1 year unless the license is suspended or revoked under [this act].

Section 26. **Refusal of livestock broker's or livestock dealer's license.** The department shall refuse to issue or renew a license if the applicant:

(1) has failed to maintain a financial condition of total assets in excess of total liabilities, including total current assets in excess of total current liabilities;

(2) is in violation of any of the provisions of [this act];

(3) has knowingly made false or misleading statements as to the health or physical condition of livestock or practiced fraud or misrepresentation in connection with the buying or receiving of livestock or the selling, exchanging, soliciting, or negotiating of the sale of livestock or the weighing of the same;

(4) has failed to keep records of all purchases and sales or refused to grant inspection of such records by authorized agents of the department;

(5) is in violation of the rules adopted by the department;

(6) has failed to comply with a lawful order of the department;

(7) has not filed a surety bond in the form and amount required under [section 27];

(8) has been found by the department to have failed to pay, without reasonable cause, obligations incurred in connection with livestock transactions;

(9) has been suspended by the order of the secretary of agriculture of the United States department of agriculture under provisions of the Packers and Stockyards Act, 1921, as amended, 7 U.S.C. 181, et seq.

Section 27. **Livestock brokers and livestock dealers — bond required.** (1) A livestock broker or livestock dealer applying for a license under [this act] shall maintain a bond in the form and amount set forth in this section, or if he is registered and bonded under the Packers and Stockyards Act, 1921, 7 U.S.C. 181, et seq., he shall file a statement with the department showing he is maintaining a bond or its equivalent under the packers and stockyards act. The department may require evidence of the bond to be filed with it.

(2) The amount of the bond shall be set by the department but may not be less than $5,000. The bond shall contain the following conditions:

"This bond is conditioned on the principal paying to the rightful recipient the purchase price of all livestock he purchases for himself or others and on the principal safely keeping and properly disbursing all funds received on behalf of others."

HeinOnline -- 1979 vol. II 1437 1979

(3) Each bond shall contain provisions that a person damaged by failure of the principal to comply with the condition clause of the bond may bring an action to recover on the bond. At least 30 days' notice in writing shall be given to the department by any party terminating the bond.

Section 28. **Inspection of records.** A livestock broker or livestock dealer shall maintain records that disclose all purchases and sales of livestock. A livestock broker or livestock dealer shall, at all reasonable times, give the department access to and let the department copy any of the records relating to his business.

Section 29. **Livestock brokers and livestock dealers — suspension and revocation of license — procedure.** Whenever the department finds that any livestock broker or livestock dealer has violated the provisions of [this act] or rules adopted under [this act], the department may, by order, suspend the license of such person for a period not to exceed 1 year, and if the violation is repeated, the department may, by order, after hearing, permanently revoke the license of such person. Before any license issued under [this act] may be suspended or revoked, the licensee shall be furnished with a copy of the complaint made against him and a hearing shall be had before the department to determine whether the license should be suspended or revoked. The licensee shall be given notice of the time and the place of such hearing. The notice may be served by registered or certified mail at the post-office address listed in the application. The hearing must be held not less than 10 days or more than 30 days after the mailing of the notice. At the time and place set for the hearing, the department shall take and receive evidence, under oath, with respect to the complaint, and upon such evidence received, shall promptly dismiss the proceedings or revoke or suspend the license.

Section 30. **Termination of livestock broker or livestock dealer license.** A license issued under [this act] terminates at the close of business on May 1 of each year following the issuance of the same unless the annual fee has been paid. Termination of the license will automatically occur if the bond required by [section 27] is terminated.

Section 31. **Penalties.** A person who violates any provision of [sections 25 through 28] or rules adopted by the department under [section 4] is guilty of a misdemeanor and upon conviction shall be fined not less than $250 or more than $1,000 or imprisoned for not more than 6 months, or both.

Section 32. **Jurisdiction.** The justices' courts have jurisdiction of all misdemeanor and civil violations of [this act].

Section 33. **Injunctive remedy.** The operation of a livestock market or the buying or selling of livestock by a person not licensed or certified and bonded as required by [this act] may be enjoined by the district court on petition from the department upon a showing that a person is engaged in the business of a livestock market, livestock broker, or livestock dealer as defined in [section 3] without the license or certificate and bond required by [this act]. The court shall enjoin the person from further activities as a livestock market operator, livestock broker, or livestock dealer until the license or certificate and bond have been properly

HeinOnline -- 1979 vol. II 1438 1979

obtained. It is not necessary to show that any individual has been injured by the actions complained of in order to obtain the issuance of the injunction. The injunctive relief provided by this section is an additional remedy to the criminal penalties provided in [this act].

Section 34. **Transition.** Licenses and certificates issued before and still in effect on July 1, 1979, are valid until May 1, 1980, unless suspended or revoked pursuant to this act. The actions of persons holding such existing licenses and certificates are governed by this act.

Section 35. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 36. **Codification.** This act is intended to be codified as an integral part of Title 81, chapter 8, and the provisions contained in Title 81, chapter 8, apply to this act.

Section 8. **Order for financial support.** (1) Whenever a youth is placed in a foster home, child care agency, group home, or private treatment facility under 41-3-406, the court shall determine the ability of the youth's parents or guardian to contribute to the support of the youth or the adequacy of the guardianship assets to provide a contribution. This question of financial ability shall be considered at the dispositional hearing, and evidence concerning financial status may be introduced. In determining financial ability the court shall consider the report prepared pursuant to 41-3-405 and any other evidence introduced at the dispositional hearing.

(2) If the court determines that the parents are able to contribute to the support of the youth or that the guardianship assets are adequate to provide a contribution, the court shall issue an order directing the parents or guardian to make specified payments to the department of social and rehabilitation services to the extent considered appropriate under the circumstances. The court may order the examination of a parent or guardian who gives his consent and whose ability to care for or supervise a youth is at issue before the court. The results of such examination shall be included in the social summary or predisposition report. The youth, his parents, guardian, or counsel shall have the right to subpoena all persons who have prepared any portion of the social summary or predisposition report and shall have the right to cross-examine said parties at the dispositional hearing.

(3) Defense counsel shall be furnished with a copy of the social summary or predisposition report and psychological report prior to the dispositional hearing.

(4) The dispositional hearing shall be conducted in the manner set forth in subsections (3), (4), and (5) of 41-5-521. The court shall hear all evidence relevant to a proper disposition of the case best serving the interests of the youth and the public. Such evidence shall include, but not be limited to, the social summary and predisposition report provided for in subsection (2) of this section.

(5) If the court finds that it is in the best interest of the youth, the youth, his parents, or guardian may be temporarily excluded from the hearing during the taking of evidence on the issues of need for treatment and rehabilitation."

Section 10. Section 41-5-803, MCA, is amended to read:

"41-5-803. Support of youth committed to a custodial agency. (2) *Whenever the provisions of [sections 11 and 12] do not apply, the* court may, after giving the parent a reasonable opportunity to be heard, adjudge and order that such parent shall pay in such manner as the court may direct such sum as will cover, in whole or in part, the support of such youth. In determining the amount the parents must pay, the court shall use the standards set out in Title 53, chapter 1, part 4, and the department of institutions' rules governing payment for care of residents of institutions as those provisions and rules apply to the youth and parents before the court. If such parent shall willfully fail or refuse to pay such sum, he may be proceeded against as provided by law for cases of desertion or failure to provide subsistence or said cost may be collected in a civil action against the parent or parents."

Section 11. **Financial investigation by county welfare department.** (1) Whenever a disposition under 41-5-403, 41-5-523, or 41-5-524 involves placement in a foster home, child care agency, group home, or private treatment facility and the department of social and rehabilitation services is responsible for all or part of the cost of such placement, the probation officer or the court shall notify the department of social and rehabilitation services and order the county welfare department in the youth's county of residence to conduct an investigation of the financial status of the youth's parents or guardianship assets. Following an adjudicatory hearing in which a youth is determined to be a delinquent youth or a youth in need of supervision, the court may order the county welfare department to conduct a financial status investigation.

(2) Upon receipt of the order, the county welfare department shall make an investigation for the purpose of ascertaining the residence of the parents or guardian of the youth and the financial ability of the parents

or the adequacy of the guardianship assets to pay the cost of supporting the youth in the foster home, child care agency, group home, or private treatment facility. A written report of the investigation shall be filed with the court having jurisdiction, the department of social and rehabilitation services, and the department of institutions, and a copy shall be sent to the parents or guardian of the youth or to any other party to the proceeding.

Section 12. **Order for financial support.** (1) Upon receipt of a financial status report pursuant to [section 11], a court providing for disposition of a youth under 41-5-523 or 41-5-524 shall hold a hearing to determine the ability of the youth's parents to contribute to the support of the youth or the adequacy of the guardianship assets to provide a contribution. If feasible, this hearing may be held in conjunction with a dispositional hearing under 41-5-522. In cases involving informal adjustment under 41-5-403, the department may petition the district court having jurisdiction for a hearing to determine the financial ability of the parents to contribute to the support of the youth or the adequacy of the guardianship assets to provide a contribution.

(2) In addition to the report prepared under [section 11], any evidence concerning financial status may be introduced. In determining financial ability, the court shall consider the report and other evidence introduced at the hearing.

(3) If the court determines that the parents are able to contribute to the support of the youth or that the guardianship assets are adequate to provide a contribution, the court shall issue an order directing the parents or guardian to make specified payments to the department of social and rehabilitation services to the extent considered appropriate under the circumstances. Payments required of a guardian may not exceed the funds available from guardianship assets. Upon a showing of change in financial ability, the order may be modified.

However, where an employee transfers between agencies within the same jurisdiction, he shall not be entitled to a lump-sum payment. In such a transfer the receiving agency shall assume the liability for the accrued sick leave credits earned after July 1, 1971, and transferred with the employee.

(6) An employee who receives a lump-sum payment pursuant to this section and who is again employed by *any agency* shall not be credited with any sick leave for which *the employee* has previously been compensated.

When promulgated, the rules are effective as to all employees of the state or any county, city, or political subdivision thereof.

Section 11. **Codification.** It is intended that section 10 be codified as an integral part of Title 2, chapter 18, part 6, and the provisions of Title 2, chapter 18, part 6, apply to section 10.

CHAPTER NO. 569

AN ACT TO REQUIRE A CLAIMANT TO FIRST PERMIT AN ALLEGED LIBEL OR SLANDER PUBLISHED IN OR BROADCAST BY COMMUNICATIONS MEDIA TO BE CORRECTED BEFORE CLAIMING PUNITIVE DAMAGES; PROVIDING A MEANS FOR SUCH CORRECTION AND PROVIDING FOR THE USE OF SUCH CORRECTION AS A DEFENSE AGAINST PUNITIVE DAMAGES.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Media management to be given opportunity to publish correction prior to action for libel or slander.** In order to claim punitive damages because of any defamatory publication in or broadcast on any newspaper, magazine, periodical, radio or television station, or cable television system, the defamed person shall first give those alleged to be responsible or liable for the publication or broadcast a reasonable opportunity to correct the defamatory matter. Such opportunity shall be given by notice in writing specifying the article or broadcast and the statements therein which are claimed to be false and defamatory and a statement of what are claimed to be the true facts. The notice may also state the sources, if any, from which the true facts may be ascertained with definiteness and certainty.

Section 2. **What constitutes a reasonable time for correction.** The first issue of a newspaper, magazine, or periodical published after the expiration of 1 week from the receipt of the notice provided for in [section 1] is within a reasonable time for correction. In the case of radio and television stations and cable television systems, a broadcast made at the same time of day as the broadcast complained of and of at least equal duration which is made within 7 days following receipt of such notice is within a reasonable time for correction.

Section 3. **Content of correction.** To the extent that the true facts are, with reasonable diligence, ascertainable with definiteness and certainty, only a retraction constitutes a correction; otherwise the publication or broadcast of the defamed person's statement of the true facts or so much thereof as is not defamatory of another, scurrilous, or otherwise improper for publication or broadcast, published or broadcast as his statement, constitutes a correction within the meaning of [sections 1 through 4].

Section 4. **Extent to which a correction is a defense upon trial.** If it appears upon trial that the publication or broadcast complained of was made under honest mistake, then a correction timely published or broadcast without comment in a position and type as prominent as the alleged libel or in a broadcast made at the same time of day as the broadcast complained of and of at least equal duration constitutes a defense against the recovery of punitive damages.

If the name or address is not as listed in the precinct register, the elector must complete a transfer form or new registration form to correct the information. The election judges shall write "transfer form" or "registration form" beside the name of any elector submitting a form. No elector may sign the precinct register unless his name and address are the same as shown in the register or the proper corrections have been made.

(4) The elector may write the name of an individual for whom he wishes to vote in the blank space or affix a preprinted label in the blank space or over any other name and may vote for that individual by marking an "x" before the name. When the ballot is marked in this manner, it must be counted the same as though the name were printed upon the ballot and marked by the elector.

(5) After preparing his ballot, the elector must fold it so the face of the ballot will be concealed and the official stamp may be seen and hand it to the election judges.

(6) The judge receiving the ballots shall remove the stubs in sight of the elector and deposit each ballot in the ballot box and each stub in a box for detached stubs. The judge must place the ballots in the ballot box immediately without opening or examining them.

The elector may request assistance in marking his ballot as provided in [section 112].

(2) The judges shall have the elector sign an oath form stating he is entitled to vote and shall write in the precinct register by the elector's name "voted on the premises by oath" and sign their names.

The judge receiving the voted ballots shall distinctly announce he has "a ballot offered by..... (name), an elector physically unable to enter the room. Does anyone object to the reception of the ballot?" If no objection is heard, the judge shall remove the stub and place the ballot and stub in the proper boxes. HeinOnline -- 1979 vol. II 1492 1979

(3) The elector may be assisted by two judges who represent different parties. The judges must certify on the precinct register opposite the disabled elector's name that the ballot was marked with their assistance. The judges may not reveal information regarding the ballot.

(4) Instead of assistance as provided in subsection (3), the elector may request the assistance of any qualified elector of the county whom he designates to the judges to aid him in the marking of his ballot, and the elector chosen shall sign his name on the precinct register beside the name of the elector assisted.

(5) No elector other than the one who requires assistance may divulge to anyone within the polling place the name of any candidate for whom he intends to vote or may ask or receive the assistance of any individual within the polling place in the preparation of his ballot.

Section 113. **Poll watchers — announcement of elector's name.** The election judges shall permit one poll watcher from each political party to station himself close to the poll lists in a location that does not interfere with the election procedures. At the time when each elector signs his name, one of the election judges shall pronounce the name loud enough to be heard by the poll watchers. A poll watcher who does not understand the pronunciation has the right to request that the judge repeat the name. Poll watchers shall also be permitted to observe all of the vote counting procedures of the judges after the closing of the polls and all entries of the results of the elections.

Section 114. **Additional poll watchers.** A candidate, a group of candidates, or any group having an interest in the election may request the election administrator to allow additional poll watchers at any precinct. absentee ballot but on election day is present in the county and able to go to the polls or if he learns his absentee ballot has been rejected by the judges as provided in 13-13-235 and [section 130], the elector may vote in person at his polling place. (2) After all unopened ballot envelopes have been examined, the judges shall open the valid absentee ballot envelopes and, without unfolding the ballots or permitting them to be examined, shall ascertain whether the stubs are attached or enclosed and whether the numbers correspond to the numbers in the certificate of the election administrator. If so, they shall detach the stubs, deposit the stubs and ballots in the proper ballot boxes, and make entries in their election records to show the elector has voted. In a primary election, the unvoted ballots shall be deposited in the unvoted ballot box without being removed from their enclosure envelope.

(4) If the challenge is on the ground that the *individual* has been convicted of a felony and is serving a sentence in a penal institution, the judges shall administer the following oath: "*I, ... (name of elector),* do swear (or affirm) either that *I* have not been convicted of a felony or that,

Any individual observing the counting board procedures must be sequestered with the board until after the polls close. The counting board shall proceed by counting all ballots in the first box and then that box and pollbook shall be exchanged for the second box and duplicate pollbook. The board shall continue counting until the votes cast for all candidates and issues are counted. The election administrator may appoint an extra election judge to act as a marshal to be responsible for exchanging ballot boxes and pollbooks and enforcing sequestering of the board and observers.

(3) The election administrator may have the counting board for a precinct begin work as soon as the polls close instead of using the procedure outlined in subsection (2).

(4) In a county where voting devices are used, the election administrator may make provisions for the delivery of voted ballots to the counting center at any time prior to the closing of the polls. The ballots may be processed and counted as they are received, but the results of this early count may not be released to the public until after all the polls are closed.

(3) If they cannot reconcile the total number of ballots with the pollbook they must submit a written report stating how many ballots

HeinOnline -- 1979 vol. II 1503 1979

were missing or in excess and any reason of which they are aware for the discrepancy. All judges must sign the report.

(4) A ballot which is not endorsed by the official stamp is void and *may* not be counted *unless the judges agree the stamp is missing because of their error. Such ballot shall be marked "unstamped by error" on the back and must be initialed by all judges.*

(5) If two or more ballots are folded together to look like a single ballot, they shall be laid aside until the count is complete. The election judges shall compare the count with the pollbooks, and if a majority *believes* that the ballots folded together were voted by one elector, they must be rejected; otherwise they must be counted."

Section 153. Section 13-15-202, MCA, is amended to read:

(4) As the ballots are read, *two judges* must write on a tally sheet the name of every *individual* and the office *voted for* and keep tallies of the number of votes for each *individual.*

(5) The tally sheets shall be compared and their correctness ascertained, and the judges shall immediately write in the *pollbook*:

(a) the names of all *individuals* who received votes;

(b) the offices for which they received votes;

(c) total votes received by each *individual* as shown by the tally sheets.

(6) In making the *count* in precincts where voting machines are used, the votes cast by absentee ballot shall be added to the votes cast on the voting machines.

(4) Each election judge shall write his name across *all seals.*

(5) The return form provided for in 13-15-101 shall be returned with the items provided for in this section but may not be sealed in any of the packages.

(6) The envelopes or packages required by this section shall be delivered to *the election administrator by the chief election judge or another judge appointed by the chief judge in the manner ordered by the election administrator.*

(3) *The governing body of any political subdivision in the county that participated in the election may join with the governing body of the county, consolidated, or confederated local government in canvassing the votes cast at the election.*

(4) The election administrator is secretary of the board of county canvassers and shall keep minutes of the meeting of the board and file them in the official records of his office."

Thereafter, the physician may, in his discretion, disclose to the affected person as much of the transferred information as he believes is in the best interest of the affected person to know.

(d) when required by Rule 35, M.R.Civ.P., or otherwise ordered by a court.

Section 6. **No limitation on licensing board.** [This act] does not limit the authority, otherwise provided by law, of a licensing or disciplinary board of this state to require a peer review committee to report to it concerning any disciplinary actions or recommendations of the committee or to transfer to it records of the committee's proceedings or actions, including confidential information. However, personally identifiable portions of a person's confidential health care information may not be used in any legal action without the written consent of the person or his authorized representative, except upon court order.

Section 7. **No disciplinary or punitive action.** No disciplinary or punitive action may be taken against an employee or agent who brings evidence of violation of [this act] to the attention of a person or entity.

No taxing authority *may* budget an increased amount of ad valorem tax revenue exclusive of revenue from ad valorem taxation on properties appearing for the first time on the assessment roll unless it *gives notice of* its intention to do so at the same time *and in the same manner* that it *gives notice of* its *hearing on* its *preliminary* budget for the forthcoming fiscal year."

Section 7. Section 15-10-204, MCA, is amended to read:

"15-10-204. Resolution or ordinance for increase over certified millage. HeinOnline -- 1979 vol. III 1604 1979

(1) The taxing authority shall *publish notice of* its intent to exceed the department's certified millage in *the same manner that it gives notice of hearings on its preliminary budget for the forthcoming fiscal year.* The *notice must* state that the taxing authority will meet on a day, at a time and place fixed in the *notice*, which *must* be approximately 7 days after the day that the *notice* is published, for the purpose of hearing comments regarding the proposed increase and to explain the reasons for the proposed increase. The meeting may coincide with the meeting on the tentative budget as required by law.

(2) After the public hearing has been held in accordance with the above procedures, the taxing authority may adopt a resolution or ordinance levying a millage rate in excess of the certified millage. If the resolution or ordinance adopting *such* millage rate is not approved on the day of the public hearing, the day, time, and place at which the resolution or ordinance will be scheduled for consideration and approval by the taxing authority must be announced at the public hearing. If the resolution or ordinance is to be considered at a day and time that is more than 2 weeks from the public hearing, the taxing authority must again *publish notice* in the same manner as provided in subsection (1)."

(1) At any time after any parcel of land has been bid *upon* by the county as the purchaser thereof for taxes as provided in 15-17-207, the same not having been redeemed, the county treasurer shall assign all the right of the county therein acquired at such sale to any person who *pays* the amount for which the same was bid, with interest upon the original tax at the rate of ⅔ of 1% per month and the amount of all subsequent delinquent taxes, penalties, costs, and interest as provided by law upon the same from time to time when such tax became delinquent. *The county treasurer* shall execute to such person a certificate for such parcel, which may be substantially in the following form:

"I, ..., the treasurer of the county of ...., state of Montana, do hereby certify that at the sale of lands pursuant to the tax assessment for the year 19.. in the county of .... and which sale was held on the .... day of ...., 19.., for the purpose of liquidating assessment, the following described parcel of

Accordingly, the whole amount of the property assessed and described as above was struck off to the county of .... as purchaser thereof for the sum of ...., and the same still remaining unredeemed, and on this day .... having paid into the treasury of *such* county the amount for which the same was bid, together with all subsequent delinquent taxes, penalties, costs, and interest amounting in all to .... dollars;

Now, therefore, in consideration thereof and pursuant to the statute in such case made and provided, I do hereby assign and set over all the right, title, and interest of the county of ...., state of Montana, acquired in *such* lands under and by virtue of *the* sale to ...., his heirs and assigns forever, together with all the rights, powers, and privileges of the county of .... to take steps to receive a deed thereof or receive payment in case of a redemption; subject, however, to redemption as provided by law.

Witness my hand and official seal of office this .... day of ...., 19...

..... (County Treasurer)"

(2) *If* the certificate described *in subsection (1) becomes* lost *by accident* or destroyed by the assignee, the county treasurer shall issue a duplicate certificate to the assignee after the county treasurer is convinced that the certificate has been lost or destroyed and after the assignee has made an affidavit to that effect.

(3) The provisions of this section apply to any *sale* of land for which a treasurer's deed *was* not *issued* by March 5, 1917, and the holder of any certificate *described in subsection (1) has* the same rights, powers, and privileges with regard to securing a deed as any purchaser of *land* at tax sale may now have.

(4) As to any *land* received by the county in exchange, the same may be sold or leased the same as might have been done with the lands exchanged."

Section 11. Section 15-18-305, MCA, is amended to read:

Any defendant may appear in the action within the time provided by law for appearances in civil actions, may set up any defense to the action he may have, and may therein question the legality, validity, or the sufficiency of any act had in connection with the assessment or sale of the land. Any defendant to the action may make redemption of the lands from the tax sale by paying the total amount of delinquent taxes and penalties which plaintiff has paid, with interest thereon at 8% a year from date of payment, together with costs of the action. Upon such payment, a certificate of redemption *must* be issued by the county treasurer to the defendant so paying, and thereupon the action *must* be dismissed. Whenever a defendant desires to redeem from a tax sale and pay all subsequent taxes upon any lot, piece, or parcel of real estate which *such defendant* owns or holds

HeinOnline -- 1979 vol. III 1606 1979

a mortgage or other lien against or has any interest in, the county treasurer of the county in which such real estate is situated shall permit such redemption and payment. In case the real estate has been assessed against any other property and is a lien thereon, then the county treasurer shall compute and apportion the tax that should have properly been assessed against the real estate sought to be redeemed and upon which the taxes are sought to be paid, the same as if the property had been separately assessed. Any personal property tax which is a lien upon such real estate *must* be likewise computed and apportioned on the same percentage basis as the tax assessed against the real estate is apportioned."

The first payment is due within 30 days from the date of the notice of taxes due. The second payment is due no later than September 30 of the year in which the property is assessed. The department of revenue shall issue tax-paid stickers to the county treasurers. The treasurers shall issue the stickers to the owners of mobile homes and housetrailers if the taxes are paid in full. Whenever a contract has been made with the United States, the lands within the district, whether originally included or later annexed to the district, shall pay in accordance with the federal reclamation laws and the public notices, orders, and regulations issued thereunder and in compliance with any contracts made by the United States with the owners of the lands and in compliance with the contract between the districts and the United States. Whenever lands have appurtenant thereto a partial water right or partial rights in a system of irrigation other than that of the district, the amounts payable shall be equitably apportioned."

The board of commissioners may make a charge of $5 *to $25* against each separately owned tract of land, regardless of its size. *However, a separately owned tract of land of 1 acre or less and unable to receive water may be charged not more than the $5 minimum.*

(2) In the event that the ownership of any such 40-acre tract or other subdivision of land in the district shall be divided after a special tax or assessment against the same has been levied, each or either of the owners of such tract or subdivisions shall be entitled to have such special tax or assessment equitably apportioned to and against said divisions of such tract or subdivisions, so that each owner shall be enabled to pay such special tax or assessment against his portion of such tract or subdivision and have the same discharged from the lien thereof. In no event shall the charge against any separately owned tract of land be less than $5. *However, a separately owned tract of land of 1 acre or less and unable to receive water may be charged not more than the $5 minimum.*"

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-303, MCA, is amended to read:

"82-4-303. Definitions. As used in this part, unless the context indicates otherwise, the following definitions apply:

(1) "Abandonment of surface or underground mining" may be presumed when it is shown that continued operation will not resume.

(2) "Board" means the board of land commissioners or such state employee or state agency as may succeed to its powers and duties under this part.

(3) "Department" means the department of state lands.

(4) "Disturbed land" means that area of land or surface water disturbed, beginning at the date of the issuance of the permit, and it comprises that area from which the overburden or minerals have been removed and tailings ponds, waste dumps, roads, conveyor systems, leach dumps, and all similar excavations or covering resulting from the operation and which have not been previously reclaimed under the reclamation plan.

(5) "Exploration" means all activities conducted on or beneath the surface of lands resulting in material disturbance of the surface for the purpose of determining the presence, location, extent, depth, grade, and economic viability of mineralization in those lands, if any, other than mining for production and economic exploitation, as well as all roads made for the purpose of facilitating exploration, except as noted in 82-4-305 and 82-4-310.

(6) "Mineral" means any ore, rock, or substance, other than oil, gas, bentonite, clay, coal, sand, gravel, phosphate rock, or uranium, taken from below the surface or from the surface of the earth for the purpose of milling, concentration, refinement, smelting, manufacturing, or other subsequent use or processing or for stockpiling for future use, refinement, or smelting.

(7) "Mining" commences at such time as the operator first mines ores or minerals in commercial quantities for sale, beneficiation, refining, or other processing or disposition or first takes bulk samples for metallurgical testing in excess of aggregate of 10,000 short tons.

(8) "Person" means any person, corporation, firm, association, partnership, or other legal entity engaged in exploration for or development or mining of minerals on or below the surface of the earth.

(9) "Reclamation plan" means the operator's written proposal, as required and approved by the board, for reclamation of the land that will be disturbed, which proposal shall include, to the extent practical at the time of application for *an* operating permit:

(a) a statement of the proposed subsequent use of the land after reclamation;

(b) plans for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed and the proposed method of accomplishment;

(c) the manner and type of revegetation or other surface treatment of disturbed areas;

(d) procedures proposed to avoid foreseeable situations of public nuisance, endangerment of public safety, damage to human life or property, or unnecessary damage to flora and fauna in or adjacent to the area;

(e) the method of disposal of mining debris;

(f) the method of diverting surface waters around the disturbed areas where necessary to prevent pollution of those waters or unnecessary erosion;

(g) the method of reclamation of stream channels and stream banks to control erosion, siltation, and pollution;

(h) such maps and other supporting documents as may be reasonably required by the department; and

(i) a time schedule for reclamation that meets the requirements of 82-4-336.

(10) (a) "Small miner" means a person, firm, or corporation *that engages* in the business of mining, *that does not remove from the earth during any calendar year material in excess of 36,500 tons in the aggregate, that holds no operating permit under 82-4-335, and that conducts:*

(i) operations resulting in not more than 5 acres of the earth's surface being disturbed and unreclaimed; or

(ii) two operations which disturb and leave unreclaimed less than 5 acres per operation if the respective mining properties are:

(A) the only operations engaged in by the person, firm, or corporation;

(B) at least 1 mile apart at their closest point; and

(C) not operated simultaneously except during seasonal transitional periods not to exceed 30 days.

(b) For the purpose of this definition only, the department shall, in computing the area covered by the operation, exclude access or haulage roads that are required by a local, state, or federal agency having jurisdiction over that road to be constructed to certain specifications if that public agency notifies the department in writing that it desires to have the road remain in use and will maintain it after mining or exploration ceases.

(11) "Surface mining" means all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits thereby exposed, including but not limited to open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and all similar methods by which earth or minerals exposed at the surface are removed in the course of mining. Surface mining does not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, phosphate rock, or uranium or excavation or grading conducted for on-site farming, on-site road construction, or other on-site building construction.

(12) "Underground mining" means all methods of mining other than surface mining.

(13) "Unit of surface-mined area" means that area of land and surface water included within an operating permit actually disturbed by surface mining during each 12-month period of time, beginning at the date of the issuance of the permit, and it comprises and includes the area from which overburden or minerals have been removed, the area covered by mining debris, and all additional areas used in surface mining or underground

HeinOnline -- 1979 vol. III 1626 1979

mining operations which by virtue of such use are thereafter susceptible to erosion in excess of the surrounding undisturbed portions of land.

(14) "Vegetative cover" means the type of vegetation, grass, shrubs, trees, or any other form of natural cover considered suitable at time of reclamation."

Section 2. Section 82-4-305, MCA, is amended to read:

"82-4-305. Exemption — small miners — written agreement. (1) No provisions of this part shall apply to any small miner when the small miner annually agrees in writing:

(a) that he shall not pollute or contaminate any stream;

(b) that he shall provide protection for human and animal life through the installation of bulkheads installed over safety collars and the installation of doors on tunnel portals; and

(c) he shall *provide* a map locating his mining operations. Such map shall be to a size and scale as determined by the department.

(2) Failure to comply with the regulations stipulated in this section will constitute a misdemeanor, and this offense will subject the owners or operators of said project to a fine of not less than $10 or more than $100, payable to the department of revenue of the state of Montana or any board, commission, or person authorized to collect said fine."

Section 3. Section 82-4-331, MCA, is amended to read:

"82-4-331. Exploration license required — employees included. (1) No person shall engage in exploration in the state without first obtaining an exploration license from the board to do so, such license to be issued for a period of 1 year from date of issue and to be renewable from year to year on application therefor filed at any time within the 30 days next preceding the expiration of the current license and payment of like fee as required for a new license, provided that the applicant for renewal is not then held by the board to be in violation of any provision of this law. Such license shall be subject to suspension and revocation as provided by this part.

(2) Employees of persons holding a valid license under this part shall be deemed included in and covered by such license."

Section 4. Section 82-4-332, MCA, is amended to read:

"82-4-332. Exploration license. (1) An exploration license shall be issued to any applicant therefor who shall:

(a) pay a fee of $5 to the board;

(b) agree to reclaim any surface area damaged by the applicant during exploration operations, all as may be reasonably required by the board;

(c) not be in default of any other reclamation obligation under this law.

(2) An application for an exploration license shall be made in writing, notarized, and submitted to the department in duplicate upon forms prepared and furnished by it. The application shall include an exploration

HeinOnline -- 1979 vol. III 1627 1979

map or sketch in sufficient detail to locate the area to be explored and to determine whether significant environmental problems would be encountered. The department shall by rules determine the precise nature of such exploration map or sketch. The applicant must state what types of prospecting and excavation techniques will be employed in disturbing the land.

(3) Upon filing of any certificate of claim location as permitted by federal and state mining laws and regulations, the locator shall provide copies of said certificates to the board.

(4) Prior to the issuance of an exploration license, the applicant shall file with the department a reclamation and revegetation bond in a form and amount as determined by the department in accordance with 82-4-338.

(5) In the event that the holder of an exploration permit desires to mine the area covered by the exploration license and has fulfilled all of the requirements for *an* operating permit, the department *shall* allow the postponement of the reclamation of the acreage explored if that acreage is incorporated into the complete reclamation plan submitted with the application for *an* operating permit. Any land actually affected by exploration or excavation under an exploration license and not covered by the operating reclamation plan shall be reclaimed within 2 years after the completion of exploration or abandonment of the site in a manner acceptable to the department."

Section 5. Section 82-4-334, MCA, is amended to read:

"82-4-334. Exception — geological phenomena. Upon proper application by the holder of an exploration license, the board may excuse such holder from reclamation obligations with reference to any specified openings or excavations exposing geological indications or phenomena of especial interest, even though the licensee does not apply or have any intention to apply for *an* operating permit for the land in which such openings or excavations have been made."

Section 6. Section 82-4-335, MCA, is amended to read:

"82-4-335. Operating permit. *No* person shall engage in mining *or disturb land in anticipation of mining* in the state without first obtaining an operating permit from the board to do so. A separate operating permit shall be required for each mine complex. Prior to receiving an operating permit from the board, any person must pay the basic permit fee of $25 and must submit an application on a form provided by the board, which shall contain the following information and any other pertinent data required by the rules:

(1) name and address of the operator and, if a corporation or other business entity, the name and address of its principal officers, partners, and the like and its resident agent for service of process, if required by law;

(2) minerals expected to be mined;

(3) a proposed reclamation plan;

HeinOnline -- 1979 vol. III 1628 1979

(4) expected starting date of mining;

(5) a map showing the specific area to be mined and the boundaries of the land which will be disturbed, topographic detail, the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area, location of proposed access roads to be built and the names and addresses of the surface and mineral owners of all lands within the mining area, to the extent known to applicant;

(6) types of access roads to be built and manner of reclamation of road sites on abandonment; *and*

(7) a plan of mining which will provide, within limits of normal operating procedures of the industry, for completion of mining and associated land disturbances."

Section 7. Section 82-4-337, MCA, is amended to read:

"82-4-337. Inspection — issuance of operating permit — modification. (1) (a) *The board shall cause all applications for operating permits to be reviewed for completeness within 30 days of receipt. The board shall notify the applicant concerning completeness as soon as possible. An application is considered complete unless the applicant is notified of any deficiencies within 30 days of receipt.*

(b) Unless the review period is extended as provided in this section, the board shall review the adequacy of the proposed reclamation plan and plan of mining within 30 days of the determination that the application is complete or within 60 days of receipt of the application if the board does not notify the applicant of any deficiencies in the application. If the applicant is not notified of deficiencies or inadequacies in the proposed reclamation plan and plan of mining within such time period, the operating permit shall be issued upon receipt of the bond as required in 82-4-338. The department shall promptly notify the applicant of the form and amount of bond which will be required. No permit may be issued until sufficient bond has been submitted pursuant to 82-4-338.

(c) (i) Prior to issuance of a permit, the department shall inspect the site *unless the department has failed to act on the application within the time prescribed in subsection (1)(b).* If the site is not accessible due to extended adverse weather conditions, the department may extend the time period *prescribed in subsection (1)(b)* by not more than 180 days to allow inspection of the site and reasonable review. The department must serve written notice of extension upon the applicant in person or by certified mail, and any such extension is subject to appeal to the board in accordance with the Montana Administrative Procedure Act.

(ii) If the department determines that additional time is needed to review the application and reclamation plan for a major operation, the department and the applicant shall negotiate to extend the period *prescribed in subsection (1)(b)* by not more than 365 days in order to permit reasonable review.

(iii) Failure of the board to act upon a complete application within the *extension* period constitutes approval of the application, and the permit shall be issued promptly *upon receipt of the bond as required in 82-4-338.*

HeinOnline -- 1979 vol. III 1629 1979

(2) The operating permit shall be granted for the period required to mine the land covered by the plan and shall be valid until the surface or underground mining authorized by the permit is completed or abandoned unless the permit is suspended or revoked by the board as provided in this part.

(3) The operating permit shall provide that the reclamation plan may be modified by the board, upon proper application of the permittee or department, after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

(a) to modify the requirements so they will not conflict with existing laws;

(b) when the previously adopted reclamation plan is impossible or impracticable to implement and maintain;

(c) when significant environmental problem situations are revealed by field inspection."

Section 8. **Repealer.** Section 82-4-333, MCA, is repealed.

Approved April 16, 1979.

CHAPTER NO. 589

AN ACT TO DESIGNATE THE DEPARTMENT OF REVENUE AS THE PARTY DEFENDANT IN ALL ACTIONS RELATING TO THE DEPARTMENT'S ASSESSMENT OF PROPERTY AND TO PROVIDE THAT LOCAL TAXING UNITS ARE NOT RESPONSIBLE FOR ANY COSTS ASSESSED AGAINST THE DEPARTMENT.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Department to defend property tax appeals — costs and judgments.** (1) The department of revenue or its agent is the party defendant in any proceeding before a county tax appeal board, the state tax appeal board, or a court of law that seeks to dispute or adjust an action of the department under 15-8-101 arising from the exercise of the department's duties as prescribed by law or administrative rule. For the purposes of proceedings before county tax appeal boards, service on the department may be obtained by serving the local county assessor.

(2) Costs, if any, shall be assessed against the department and not against a local taxing unit.

(3) In any suit brought in the courts of this state for the refund of taxes paid under protest and those funds are held by the treasurer of a unit of local government in a protest fund, the court shall enter judgment, exclusive of costs, against the treasurer if the court finds the taxes should be refunded.

CHAPTER NO. 590

AN ACT TO INCREASE THE REIMBURSEMENT RATE FOR SCHOOL BUS AND INDIVIDUAL AND ISOLATED TRANSPORTATION COSTS; AMENDING SECTIONS 20-10-141 AND 20-10-142, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-10-141, MCA, is amended to read:

"20-10-141. Schedule of maximum reimbursement by bus mileage rates. (1) The following bus mileage rates for school bus transportation constitute the maximum reimbursement to districts for school bus transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates shall not limit the amount which a district may budget in its transportation fund budget in order to provide for the estimated and necessary cost of school bus transportation during the ensuing school fiscal year. Any vehicle, the operation of which is reimbursed under the rate provisions of this schedule, shall be a school bus, as defined by this title, driven by a qualified driver on a bus route approved by the county transportation committee and the superintendent of public instruction.

(2) The rate per bus mile traveled shall be determined in accordance with the following schedule when the *bus is used for transportation of eligible transportees:*

(a) *50* cents in fiscal *1980* and *55* cents in fiscal *1981* and each year thereafter per bus mile for a school bus with a rated capacity of not less than 12 but not more than 50 children; and

(b) when the rated capacity is more than 50 children, an additional 2 cents per bus mile for each additional child in the rated capacity in excess of 50 shall be added to a base rate of *50* cents in fiscal *1980* and *55* cents in fiscal *1981* and each year thereafter per bus mile.

(3) The rated capacity shall be the number of riding positions of a school bus as determined under the policy adopted by the board of public education."

Section 2. Section 20-10-142, MCA, is amended to read:

"20-10-142. Schedule of maximum reimbursement for individual transportation. The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates also shall constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section shall not be altered by any authority other than the legislature of the state of Montana. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of

HeinOnline -- 1979 vol. III 1631 1979

school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product so obtained, and multiplying the difference by *18* cents provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if such schools are operated by different school districts, the total amount of the reimbursement shall be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian shall be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop which school and bus stop are located within 3 miles of one another, the total reimbursement shall be determined under the provisions of this subsection and shall be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section shall be limited to one round trip per day for each scheduled arrival or departure time;

(e) notwithstanding subsections (1)(a), (1)(b), (1)(c), or (1)(d), no reimbursement may be less than 25 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 3 miles from the product so obtained, and multiplying the difference by *18* cents provided that:

(a) if the eligible transportees transported attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian shall be separately reimbursed for transportation to each bus.

(3) Where, due to excessive distances, impassable roads, or other special circumstances of isolation the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, his parent

HeinOnline -- 1979 vol. III 1632 1979

or guardian may request an increase in the reimbursement rate. Such a request for increased rates due to isolation shall be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increase rate due to isolation can be paid to the requesting parent or guardian, such rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruction, the trustees shall pay such increased rate due to isolation. The increased rate shall be 1 ½ times the rate prescribed in subsection (1) above.

(4) When the isolated conditions of the household where an eligible transportee resides require such eligible transportee to live away from the household in order to attend school, he shall be eligible for the room and board reimbursement. Approval to receive the room and board reimbursement shall be obtained in the same manner prescribed in subsection (3) above. The per diem rate for room and board shall be *$4* for one eligible transportee and *$2* for each additional eligible transportee of the same household.

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate shall be the cost of such study, provided that the course of instruction is approved by the trustees and supervised by the district."

Approved April 16, 1979.

CHAPTER NO. 591

AN ACT TO AMEND SECTION 15-70-330, MCA, TO CHANGE THE PENALTY FOR FAILURE OF A SPECIAL FUEL DEALER OR A SPECIAL FUEL USER TO FILE A MONTHLY TAX RETURN FROM 25% OF THE AMOUNT OF TAX DUE TO 10% OF THE AMOUNT OF TAX DUE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-70-330, MCA, is amended to read:

"15-70-330. Penalties for refusal or failure to file return or pay tax when due. (1) In case of any special fuel dealer or special fuel user who refuses or fails to file a return required by this part within the time prescribed by 15-70-103 and 15-70-325, there is hereby imposed a penalty of $25 or a sum equal to *10%* of the tax due, whichever is greater, together with interest at the rate of 1% on the tax due for each calendar month or fraction thereof during which such refusal or failure continues; provided, however, that if any such special fuel dealer or special fuel user shall establish to the satisfaction of the department that his failure to file

a return within the time prescribed was due to reasonable cause, the department shall waive the penalty provided by this section.

(2) Where a special fuel dealer or a special fuel user files a return but fails to pay in whole or in part the tax due hereunder, there shall be added to the amount due and unpaid interest at the rate of 1% per month or fraction thereof from the date such tax was due to the date of payment in full thereof."

Approved April 16, 1979.

CHAPTER NO. 592

AN ACT REQUIRING MOTOR VEHICLE LIABILITY PROTECTION ON MOTOR VEHICLES AS A CONDITION OF OPERATION OF THOSE VEHICLES UPON THE HIGHWAYS OR OTHER PREMISES OPEN TO USE BY THE PUBLIC; AMENDING SECTIONS 61-6-123 AND 61-6-142, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Required motor vehicle insurance.** (1) Every owner of a motor vehicle which is registered and operated in Montana by the owner or with his permission shall continuously provide insurance against loss resulting from liability imposed by law for bodily injury or death or damage to property suffered by any person caused by maintenance or use of a motor vehicle, as defined in 61-1-102, in an amount not less than that required by 61-6-103, or a certificate of self-insurance issued in accordance with 61-6-143.

(2) A motor vehicle owner who prefers to post an indemnity bond with the division of motor vehicles in lieu of obtaining a policy of liability insurance may do so. The bond shall guarantee that any loss resulting from liability imposed by law for bodily injury, death, or damage to property suffered by any person caused by accident and arising out of the operation, maintenance, and use of the motor vehicle sought to be registered shall be paid within 30 days after final judgment is entered establishing such liability. The indemnity bond shall guarantee payment in the amount provided for insurance under subsection (1).

(3) Any bond given in connection with this section is a continuing instrument and shall cover the period for which the motor vehicle is to be registered and operated. Such bond shall be on a form approved by the commissioner of insurance with a surety company authorized to do business in the state.

Section 2. **Proof of compliance.** (1) Before any applicant required to register his motor vehicle may do so the applicant must certify and display to the county treasurer an automobile liability insurance policy, a certificate of self-insurance, a posted indemnity bond, or eligibility for an exemption under [section 3] covering the motor vehicle, the certification

HeinOnline -- 1979 vol. III 1634 1979

shall be on a form prescribed by the division of motor vehicles. The division may immediately cancel the registration and license plates of the vehicle upon notification that the insurance certification was not correctly represented.

(2) An owner of a motor vehicle who ceases to maintain the insurance or bond required or whose certificate of self-insurance is canceled or whose vehicle ceases to be exempt shall immediately surrender the registration and license plates for the vehicle to the county treasurer for delivery to the division and may not operate or permit operation of the vehicle in Montana until insurance has again been furnished as required and the vehicle is again registered and licensed.

Section 3. **Exempt vehicles.** The following vehicles and their drivers are exempt from the provisions of [section 1]:

(1) a vehicle owned by the United States government or any state or political subdivision;

(2) a vehicle for which cash, securities, or a bond has been deposited or filed with the division upon such terms and conditions providing the same benefits available under a required motor vehicle liability insurance policy;

(3) a vehicle owned by a self-insurer certified as provided in 61-6-143;

(4) an implement of husbandry or special mobile equipment that is only incidentally operated on a highway or property open to use by the public;

(5) a vehicle operated upon a highway only for the purpose of crossing such highway from one property to another;

(6) a commercial vehicle registered or proportionally registered in this and any other jurisdiction provided that vehicle is covered by a motor vehicle liability insurance policy complying with the laws of another jurisdiction in which it is registered;

(7) a motorcycle;

(8) a vehicle moved solely by human or animal power.

Section 4. **Penalties.** It is unlawful for any person to operate a motor vehicle upon highways, streets, or roadways of this state without a valid policy of liability insurance in effect in an amount not less than that provided in [section 1] or unless such person has been issued a certificate of self-insurance pursuant to [section 2] or has previously posted an indemnity bond with the commissioner of insurance as provided by [section 1] or is operating a vehicle exempt under [section 3]. A violation of [sections 1 through 4] is a misdemeanor punishable as provided in 61-3-601.

Section 5. Section 61-6-123, MCA, is amended to read:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-121, MCA, is amended to read:

"61-10-121. Permits for excess size and weight. (1) The department of highways and local authorities in their respective jurisdictions may in their discretion, upon application in writing and with good cause shown, issue a special permit in writing authorizing the applicant to operate or move a vehicle, combination of vehicles, load, object, or other thing of a size or weight exceeding the maximum specified in 61-10-101 through 61-10-110 upon a highway under the jurisdiction of and for the maintenance of which the body granting the permit is responsible. A permit may not be issued for a period of time greater than the license period provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit. The department may issue oversize permits to dealers in implements of husbandry and self-propelled machinery which may be transferred from unit to unit by the dealer for the fees set forth in 61-10-124. *These oversize permits may not restrict dealers in implements of husbandry and self-propelled machinery from traveling on a Saturday or Sunday.* These oversize permits expire on December 31 of each year

Section 2. Section 61-10-122, MCA, is amended to read:

"61-10-122. Discretion of issuer — conditions. The department or local authority may issue or withhold a special permit at its discretion or, if the permit is issued, limit the number of trips or establish seasonal or other time limitations within which the vehicle, combination of vehicles, load, object, or other thing described may be operated on the public highways indicated, or otherwise limit or prescribe conditions of operation of the vehicle, combination of vehicles, load, object, or other thing when necessary to assure against damage to the road foundation, surfaces, or structures or safety of traffic, and may require an undertaking or other security considered necessary to compensate for injury to a roadway or road structure. During harvest no permit may be denied to oversize harvest or harvest-related agricultural machinery solely on the grounds that the travel takes place on a Saturday or Sunday. *No permit may be denied to dealers in implements of husbandry and self-propelled machinery solely on the grounds that the travel may take place on a Saturday or Sunday.*"

Section 3. Section 61-10-124, MCA, is amended to read:

"61-10-124. Special permits — fee. (1) *Except as provided in subsection (2)(b), in* addition to the regular license and gross vehicle weight fees, a fee of $6 for each permit issued in excess of the size and weight specified in 61-10-101 through 61-10-110 shall be paid for all movements under special permits on the public highways under the jurisdiction of the department.

(2) *(a) Except as provided in subsection (2)(b), term* or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet, an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 85 feet, and an overheight vehicle, combination of vehicles, load, or other thing in excess of 13 ½ feet or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits.

The fee for this permit is $75. This permit covers a period of 1 year and expires on December 31 of each year with no grace period.

HeinOnline -- 1979 vol. III 1639 1979

(3) *Except as provided in subsection (2)(b), a* fee of $6 shall be paid for each overweight permit issued, but a permit may not be issued for a period of time greater than the license period provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. Subject to that provision, 9/10 of 1% of all money shall be deposited in the state park account and ½ of 1% of all money shall be deposited in a snowmobile

All of the remainder of the money shall be used and expended by the department of highways on the federal-aid highways in this state selected and designated under the Federal-Aid Act, approved July 11, 1916, and the Federal Highway Act, approved November 9, 1921, and all amendments thereto, and on highways leading from each county seat in the state to the federal highway system of federal-aid roads where the county seat is not on the system and on the other roads which have been or may be authorized by the laws of Montana and for collection of the license taxes and the enforcement of the Montana highway code under Article VIII, section 6, of the constitution of this state.

(5) Money credited to the snowmobile account may be used only to develop and maintain facilities open to the general public at no admission cost, and to promote snowmobile safety. For the 2 years following July 1, 1977, 15% of the amount deposited in the snowmobile fund each year shall be used to promote snowmobile safety. Thereafter, 10% of the amount deposited in the snowmobile fund shall be used to promote snowmobile safety. CHAPTER NO. 612

AN ACT TO ESTABLISH ADMINISTRATIVE PROCEDURES FOR ENFORCING SUPPORT FOR DEPENDENT CHILDREN.

WHEREAS, it is the responsibility of the state through the department of revenue to limit the expenditure of public assistance funds, whenever possible, in order that such funds not be spent if there are private funds available, or which can be made available by judicial process or otherwise, to partially or completely meet the financial needs of the children of this state. The failure of parents to provide adequate financial support and care for their children is a major cause of financial dependency and a contributing cause of social delinquency.

WHEREAS, the purpose of this act is to provide the state, through the department of revenue, a more effective and efficient way to effect the support of dependent children by the person or persons who, under the law, are primarily responsible for such support and to lighten the heavy burden of the taxpayer, who in many instances is paying toward the support of dependent children while those persons primarily responsible are avoiding their obligations.

WHEREAS, common law and statutory procedures governing the remedies for enforcement of support for financially dependent minor children by responsible parents have not proven wholly effective or efficient in coping with the increasing incidence of financial dependency. The increasing workload of courts and prosecuting attorneys has made such remedies

HeinOnline -- 1979 vol. III 1674 1979

uncertain, slow, and inadequate, thereby resulting in a growing burden on the financial resources of the state, which is constrained to provide public assistance grants for basic maintenance requirements when parents fail to meet their primary obligations.

THEREFORE, it is the intent of this act that the common law and statutory remedies pertaining to family desertion and nonsupport of minor dependent children be augmented by additional remedies as set forth in sections 12 through 30 and directed to the real and personal property resources of the responsible parents. In order to render resources more immediately available to meet the needs of minor children, it is the legislative intent that the remedies herein provided are in addition to and not in lieu of existing law. It is declared to be the public policy of the state that this act be construed and administered to the end that children shall be maintained from the resources of responsible parents, thereby relieving, at least in part, the burden presently borne by the general citizenry through public assistance programs.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [this act] the following definitions apply:

(1) "Child" or "dependent child" means any person under 18 years of age who is not otherwise emancipated, self-supporting, married, or a member of the armed forces of the United States.

(2) "Department" means the department of revenue.

(3) "Director" means the director of the department of revenue or his authorized representative.

(4) "Disposable earnings" means that part of the earnings of any individual remaining after the deduction from those earnings of any amount required by law to be withheld.

(5) "District court order" means any judgment or order of the district court of the state of Montana or an order of a court of appropriate jurisdiction of another state ordering payment of a set or determinable amount of support money.

(6) "Earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonus, or otherwise, and specifically includes periodic payments under pension or retirement programs or insurance policies of any type. "Earnings" specifically includes all gain derived from capital, labor, or both combined, including profit gained through sale or conversion of capital assets.

(7) "Need" means the necessary costs of food, clothing, shelter, and medical care for the support of a dependent child or children.

HeinOnline -- 1979 vol. III 1675 1979

(9) "Responsible parent" means the natural or adoptive parent of a dependent child.

(10) "Support debt" means the sum created by the failure to provide support to a dependent child under the laws of this state or the decree of any court of appropriate jurisdiction ordering a sum to be paid as child support.

Section 2. **Department of revenue — powers and duties regarding collection of support debt.** (1) Whenever the department of social and rehabilitation services receives an application for public assistance on behalf of a child and it appears to the satisfaction of that department that the child has been abandoned by his parents; the child and one parent have been abandoned by the other parent; or the parent or other person who has a responsibility for the care, support, or maintenance of such child has failed or neglected to give proper care or support to the child, the department of social and rehabilitation services shall promptly refer the matter to the department of revenue for action under the provisions of [this act], the abandonment or nonsupport statutes, or other appropriate statutes of this state to insure that the parent or other person responsible pays for the care, support, or maintenance of the dependent child.

(2) In the event that public assistance is furnished by a state or county agency or in instances where the department has contracted to collect support, the department shall become trustee of any cause of action of the dependent child or the person having legal custody of the dependent child to recover support due to that obligee from any person and may bring and maintain the action either in the department's own name or in the name of the obligee.

(3) The department has the power of attorney to act in the name of any recipient of public assistance in endorsing and cashing any and all drafts, checks, money orders, or other negotiable instruments received by the department and representing support payments for children in whose behalf public assistance has been previously paid.

(4) For purposes of prosecuting any civil action pursuant to [this act], the department is a real party in interest upon the payment of public assistance. No obligee shall act to prejudice the rights of the department after the receipt of public assistance.

(5) No agreement between any obligee and any obligor either relieving an obligor of any duty of support or purporting to settle past, present, or future support obligations either as settlement or prepayment may act to reduce or terminate any rights of the department to recover from that obligor for support debt provided unless the department has consented to the agreement in writing.

(6) The department may petition a court for modification of any court order on the same basis as a party to that action would have been entitled to do.

(7) The department shall be subrogated to the right of the child or children or person having the care, custody, and control of the child or

HeinOnline -- 1979 vol. III 1676 1979

children to maintain any civil action or execute any administrative remedy existing under the laws of the state to obtain reimbursement of money thus spent.

(8) If a district court an amount of support to be paid by a responsible parent, the department shall be subrogated to the debt created by the order and the money judgment shall be determined to be in favor of the department. This subrogation shall apply to temporary spouse support orders and family maintenance orders up to the amount paid by the department in public assistance money to or for the benefit of a dependent child or children but allocated to the benefit of the children on the basis of providing necessities for the caretaker of the children.

(9) The department may adopt and enforce such rules as may be necessary to carry out the provisions of [this act].

(10) The department, for the purposes mentioned in [this act], through its director or his authorized representatives, may administer oaths to certify official acts, issue subpoenas, and compel witnesses and the production of books, accounts, documents, and evidence.

Section 3. **Support enforcement services.** (1) The department may accept applications for support enforcement services on behalf of persons who are not recipients of public assistance and may take appropriate action to establish or enforce support obligations against persons owing a duty to pay support.

(2) The department may establish by rule reasonable standards necessary to limit applications for support enforcement services. These standards shall take into account the earnings, income, and other resources already available to support the person for whom a support obligation exists.

(3) The department may charge a fee as compensation for services rendered in establishment of or enforcement of support obligations. This fee shall be agreed on in writing with the parent, custodian, or guardian of the person for whom a support obligation is owed or that person if no parent, custodian, or guardian exists. An initiation fee as a portion of the collection fee may be charged the applicant by the department. The department shall by rule establish reasonable fees for support enforcement services, and the schedule of fees shall be made available to all applicants for support enforcement services. The department may, upon a showing of necessity, waive or defer any such fee.

Section 4. **Cooperation by person having custody of child.** Any person having the care, custody, or control of any dependent child or children shall cooperate with the department in establishing the paternity of such child and obtaining support payments.

Section 5. **Payment of support money collected to support enforcement and collections unit — notice.** If written notice by the department is given to the responsible person or to the clerk of the court, if appropriate, that the children for whom a support obligation exists are receiving public assistance, then any support money paid by the person or persons responsible for support as a result of any action shall be paid

HeinOnline -- 1979 vol. III 1677 1979

through the support enforcement and collections unit of the department of revenue.

Section 6. **Petition for support order by married parent with minor children receiving public assistance.** (1) Any married parent with minor children, natural or legally adopted, who is receiving public assistance in the absence of a support order may apply to the district court of the county in which the parent resides or in which the spouse may be found for an order upon such spouse, if such spouse is the natural or adoptive mother or father of such children, to provide for the parent's support and the support of the parent's minor children by filing in the county a petition setting forth the facts and circumstances upon which the parent relies for the order.

(2) If it appears to the satisfaction of the court that the parent is without funds to employ counsel, the department may file a petition on behalf of the parent. If satisfied that a just cause exists, the court shall direct that a citation be issued to the spouse requiring that spouse to appear at a time set by the court to show cause why an order of support should not be entered in the matter.

Section 7. **Petition for support order by married parent with minor children receiving public assistance — powers of court.** (1) After hearing the petition for an order of support, the court shall make an order granting or denying it and fixing the terms and amount of the support.

(2) The court has the same power to compel the attendance of witnesses and the production of testimony as in actions and suits, make such decree or orders as are equitable in view of the circumstances of both parties, and punish violations as other contempts are punished.

Section 8. **Financial statements by parent whose absence is basis of application for public assistance — penalty.** (1) Any parent in the state whose absence is the basis upon which an application is filed for public assistance on behalf of a child shall complete a statement, under oath, of his current monthly income, his total income over the past 36 months, the number of dependents for whom he is providing support, the amount he is contributing regularly toward the support of all children for whom application for such assistance is made, his current monthly living expenses, and all other information pertinent to determining his ability to support his children. The statement shall be provided upon a demand made by the department. If assistance based upon the application is granted on behalf of the child, additional statements shall be filed as required by the department until the child is no longer receiving public assistance.

(2) Failure to comply with this section is a misdemeanor.

Section 9. **Scale of suggested minimum contributions.** (1) The department shall establish a scale of suggested minimum contributions to assist counties and courts in determining the amount that a parent should be expected to contribute toward the support of his child under [this act]. The scale shall:

HeinOnline -- 1979 vol. III 1678 1979

(a) include consideration of gross income;

(b) authorize an expense deduction for determining net income;

(c) designate other available resources to be considered;

(d) specify the circumstances which should be considered in reducing support contributions on the basis of hardship.

(2) The department shall accept and compile pertinent and reliable information from any available source in order to establish a minimum scale of suggested contributions. Copies of the scale shall be made available to courts, county offices, county attorneys, and upon request, to any other state or county officer or agency engaged in the administration or enforcement of [this act]. Attorneys admitted to practice in Montana may have access to the minimum scale of suggested contribution.

(3) No county, court, officer, or agency may be required to use this scale.

Section 10. **Central unit for information and administration — cooperation enjoined — availability of records.** (1) The department shall establish a central unit to serve as a registry for the receipt of information, for answering interstate inquiries concerning deserting parents, to coordinate and supervise departmental activities in relation to deserting parents, and to assure effective cooperation with law enforcement agencies.

(2) To effectuate the purposes of this section, the director may request from state, county, and local agencies all information and assistance as authorized by [this act]. All state, county, and city agencies, officers, and employees shall cooperate in the location of parents who have abandoned or deserted or are failing to support children receiving public assistance and shall on request supply the department with all information available relative to the location, income, and property of the parents.

(3) Any records established pursuant to the provisions of this section are available only to the department, county attorneys, and courts having jurisdiction in support and abandonment proceedings or actions or agencies in other states engaged in the enforcement of support of minor children as authorized by the rules of the department and by the provisions of the federal Social Security Act.

Section 11. **Debt to state by natural or adoptive parents — limitations.** (1) Except as provided in subsection (2), any payment of public assistance money made to or for the benefit of any dependent child or children creates a debt due and owing the state of Montana by the responsible parent or parents in an amount equal to the amount of public assistance money so paid. In the case of an adoptive parent or parents, no debt for public assistance paid may accrue prior to the date of adoption.

(2) Where there has been a district court order established, the debt shall be limited to the amount provided for by the order.

(3) Where a child has been placed in foster care, and a written agreement for payment of support has been entered into by the responsible parent or parents and any state agency, the debt shall be limited to the

HeinOnline -- 1979 vol. III 1679 1979

amount provided for in the agreement. However, if a court order for support is or has been entered, the provisions of the order shall prevail over the agreement.

(4) The department shall adopt rules based on ability to pay, with respect to the level of support to be provided for in such agreements or modifications of such agreements based on changed circumstances.

Section 12. **Support debt based upon subrogation to or assignment of judgment — notice — contents — action to collect.** (1) The department may issue a notice of a support debt accrued or accruing based upon subrogation to or assignment of the judgment created by a district court order. The notice may be served upon the debtor in the manner prescribed for the service of a summons in a civil action in accordance with the provisions of the Montana Rules of Civil Procedure, demanding payment within 20 days of the date of receipt.

(2) The notice of debt shall include:

(a) a statement of the support debt accrued or accruing, computable on the amount required to be paid under any district court order to which the department is subrogated or has an assigned interest;

(b) a statement that the property of the debtor is subject to collection action;

(c) a statement that the property is subject to distraint and seizure and sale;

(d) a statement that the net proceeds will be applied to the satisfaction of the support debt.

(3) Action to collect the subrogated or assigned support debt by distraint and seizure and sale shall be lawful after 20 days from the date of service upon the debtor or 20 days from the receipt or refusal by the debtor of the notice of debt.

Section 13. **Notice of support liability based upon payment of public assistance — notice — contents — collection warrant — fair hearing.** (1) In the absence of a district court order the department may issue a notice of a support liability accrued or accruing based upon payment of public assistance to or for the benefit of any dependent child or children. The notice of liability shall be served upon the responsible parent in the manner prescribed for the service of summons in a civil action, in accordance with the provisions of the Montana Rules of Civil Procedure.

(2) The notice of liability shall include:

(a) a statement of the support debt accrued or accruing, computable on the basis of the amount of public assistance previously paid and to be paid in the future;

(b) a statement of the amount of the monthly public assistance payment;

(c) a statement of the name of the recipient and the name of the child or children for whom assistance is being paid;

HeinOnline -- 1979 vol. III 1680 1979

(d) a demand for immediate payment of the support debt or, in the alternative, a demand that the responsible parent make answer within 20 days of the date of service to the department stating defenses to liability under [section 11];

(e) a statement that if no answer is made on or before 20 days from the date of the service the support debt shall be assessed and determined subject to computation and is subject to collection action;

(f) a statement that the property of the responsible parent will be subject to distraint and seizure and sale.

(3) If no answer is had by the department to the notice of liability on or before 20 days of the date of service, the support debt shall be assessed and determined subject to the computation and the department shall issue a warrant of distraint authorizing a collection action under [this act].

(4) If the responsible parent, within 20 days of the date of service of notice of liability, makes answer to the department alleging defenses to liability under [section 11], the responsible parent may receive a fair hearing pursuant to [section 16]. The decision of the department in the hearing shall establish the obligation of the responsible parent, if any, for repayment of public assistance funds spent to date as an assessed and determined support debt.

Section 14. **Finding of support liability based upon payment of public assistance — warrant of distraint — bond to release warrant — action to collect.** (1) If the department reasonably believes that the parent is not a resident of this state or is about to move from this state or has concealed himself, absconded, absented himself or has removed or is about to remove, secrete, waste, or otherwise dispose of property which could be made subject to collection action to satisfy the support debt, the department may issue a warrant of distraint pursuant to [section 17] during the pendency of the fair hearing or thereafter, whether or not appealed. No further action may be taken on the warrant until final determination after fair hearing and/or appeal. The department shall in such cases make and file in the record of the fair hearing an affidavit stating the reasons upon which the belief is founded. The responsible parent may furnish a bond, not to exceed the amount of the support debt, during pendency of the hearing or thereafter, and in such case warrants issued shall be released. If the decision resulting from the hearing is in favor of the responsible parent, all warrants issued shall be released.

(2) The department may commence action under the provisions of [this act] to collect the support debt on the date of issuance of the decision resulting from the hearing.

Section 15. **Notice and finding of financial responsibility of responsible parent — administrative procedure.** (1) In lieu of the procedures provided in [sections 13 and 14], the department may, in the absence of a district court order, serve on the responsible parent a notice and finding of financial responsibility requiring a responsible parent to appear and show cause at a hearing held by the department why the finding of liability and the amount of support liability should not be finally

HeinOnline -- 1979 vol. III 1681 1979

ordered. This notice and finding shall relate to the support debt accrued or accruing under [this act] and/or Title 53, chapter 4, including periodic payments to be made in the future for the period of time any child of the responsible parent is in need. The hearing shall be held pursuant to [this act] and the rules of the department, which shall provide for a fair hearing.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action, in accordance with the provisions of the Montana Rules of Civil Procedure. Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than 20 days from the date of service to request in writing a hearing, notice of which shall be served upon the department personally or by registered or certified mail. If no request is made, the notice and finding of financial responsibility becomes final. If a request is made, the execution of notice and finding of financial responsibility shall be stayed pending the decision on such hearing or any direct appeal to the courts from the decision.

(3) The notice and finding of financial responsibility shall include:

(a) the amount the department has determined the responsible parent owes, the support debt accrued or accruing, and, as appropriate, the amount to be paid thereon each month, all computable on the basis of the amount of the monthly public assistance payment previously paid or need alleged and the ability of the responsible parent to pay all or any portion of the debt;

(b) a statement of the name of the recipient or custodian and the name of any child for whom assistance is being paid or need is alleged; or a statement of the amount of periodic future support payments for which financial responsibility is found;

(c) a statement that the responsible parent may object to all or any part of the notice and finding and request a hearing to show cause why he should not be determined to be liable for any or all of the past and future debt determined and the amount to be paid thereon;

(d) a statement that if the responsible parent fails to request a hearing, the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed, determined, and ordered by the department and that this debt is subject to collection action;

(e) a statement that the property of the debtor, without further advance notice or hearing, will be subject to distraint and seizure and sale to satisfy the debt.

Section 16. **Administrative hearing — nature — place — time — determinations — failure to appear — entry of findings.** (1) The administrative hearing is defined as a "contested case".

(2) The administrative hearing may be held in the county of residence or other county convenient to the responsible parent.

(3) If a hearing is requested, it shall be scheduled within 30 days.

HeinOnline -- 1979 vol. III 1682 1979

(4) The hearing officer shall determine the liability and responsibility, if any, of the alleged responsible parent under [section 11] and shall also determine the amount of periodic payments to be made to satisfy past, present, or future liability under [section 11]. In making these determinations, the hearing officer shall include in his consideration the scale of suggested minimum contributions adopted under [section 9].

(5) If the responsible parent fails to appear at the hearing, upon a showing of valid service, the hearing officer shall enter a decision and order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed, determined, and subject to collection action. Within 20 days of entry of the order, the responsible parent may petition the department to vacate the order upon a showing of any of the grounds enumerated in the Montana Rules of Civil Procedure.

(6) The hearing officer shall, within 20 days of the hearing, enter findings, conclusions, and a final decision determining liability and responsibility and/or future periodic support payments. The determination of the hearing officer entered pursuant to this section shall be entered as an order unless such findings are set aside pursuant to [section 25] and shall limit the support debt under [section 11] to the amounts stated in the decision.

(7) The decision establishing liability and future periodic support payments is superseded upon entry of a district court order for support to the extent the district court order is inconsistent with the hearing order or decision. In the absence of a district court order the responsible parent may petition the department for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances to require the other party to appear and show cause why the decision previously entered should not be prospectively modified. The order to appear and show cause together with a copy of the affidavit upon which the order is based shall be served by the petitioning party on the nonmoving party in the manner of a summons in a civil action. A hearing shall be set not less than 15 or more than 30 days from the date of service, unless extended for good cause shown. Prospective modification may be ordered but only upon a showing of good cause and material change of circumstances.

(8) The department, in its original determinations, and the hearing officer, in making determinations based on objections to original determinations or on petitions to modify, shall consider the standards promulgated for determination of support payments used by the district court of the county of residence of the responsible parent.

(9) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under [this act] without further necessity of action by the hearing officer.

Section 17. **Warrant of distraint — execution.** (1) Twenty-one days after receipt or refusal of notice of debt under provisions of [section 12] or 21 days after service of notice of debt or as otherwise appropriate under the provisions of [sections 13 and 14], the department may issue an

HeinOnline -- 1979 vol. III 1683 1979

abstract of any final order in the form of a warrant of distraint under its official seal directed to the sheriff of any county of the state commanding him to levy upon and sell the real and personal property of the person owing the support debt within his county for the payment of the debt, interest, and cost of executing the warrant and to return the warrant to the department and pay to it the money collected within 60 days from the date of the issuance of the warrant.

(2) The sheriff shall, within 5 days after the receipt of the warrant, file a copy of the warrant with the clerk of the district court of his county and the clerk shall enter in the judgment docket, in the column for judgment debtors, the name of the debtor mentioned in the warrant and, in appropriate columns, the amount of the support debt and the date when such copy is filed. The amount of the warrant so docketed is a lien upon the title to and interest in real property or chattels real of the person against whom it is levied in the same manner as a judgment docketed in the office of such clerk. This lien has the same preference against the assets of the debtor as claims for taxes.

(3) The sheriff shall proceed to levy upon and sell the property of the debtor in the same manner prescribed by law for executions issued against property upon judgments of a court of record and is entitled to the same fees for his services in executing the warrant, to be collected in the same manner.

(4) If the net proceeds of the sale, upon application to the debt claimed, do not satisfy the debt in full, the department shall have judgment for any deficiency remaining unsatisfied.

Section 18. **Civil liability upon failure to comply with warrant or to honor assignment of wages.** Should any person, firm, corporation, association, political subdivision, or department of the state fail or refuse to deliver property pursuant to the order; or after actual notice of filing of a support lien, pay over, release, sell, transfer, or convey real or personal property subject to a support lien to or for the benefit of the debtor or any other person; or fail or refuse to surrender upon demand property distrained under [section 17] or fail or refuse to honor an assignment of wages presented by the department, the person, firm, corporation, association, political subdivision, or department of the state is liable to the department in an amount equal to 100% of the value of the debt which is the basis of the distraint or assignment of wages or the value of the distrained property, whichever is less, together with costs, interest, and reasonable attorney fees.

Section 19. **Release of excess to debtor.** Whenever any person, firm, corporation, association, political subdivision, or department of the state has in its possession earnings, deposits, accounts, or balances in excess of the amount of the debt claimed by the department plus $100, that person, firm, corporation, association, political subdivision, or department of the state may, without liability under [this act], release the excess to the debtor.

Section 20. **Banks and savings and loan associations — service effective only as to branch office served.** In the case of a

HeinOnline -- 1979 vol. III 1684 1979

bank, bank association, mutual savings bank, or savings and loan association maintaining branch offices, service of any notice or document authorized by [this act] is only effective as to the accounts, credits, or other personal property of the debtor in the particular branch upon which service is made.

Section 21. **Satisfaction of debt after levy on property — redemption.** Any person owning real property or any interest in real property against which a warrant of distraint has been issued and levied upon may pay the amount due, together with expenses of the proceedings and reasonable attorney fees to the department. Upon full payment the sheriff shall restore the property to him, and all further proceedings on the warrant shall cease. The person shall also have the right within 240 days after sale of property levied upon to redeem the property by making payment to the purchaser in the amount paid by the purchaser plus interest at the statutory interest rate payable on judgments recovered in the courts of this state.

Section 22. **Debt payment schedule.** The department may at any time after notice to the debtor set or reset a level and schedule of payments to be paid upon the debt consistent with the income, earning capacity, and resources of the debtor.

Section 23. **Release of distraint, return of seized property — effect.** The department may at any time release a distraint on all or part of the property of the debtor or order the sheriff to return seized property without liability, if assurance of payment is determined to be adequate by the department or if the action will facilitate the collection of the debt. The release or return does not operate to prevent future action to collect from the the same or other property.

Section 24. **Interest on debts due — waiver.** Interest on any support debt due and owing to the department at the statutory interest rate payable on judgments recovered in the courts of this state under [section 11] may be collected by the department. No provision of [this act] may be construed to require the department to maintain interest balance due accounts, and interest may be waived by the department, if waiver would facilitate the collection of the debt.

Section 25. **Administrative findings and order — judicial review.** (1) It is the intent of [this act] that administrative findings and orders be subject to judicial review but that administrative remedies be exhausted prior to judicial review. The administrative procedures described in [this act] are subject to review in the appropriate district court. Such review shall be conducted pursuant to the Montana Administrative Procedure Act. Upon a showing by the department that administrative remedies have not been exhausted, the district court shall refuse review until such remedies are exhausted.

(2) Nothing in [this act] may be construed to abridge or in any way affect the defendant's right to counsel during any and all judicial or administrative proceedings pursuant to [this act].

Section 26. **Statutory limitations.** Debts ensuing as a result of determinations made through the administrative procedures described in

HeinOnline -- 1979 vol. III 1685 1979

[this act] are subject to statutory limitations as set forth in Title 27, chapter 2.

Section 27. **Charging off child support debts as uncollectible.** Any support debt due the department from a responsible parent which the department determines uncollectible may be transferred from accounts receivable to a suspense account and cease to be accounted as an asset. In the event a warrant of distraint has been filed and the support debt has subsequently been charged off as uncollectible, the department shall issue a release of lien. At any time after 6 years from the date a support debt was incurred, the department may charge off as uncollectible any support debt upon which the department finds there is no available, practical, or lawful means by which the debt may be collected. No proceedings or action under the provisions of [this act] may be begun after expiration of the 6-year period to institute collection of a support debt. Nothing herein may be construed to render invalid or nonactionable a warrant of distraint filed with the clerk of court prior to the expiration of the 6-year period or an assignment of earnings executed prior to the expiration of the 6-year period.

Section 28. **Employee debtor rights protected — limitation.** No employer may discharge or prejudice an employee for reason that an assignment of earnings has been presented in settlement of a support debt or that a warrant of distraint has been served against the employee's earnings. This provision does not apply if more than three warrants are served upon the same employer within any period of 12 consecutive months.

Section 29. **Assignment of earnings to be honored — effect.** Any person, firm, corporation, association, political subdivision, or department of the state employing a person owing a support debt or obligation shall honor, according to its terms, a duly executed assignment of earnings, whether executed voluntarily or pursuant to court order, presented by the department as a plan to satisfy or retire a support debt or obligation. This requirement to honor the assignment of earnings and the assignment of earnings itself are applicable whether the earnings are to be paid presently or in the future and continue in force until released in writing by the department. Payment of money pursuant to an assignment of earnings presented by the department serves as full acquittance under any contract of employment. The state shall defend and hold harmless any action taken pursuant to the assignment of earnings. The department shall be released from liability for improper receipt of money under an assignment of earnings upon return of any money so received.

Section 30. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

fuel user's license shall be issued to any person or continued in force unless such person has furnished bond, as defined in 15-70-301 and in such form as the department may require, to secure its compliance with this part and the payment of any and all taxes, interest, and penalties due and to become due hereunder. Upon application, the department may waive the bond requirement of any resident special fuel user who establishes to the reasonable satisfaction of the department that the tax as herein provided is not delinquent or that interest or penalties are not accrued under the provisions of this part. *Upon application, the department shall waive the bond requirement of any public contractor licensed under Title 15, chapter 50 , who has posted a performance bond conditioned on payment of all lawful taxes with the contracting entity.*

(2) The total amount of the bond or bonds required of any special fuel dealer or special fuel user shall be equivalent to twice his estimated monthly tax payments as hereinafter provided, determined in such manner as the department may deem proper; provided, however, that the total amount of the bond or bonds shall never be less than $5,000 for any special fuel user awarded a contract in accordance with 15-70-321 or less than $500 for any other special fuel user and not less than $1,000 for a special fuel dealer.

(3) Any surety on a bond furnished by a special fuel dealer or special fuel user as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of 30 days from the date upon which such surety shall have lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the 30-day period. The department shall, promptly upon receiving any such request, notify the special fuel dealer or special fuel user who furnished the bond, and unless the special fuel dealer or special fuel user shall, on or before the expiration of the 30-day period, file a new bond in accordance with the requirements of this section or make a deposit in lieu thereof as provided in 15-70-301(1), the department forthwith shall cancel the special fuel dealer's or special fuel user's license.

(4) The department may require a special fuel dealer or special fuel user to give a new or additional surety bond or to deposit additional securities of the character specified in 15-70-301(1) if, in its opinion, the security of the surety bond theretofore filed by such special fuel dealer or special fuel user or the market value of the properties deposited as security by such special fuel dealer or special fuel user shall become impaired or inadequate, and upon failure of the special fuel dealer or special fuel user to give such new additional surety bond or to deposit additional securities within 30 days after being requested so to do by the department, said department forthwith shall cancel his license."

CHAPTER NO. 626

AN ACT TO REQUIRE THAT LOANS FROM THE GENERAL FUND OR THE UNIVERSITY UNRESTRICTED SUBFUND TO UNIVERSITY FUNDS BEAR INTEREST AND TO DEPOSIT THE INTEREST IN THE GENERAL FUND; TO PROHIBIT NEGATIVE BALANCES IN CERTAIN FUNDS AND SUBFUNDS; AND AMENDING SECTION 17-2-107, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-2-107, MCA, is amended to read:

"17-2-107. Accurate accounting records and interaccount loans. (1) The department of administration shall record receipts and disbursements for treasury funds and for accounts within treasury funds and shall maintain records in such a manner as to reflect the total cash and invested balance of each fund and each account. The department of administration shall adopt the necessary procedures to insure that interdepartmental or intradepartmental transfers of money do not result in inflation of figures reflecting total governmental costs and revenues.

(2) When the expenditure of an appropriation is necessary and the cash balance in the account from which the appropriation was made is insufficient, the department of administration may authorize a transfer, as a temporary loan bearing no interest, of unrestricted moneys from other accounts, provided that there is reasonable evidence that the income provided for the remainder of the fiscal year will be sufficient to restore the amount so transferred and provided the loan is recorded in the state accounting records. No account shall be so impaired that all proper demands thereon cannot be met.

(3) Any loan from the general fund or the university current unrestricted subfund to funds designated in subsections (10)(d) and (11) through (15) of 17-2-102 shall bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investment's short-term investment pool. Except for investment earnings on restricted donations, all designated and restricted subfund investment earnings are credited to the state general fund.

(4) No accounting entity may have a negative cash balance at fiscal yearend. The department of administration may, however, allow any entity to carry a negative balance at any point during the fiscal year subject to the following restrictions:

(a) Accounting entity negative cash balances may not exist more than 7 working days in the funds provided in subsections (1) through (9) of 17-2-102.

(b) Units of the university system must maintain positive cash balances in the subfunds provided in subsections (10)(a) through (d) and (11) through (15) of 17-2-102."

(5) (a) Gasoline refined, produced, manufactured, or compounded in this state and placed in tanks thereat or gasoline transferred from a refinery or pipeline terminal in this state and placed in tanks thereat or gasoline imported into this state and placed in storage at refineries or pipeline terminals shall be deemed to be "distributed", for the purpose of this part, at the time the gasoline is withdrawn from such tanks, refinery, or terminal storage for sale or use in this state or for the transportation to destinations in this state other than by pipeline to another refinery or pipeline terminal in this state. When withdrawn from such tanks, refinery, or terminal, such gasoline may be distributed only by a person who is the holder of a valid distributor's license.

(b) Gasoline imported into this state, other than that gasoline placed in storage at refineries or pipeline terminals, shall be deemed to be "distributed" after it has arrived in and is brought to rest in this state.

HeinOnline -- 1979 vol. III 1703 1979

(6) "Distributor" means:

(a) any person who engages in the business in this state of producing, refining, manufacturing, or compounding gasoline for sale, use, or distribution;

(1) Any person who shall purchase and use any gasoline on which the Montana gasoline license tax has been paid for operating or propelling stationary gasoline engines, tractors used off the public highways and streets, or for any commercial use other than propelling vehicles upon any of the public highways or streets of this state shall be allowed a refund of the amount of tax paid directly or indirectly on the gasoline so used. Such refund or drawback should in no instance exceed the tax paid or to be paid to the state and no refund shall be allowed of that portion of the tax per gallon upon aviation gasoline allocated to the department of community affairs by 67-1-301.

(2) Any distributor paying the gasoline license tax to this state erroneously shall be allowed a credit or refund of the amount of tax so paid."

Section 3. Section 15-70-222, MCA, is amended to read:

"15-70-222. Required records. (1) Gasoline purchased and delivered into bulk storage for use in motor vehicles on public roads and

HeinOnline -- 1979 vol. III 1704 1979

nonhighway use must be fully accounted for by detailed withdrawal records to accurately show the manner in which used. Gasoline on hand, determined by actual measurement, shall be deducted from a claim and shall be reported as an opening inventory on the next claim.

(2) If separate storage tanks are maintained *on claimant's premises for use in licensed vehicles and in unlicensed equipment*, the bulk *delivery* invoices shall be so marked by the dealer at the time of delivery. No further record is required, provided *refunds are claimed only on the number of gallons delivered into the unlicensed equipment tank.* Withdrawal of gasoline from the *unlicensed vehicle* tank for licensed vehicles will invalidate this method of determining refundable gallonage.

(3) Special storage facilities *used* for certain periods must be identified and explained. If such storage is used entirely for off-highway purposes and is not used in licensed vehicles, no records will be required other than purchase invoices showing the delivery into such storage.

(4) Service stations, bulk dealers, and marinas must prepare a separate and complete invoice for each withdrawal of gasoline for own use upon which a refund is to be claimed.

(5) When no highway use of gasoline is deducted from the claim, the applicant must substantiate purchases of gasoline and miles traveled for licensed motor vehicles upon request of the department of revenue.

(6) Any person who operates a licensed motor vehicle on and off the public roads for commercial purposes may claim refund of the state license tax on the gasoline used to operate the vehicle on roads or property in private ownership if such person has maintained the following records:

(a) the total number of miles *traveled on and off public roads by each licensed vehicle*;

(b) total gallons of gasoline used in each vehicle;

(c) purchase invoices supporting all gasoline handled through bulk storage, as well as all fuels purchased at service stations or received from other sources."

Section 4. Section 15-70-223, MCA, is amended to read:

"15-70-223. Estimate allowed for agricultural use. (1) *An applicant whose use qualifies as agricultural use may apply for a refund of 60% of the applicable tax on the gallons of gasoline as indicated by bulk delivery invoices as an estimate of off-roadway use.*

(2) If any invoice is either lost or destroyed, the purchaser may support his claim for refund by submitting an affidavit relating the circumstances of such loss or destruction and by producing such other evidence as may be required by the department of revenue.

HeinOnline -- 1979 vol. III 1705 1979

(3) *An applicant whose use does not qualify as agricultural use may not estimate and must maintain records as required by 15-70-222.*"

Section 5. Section 15-70-224, MCA, is amended to read:

"**15-70-224. Determination of highway use.** Highway use for each vehicle *is* determined by *dividing the average miles per gallon rate into the number of miles traveled on public roads.*"

Section 6. Section 15-70-225, MCA, is amended to read:

"**15-70-225. Application for refund — filing — correction by department.** (1) The application for refund shall be a signed statement, on a form furnished by the department of revenue, accompanied by the original *bulk delivery* invoice or invoices issued to the claimant at the time of *each* purchase and delivery, showing the total amount of gasoline purchased, the total amount of gasoline on which a refund is claimed, and the amount of the tax claimed for refund. Such further information pertaining to such claim shall be furnished as required by the department.

(2) A bulk delivery invoice issued by a dealer for a sale that does not qualify as a bulk delivery under 15-70-201 is not valid for refund purposes.

(3) All applications for refunds shall be filed with the department within 14 months after the date on which the gasoline was purchased as shown by invoices or after the date on which the tax was erroneously paid. A distributor may file a claim for refund of taxes erroneously paid within 3 years after the date of such erroneous payment.

(4) Should the department find that the statement contains errors which are not fraudulently inserted, it may correct the statement and approve it as corrected or the department may require the claimant to file an amended statement."

Section 7. Section 15-70-226, MCA, is amended to read:

"**15-70-226. Approval or rejection of claim.** (1) The department shall have 120 days after receiving the claim to approve or reject it. If approved, the department of revenue shall issue a credit in lieu of refund for the amount of the claim if the claimant is a distributor; for all other persons, a warrant shall be drawn upon the state treasurer for the amount of the claim.

(2) If the department determines that any claim has been fraudulently presented or is supported by invoice or invoices fraudulently made or altered or that any statement in the claim or affidavit is willfully false and made for the purpose of misleading, the department *shall* reject such claim in full. If a claim is rejected, the department may suspend claimant's right to refund for a period not to exceed 1 year."

Approved May 7, 1979.

(2) The public policy of the state is to promote the conservation, development, and beneficial use of the state's water resources to secure maximum economic and social prosperity for its citizens.

(3) The state, in the exercise of its sovereign power, acting through the department of natural resources and conservation, shall coordinate the development and use of the water resources of the state so as to effect full utilization, conservation, and protection of its water resources.

(4) The development and utilization of water resources and the efficient, economic distribution thereof are vital to the people in order to protect existing uses and to assure adequate future supplies for domestic, industrial, agricultural, and other beneficial uses.

(5) The water resources of the state must be protected and conserved to assure adequate supplies for public recreational purposes and for the conservation of wildlife and aquatic life.

(6) The public interest requires the construction, operation, and maintenance of a system of works for the conservation, development, storage, distribution, and utilization of water, which construction, operation, and maintenance is a single object and is in all respects for the welfare and benefit of the people of the state.

(7) It is necessary to coordinate local, state, and federal water resource development and utilization plans and projects through a single agency of state government, the department of natural resources and conservation.

(8) The greatest economic benefit to the people of Montana can be secured only by the sound coordination of development and utilization of water resources with the development and utilization of all other resources of the state.

(9) Any attempt to gain control of or speculate on large quantities of ground water of the state of Montana is not in the interest of the people and is to be restricted.

HeinOnline -- 1979 vol. III 1713 1979

(10) To achieve these objectives and to protect the waters of Montana from diversion to other areas of the nation, it is essential that a comprehensive, coordinated multiple-use water resource plan be progressively formulated, to be known as the "state water plan"."

Section 2. **Limitation on appropriation of ground water.** (1) After [the effective date of this act] no application for a permit to appropriate ground water in excess of 3,000 acre feet per year may be granted, except pursuant to an act of the legislature permitting the specific appropriation.

(2) Subsection (1) applies to any permit to appropriate ground water for which application has been made but which has not been granted as of the effective date of this act.

(3) This section does not apply to appropriations by municipalities for municipal use or to appropriations for public water supplies as defined in section 75-6-102, MCA; or to appropriations for the irrigation of cropland owned and operated by the applicant.

Section 3. Section 69-3-101, MCA, is amended to read:

"**69-3-101. Meaning of term public utility.** The term "public utility", within the meaning of this chapter, shall embrace every corporation, both public and private, company, individual, association of individuals, their lessees, trustees, or receivers appointed by any court whatsoever, that now or hereafter may own, operate, or control any plant or equipment, any part of a plant or equipment, *or any water right* within the state for the production, delivery, or furnishing for or to other persons, firms, associations, or corporations, private or municipal:

(1) heat;

(2) street-railway service;

(3) light;

(4) power in any form or by any agency;

(5) water for business, manufacturing, household use, or sewerage service, whether within the limits of municipalities, towns, and villages or elsewhere;

(6) telegraph or telephone service."

Section 4. **Penalty.** Any person, association, corporation, or other entity that applies for a permit to appropriate ground water, singularly or collectively, for the purpose of circumventing [section 2] is punishable by a fine not exceeding $5,000.

Section 5. **Effective date.** This act is effective on passage and approval.

Approved May 7, 1979.

(2) Gasoline exported or sold for export out of the state shall not be included in the measure of the distributor's license tax.

(3) In addition to the tax imposed by subsection (1) of this section, there is levied an additional tax of 1 cent a gallon on each gallon of nonaviation gasoline. This additional tax of 1 cent a gallon expires July 1, 1983."

HeinOnline -- 1979 vol. III 1715 1979

Section 4. Section 15-70-101, MCA, is amended to read:

"15-70-101. Disposition of funds. All taxes, interest, and penalties collected under this chapter shall be turned over promptly to the state treasurer who shall place the same in the earmarked revenue fund to the credit of the department of highways, except those funds hereinbelow allocated to cities, towns, and counties, which funds shall be paid by the state treasurer directly to such cities, towns, and counties.

(1) $6,500,000 of the funds collected under this chapter shall be allocated each fiscal year on a monthly basis to the counties and incorporated cities and towns in Montana for construction, reconstruction, maintenance, and repair of rural roads and city or town streets and alleys, as provided in subsections (a) and (b) hereof:

(a) $2,950,000 shall be divided among the various counties in the following manner:

(i) 40% in the ratio that the rural road mileage in each county, exclusive of the federal-aid interstate system and the federal-aid primary system, bears to the total rural road mileage in the state, exclusive of the federal-aid interstate system and the federal-aid primary system;

(ii) 40% in the ratio that the rural population in each county outside incorporated cities and towns bears to the total rural population in the state outside incorporated cities and towns;

(b) $3,550,000 shall be divided among the incorporated cities and towns in the following manner:

(i) 50% of the sum in the ratio that the population within the corporate limits of the city or town bears to the total population within corporate limits of all the cities and towns in Montana;

(ii) 50% in the ratio that the city or town street and alley mileage, exclusive of the federal-aid interstate system and the federal-aid primary system, within corporate limits bears to the total street and alley mileage, exclusive of the federal-aid interstate system and federal-aid primary system, within the corporate limits of all cities and towns in Montana.

(2) All funds hereby allocated to counties, cities, and towns shall be used exclusively for the construction, reconstruction, maintenance, and repair of rural roads, city or town streets and alleys or for the share which such city, town, or county might otherwise expend for proportionate matching of federal funds allocated for the construction of roads or streets which are part of the federal-aid primary or secondary highway system or urban extensions thereto.

(3) Upon receipt of the allocation provided herein, the governing bodies of the recipient counties, cities, and towns shall inform the department of highways of the purposes for which the funds will be expended so that the county commissioners, the governing body, and the department of highways may coordinate the expenditure of public funds for road improvements.

HeinOnline -- 1979 vol. III 1716 1979

(4) All funds hereby allocated to counties, cities, and towns shall be disbursed to the lowest responsible bidder according to applicable bidding procedures followed in all cases where the contract for construction, reconstruction, maintenance, or repair is in excess of $4,000.

(5) For the purposes of this section where distribution of funds is made on a basis related to population, the population shall be determined by the last preceding official federal census.

(6) For the purposes of this section where determination of mileage is necessary for distribution of funds, it shall be the responsibility of the cities, towns, and counties to furnish to the department of highways and state treasurer a yearly certified statement indicating the total mileage within their respective areas applicable to this chapter. All mileage submitted shall be subject to review and approval by the department of highways.

(7) None of the funds authorized by this section shall be used for the purchase of capital equipment."

Section 5. **Distribution of revenue generated by additional tax.** (1) The estimated revenue to be raised by the tax on gasoline imposed in 15-70-204 and on diesel fuel and volatile liquids imposed in 15-70-321 is:

	Fiscal year 1980	Fiscal year 1981

(2) The revenue collected each quarter from the additional tax imposed in 15-70-204(3) and 15-70-321(2) will be used as follows:

(a) primarily, for the purpose of matching federal funds available for completion of the federal and interstate system as defined in 32 U.S.C. 103 and spent only after any existing highway construction and maintenance funds currently allocated and scheduled for use have been obligated, as appropriated in HB 483 of the 46th legislature;

(b) secondarily, for the department of justice's highway patrol costs, as appropriated in HB 483 of the 46th legislature; and

(4) If the revenue collected in any quarter from the additional tax is more than $500,000 less than the estimated revenue listed for that quarter in (1):

HeinOnline -- 1979 vol. III 1717 1979

(a) no funds from the additional tax shall be paid to cities, towns, and counties for the purposes described in 15-70-101(1);

(b) the department of highways shall inform the governing body of each county, city, and town that no funds from the additional tax will be available for that quarter; and

(c) the amount of money deposited to the credit of the department of justice for the costs of the highway patrol will be decreased $1 for every dollar by which actual revenue collections are $500,000 less than the estimated revenue listed in (1) for that quarter.

(5) If the revenue collected in any quarter from the additional tax exceeds the estimated revenue listed in (1) for that quarter, $1 for each $1 in excess shall be paid to cities, towns, and counties for the purposes described in 15-70-101(1) under the provisions of (6) of this section.

(6) Any money collected from the additional tax and paid to the cities, towns, and counties in Montana for construction, reconstruction, maintenance, and repair of rural roads and city or town streets and alleys shall be divided 65% for cities and towns and 35% to counties and allocated among the cities and towns and among the counties by the method provided in subsections (1)(a)(i) and (ii) and (1)(b)(i) and (ii) of 15-70-101.

CHAPTER NO. 634

AN ACT CHANGING THE METHOD OF TAXING BANKS AND SAVINGS AND LOAN ASSOCIATIONS FOR LOCAL GOVERNMENTS; REMOVING THE CORPORATION LICENSE TAX EXEMPTION FOR INTEREST FROM STATE AND LOCAL OBLIGATIONS; REPEALING THE TAX ON MONEYED CAPITAL AND SHARES OF BANKS; PROVIDING FOR A DIFFERENT METHOD OF DISTRIBUTING CORPORATION LICENSE TAXES PAID BY BANKS AND SAVINGS AND LOAN ASSOCIATIONS; AMENDING SECTIONS 7-6-206, 15-1-501, 15-8-104, 15-8-111, 15-24-701, 15-24-801, 15-31-101, 15-31-114, 15-31-502, 17-5-408, 20-9-343, AND 32-1-413, MCA; REPEALING SECTIONS 15-6-106, 15-24-501 THROUGH 15-24-508, AND 15-24-603, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** The legislature recognizes that the property tax on moneyed capital and bank shares is an important element in the tax bases of many local governments. Since, however, the current method of

valuing bank shares has legal defects, may be causing the undercapitalization of Montana's banks, and imposes an inequitable tax burden on some financial institutions, the legislature hereby repeals this tax. Banks and savings and loan associations will be taxed on a more equitable basis, their net income. To make their basis for computing net income comparable to other businesses, the legislature repeals the corporation license tax deduction for interest on public obligations. To replace the property tax revenue lost to local governments, a portion of the corporation license taxes paid by banks and savings and loan associations will be received by counties and distributed to the various local governments, based on their current mill levies.

Section 2. Section 15-31-101, MCA, is amended to read:

"15-31-101. Organizations subject to tax. (1) The term "corporation" includes associations, joint-stock companies, common-law trusts and business trusts which do business in an organized capacity, and all other corporations whether created, organized, or existing under and pursuant to the laws, agreements, or declarations of trust of any state, country, or the United States.

(2) The terms "engaged in business" and "doing business" both mean actively engaging in any transaction for the purpose of financial or pecuniary gain or profit.

(3) Every corporation, except as hereinafter provided and except as provided in 33-2-705(5), engaged in business in the state of Montana shall annually pay to the state treasurer as a license fee for the privilege of carrying on business in this state such percentage or percentages of its total net income for the preceding taxable year at the rate hereinafter set forth. In the case of corporations having income from business activity which is taxable both within and without this state, the license fee shall be measured by the net income derived from or attributable to Montana sources as determined under part 3. This tax is due and payable on the 15th day of the 5th month following the close of the taxable year of the corporation; however, the tax becomes a lien as provided in this chapter on the last day of the taxable year in which the income was earned and is for the privilege of carrying on business in this state for the taxable year in which the income was earned.

(4) Every bank organized under the laws of the state of Montana, of any other state, *or* of the United States *and every savings and loan association organized under the laws of this state or of the United States is* subject to the Montana corporation license tax provided for under this chapter. For taxable years beginning on and after January 1, 1972, this subsection is effective in accordance with Public Law 91-156, section 2 (12 U.S.C. 548)."

Section 3. Section 15-31-114, MCA, is amended to read:

"15-31-114. Deductions allowed in computing income. In computing the net income, the following deductions shall be allowed from the gross income received by such corporation within the year from all sources:

HeinOnline -- 1979 vol. III 1720 1979

(1) All the ordinary and necessary expenses paid or incurred during the taxable year in the maintenance and operation of its business and properties, including reasonable allowance for salaries for personal services actually rendered, subject to the limitation hereinafter contained, rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title or in which it has no equity. No deduction shall be allowed for salaries paid upon which the recipient thereof has not paid Montana state income tax; provided, however, that where domestic corporations are taxed on income derived from without the state, salaries of officers paid in connection with securing such income shall be deductible.

(2) (a) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property used in the trade or business, such allowance to be determined according to the provisions of section 167 of the Internal Revenue Code in effect with respect to the taxable year. All elections for depreciation shall be the same as the elections made for federal income tax purposes. No deduction shall be allowed for any amount paid out for any buildings, permanent improvements, or betterments made to increase the value of any property or estate, and no deduction shall be made for any amount of expense of restoring property or making good the exhaustion thereof for which an allowance is or has been made.

(b) (i) There shall be allowed as a deduction for the taxable period a net operating loss deduction determined according to the provisions of this subsection. The net operating loss deduction is the aggregate of net operating loss carryovers to such taxable period plus the net operating loss carrybacks to such taxable period. The term "net operating loss" means the excess of the deductions allowed by this section, 15-31-114, over the gross income, with the modifications specified in (ii) of this subsection. If for any taxable period beginning after December 31, 1970, a net operating loss is sustained, such loss shall be a net operating loss carryback to each of the three taxable periods preceding the taxable period of such loss and shall be a net operating loss carryover to each of the five taxable periods following the taxable period of such loss. A net operating loss for any taxable period ending after December 31, 1975, in addition to being a net operating loss carryback to each of the three preceding taxable periods, shall be a net operating loss carryover to each of the seven taxable periods following the taxable period of such loss. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the net income for each of the prior taxable periods to which such loss was carried. For purposes of the preceding sentence, the net income for such prior taxable period shall be computed with the modifications specified in (ii)(B) of this subsection and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable period thereafter, and the net income so computed shall not be considered to be less than zero.

(ii) The modifications referred to in (i) of this subsection shall be as follows:

HeinOnline -- 1979 vol. III 1721 1979

(A) No net operating loss deduction shall be allowed.

(B) The deduction for depletion shall not exceed the amount which would be allowable if computed under the cost method.

(C) Any net operating loss carried over to any taxable years beginning after December 31, 1978, must be calculated under the provisions of this section effective for the taxable year for which the return claiming the net operating loss carryover is filed.

(iii) A net operating loss deduction shall be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(iv) In the case of a merger of corporations, the surviving corporation shall not be allowed a net operating loss deduction for net operating losses sustained by the merged corporations prior to the date of merger. In the case of a consolidation of corporations, the new corporate entity shall not be allowed a deduction for net operating losses sustained by the consolidated corporations prior to the date of consolidation.

(v) Notwithstanding the provisions of 15-31-531, interest shall not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(vi) The net operating loss deduction shall not be allowed with respect to taxable periods which ended on or before December 31, 1970, but shall be allowed only with respect to taxable periods beginning on or after January 1, 1971.

(3) In the case of mines, other natural deposits, oil and gas wells, and timber, a reasonable allowance for depletion and for depreciation of improvements; such reasonable allowance to be determined according to the provisions of the Internal Revenue Code in effect for the taxable year. All elections made under the Internal Revenue Code with respect to capitalizing or expensing exploration and development costs and intangible drilling expenses for corporation license tax purposes shall be the same as the elections made for federal income tax purposes.

(4) The amount of interest paid within the year on its indebtedness incurred in the operation of the business from which its income is derived; but no interest shall be allowed as a deduction if paid on an indebtedness created for the purchase, maintenance, or improvement of property or for the conduct of business unless the income from such property or business would be taxable under this part.

(5) (a) Taxes paid within the year except the following:

(i) Taxes imposed by this part.

(ii) Taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

(iii) Taxes on or according to or measured by net income or profits imposed by authority of the government of the United States.

(iv) Taxes imposed by any other state or country upon or measured by net income or profits.

HeinOnline -- 1979 vol. III 1722 1979

(b) Taxes deductible under this part shall be construed to include taxes imposed by any county, school district, or municipality of this state.

(6) That portion of an energy-related investment allowed as a deduction under 15-32-103."

Section 4. Section 15-31-502, MCA, is amended to read:

"15-31-502. Assessment and payment of tax, penalty, and interest. All taxpayers shall compute the amount of tax payable under this chapter and shall remit such amount to the department of revenue on or before the 15th day of the 5th month following the close of the taxable period. If the tax is not paid on or before the due date, there shall be assessed a penalty of 10% of the amount of the tax unless it is shown that the failure was due to reasonable cause and not due to neglect. If any tax due under this chapter is not paid when due, by reason of extension granted or otherwise, interest shall be added thereto at the rate of 9% per annum from the due date until paid."

Section 5. **Department of revenue — special duties for transmitting corporation license tax revenues collected from banks or savings and loan associations to counties.** (1) Within 30 days after receiving corporation license tax returns and payments from banks or savings and loan associations, the department of revenue shall transmit to the county treasurer of the county in which the business is located the revenues calculated under [section 6(1)(b)].

(2) If the department of revenue determines, under the provisions of 15-31-503 and 15-31-531, that a bank or savings and loan association owes more taxes than shown on the original return or has paid more than the tax, penalty, or interest due in any year, it shall notify the bank or savings and loan association. Additional payment is due within 10 days after receipt of the final determination of taxes due. County treasurers shall issue warrants for their portion of the overpayment received and interest, as provided in 15-31-531.

(3) The department shall continue to exercise all its duties and powers outlined in this title with respect to auditing returns and enforcing payment of the corporation license taxes owed by banks and savings and loan associations. Any delinquent taxes collected from the sale of property of a bank or savings and loan association under the provisions of 15-31-525 shall be transmitted to the county in which the corporation owing the delinquent taxes is located. The only duties of the county treasurers in this regard are issuing refunds and distributing the taxes to local taxing jurisdictions.

Section 6. **Distribution of corporation license taxes collected from banks or savings and loan associations.** (1) All corporation license taxes collected from banks and savings and loan associations shall be distributed in the following manner:

(a) 20% must be remitted to the state treasurer to be allocated as provided in 15-1-501(2); and

(b) 80% must be allocated to the various taxing jurisdictions within the county in which the bank or savings and loan association is located.

HeinOnline -- 1979 vol. III 1723 1979

(2) The corporation license taxes distributed under subsection (1)(b) shall be allocated to each taxing jurisdiction in the proportion that its mill levy for that fiscal year bears to the total mill levy of the taxing authorities of the district in which the bank or savings and loan association is located.

(3) "Taxing jurisdictions" means, for the purposes of this section, all taxing authorities within a county permitted under state law to levy mills against the taxable value of property in the taxing district in which the bank or savings and loan association is located.

(4) If a return filed by a bank or savings and loan association involves branches or offices in more than one taxing jurisdiction, the department of revenue shall provide a method by rule for equitable distribution among those taxing jurisdictions.

Section 7. **Moneyed capital and shares of banks exempt.** (1) Moneyed capital and shares of banks are exempt from taxation.

(2) "Moneyed capital" means money, bonds, notes, and other evidence of indebtedness, including evidence of indebtedness secured by a mortgage on real or personal property, in the hands of individual citizens and corporations coming into competition with the business of national banks or employed in conducting a banking or investment business.

Section 8. Section 7-6-206, MCA, is amended to read:

"7-6-206. Time deposits. (1) Such public money not necessary for immediate use by such county, city, or town which is not invested in direct obligations of the United States government as authorized in 7-6-202 may be placed in time or savings deposits with any bank or savings and loan association in the county, city, or town.

(2) When more than one bank or savings and loan association is available in any county for the deposit of such county funds or in any city or town for the deposit of such city or town funds, such funds may be distributed ratably among all of such banks and savings and loan associations qualifying therefor and substantially in proportion to the total property taxes paid during the preceding year in such county or the county in which such city or town is located *and the corporation license taxes paid* by each bank or savings and loan association willing to receive such time or savings deposits under the terms of this part.

(3) In lieu of a ratable distribution among banks and savings and loan associations within the county, city, or town, the local governing body may solicit bids without advertising from any bank or savings and loan association in a county having at least two such financial institutions. Such institutions may request in writing that they be listed for solicitation on bids for public money not necessary for immediate use by the unit of local government. In counties having less than two such institutions, the local governing body may solicit bids from and deposit public money in such institutions in neighboring counties unless the local financial institution agrees to pay the same rate of interest bid by the neighboring financial institutions. The governing body may solicit bids by notice sent by mail to the investment institutions whose names are listed as provided herein.

HeinOnline -- 1979 vol. III 1724 1979

The provisions of this subsection shall be considered as meeting the requirements of subsection (2)."

Section 9. Section 15-1-501, MCA, is amended to read:

"15-1-501. Disposition of moneys from certain designated license and other taxes. (1) The state treasurer shall deposit to the credit of the state general fund all moneys received by him from the collection of:

(a) automobile driver's license fees under subsections (1) through (6) of 61-5-111;

(b) electric energy producer's license taxes under chapter 51;

(c) metalliferous mines license taxes under chapter 37;

(d) oil producer's license taxes under chapter 36;

(e) liquor license taxes under Title 16;

(f) telephone license taxes under chapter 53; and

(g) inheritance and estate taxes under Title 72, chapter 16.

HeinOnline -- 1979 vol. III 1757 1979

(4) All bonds issued under the authority of this part and all interest coupons applicable thereto shall be construed to be negotiable instruments despite the fact that they are payable solely from a specified source."

Section 5. Section 90-5-105, MCA, is amended to read:

"**90-5-105. Provisions for security of bondholders.** (1) The *payment of the* principal of and interest on any bonds issued under the authority of this part shall be secured by a pledge of the revenues out of which such bonds shall be made payable.

(i) fixing and collection of rents *or payments under any lease or loan agreement concerning the* project covered by such proceedings or mortgage;

(ii) terms to be incorporated in the lease *or loan agreement*;

(v) rights and remedies available in the event of a default to the bondholders or to the trustee under a mortgage.

HeinOnline -- 1979 vol. III 1758 1979

(b) In making any such agreements or provisions, a municipality or county shall not have the power to obligate itself except with respect to the project and the application of the revenues therefrom and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers.

(4) The proceedings authorizing any bonds under the provisions of this part and any mortgage, *including a mortgage given by the lessee or borrower,* securing such bonds may provide that in the event of a default in the payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the project in accordance with such proceedings or the provisions of such mortgage.

(5) Any mortgage made *by the municipality or county or by the lessee or borrower* to secure *these* bonds may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed and *the project* sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor. No breach of any such agreement shall impose any pecuniary liability upon a municipality or county or any charge upon their general credit or against their taxing powers."

"90-5-106. Determination of costs — terms of lease. (1) Prior to the leasing of any project *or entering into a loan agreement concerning a project*, the governing body must determine and find the following:

(a) the amount necessary to pay the principal of and the interest on the bonds proposed to be issued to finance such project;

(b) the amount necessary to be paid into any reserve funds which the governing body may deem it advisable to establish in connection with the retirement of the proposed bonds and the maintenance of the project including taxes; and

(c) the estimated cost of maintaining the project in good repair and keeping it properly insured, unless the terms *of the lease or loan agreement* provide that the lessee *or borrower* shall maintain the project and carry all proper insurance with respect thereto.

(2) The determinations and findings of the governing body required to be made by subsection (1) shall be set forth in the proceedings under which the proposed bonds are to be issued. Prior to the issuance of *any* bonds authorized by this part, the municipality or county shall lease the project to a lessee or lessees *or enter into a loan agreement with a borrower* under *a lease or loan* agreement conditioned upon completion of the project *by the lessees or borrowers* and providing for payment to the

(b) pay the taxes on the project;

(c) build up and maintain any reserves deemed by the governing body to be advisable in connection therewith; and

(d) pay the costs of maintaining the project in good repair and keeping it properly insured, unless the *lease or loan* agreement obligates the lessees *or borrowers* to pay for the maintenance and insurance of the project.

(3) Subject to the limitations of this part, the lease, *loan agreement,* or extensions or modifications thereof may contain such other terms and conditions as may be mutually acceptable to the parties and, notwithstanding any other provisions of law relating to the sale of property owned by municipalities and counties, an option *may be granted to a lessee* to purchase the project on such terms and conditions as may be mutually acceptable to the parties."

Section 7. Section 90-5-108, MCA, is amended to read:

"90-5-108. Use of proceeds of bond sales. *(1)* The proceeds from the sale of any bonds issued under authority of this part shall be applied only for the purpose for which the bonds were issued *or to discharge any existing indebtedness secured by a lien against a hospital or long-term care facility leased or owned by a nonprofit corporation. However, if the project is not a hospital or long-term care facility leased or owned by a nonprofit corporation, the proceeds from the sale of bonds may not be used to discharge indebtedness without an improvement to the project.*

(2) Any accrued interest and premium received in any such sale shall be applied to the payment of the principal of or the interest on the bonds sold. If for any reason any portion of such proceeds shall not be needed for the purpose for which the bonds were issued, then such unneeded portion of said proceeds shall be applied to the payment of the principal of or the interest on said bonds."

Section 8. **Board of aeronautics.** The board of aeronautics may exercise the power and authority of a municipality under Title 90, chapter 5, part 1, MCA, with respect to projects suitable for use by commercial enterprises providing scheduled air transportation services primarily within the state if such projects are located within or based and used primarily within the state. For purposes of this section, the board of aeronautics shall be considered a municipality and a governing body thereof under Title 90, chapter 5, part 1, MCA, and shall give notice of the public hearing required by 90-5-104 in three newspapers published and circulating generally in the state and shall not issue any bonds unless it appears, after the public hearing, that the acquisition or improvements of the project is in the public interest of the state. CHAPTER NO. 659

AN ACT TO ESTABLISH AN APPEAL PROCEDURE FOR CLASSIFICATION OF PROPERTY AS AIR POLLUTION CONTROL EQUIPMENT FOR PROPERTY TAX PURPOSES; AMENDING SECTION 15-6-119, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-6-119, MCA, is amended to read:

"15-6-119. Class eighteen property — description — taxable percentage. (1) Class eighteen property includes:

(a) a dwelling house and the lot on which it is erected, owned and occupied by a resident of the state who:

(i) has been honorably discharged from active service in any branch of the armed services; and

(ii) is rated 100% disabled due to a service-connected disability by the United States veterans' administration or its successor. In the event of the veteran's death, the dwelling house and the lot on which it is erected shall remain in this class as long as the surviving spouse remains unmarried and the owner and occupant of the property.

(b) all property used and owned by cooperative rural electrical and cooperative rural telephone associations as provided in (2)(a) of this section;

HeinOnline -- 1979 vol. III 1762 1979

(c) air pollution control equipment as defined in this section; and

(d) new industrial property as defined in this section.

(2) (a) The property of all cooperative rural electrical and cooperative rural telephone associations organized under the laws of Montana is included in this class, except that when less than 95% of the electricity consumers or telephone users within the incorporated limits of a city or town are served by the cooperative organization, the property is included in class eighteen.

(b) "Air pollution control equipment" means facilities, machinery, or equipment, attached or unattached to real property, utilized to reduce, eliminate, control, or prevent air pollution. The department of health and environmental sciences determines if such utilization is being made. *The department's determination may be appealed to the board of health and environmental sciences and may not be appealed to either a county tax appeal board or the state tax appeal board. However, the appraised value of the equipment as determined by the department of revenue may be appealed to the county tax appeal board and the state tax appeal board.*

(c) "New industrial property" means any new industrial plant, including land, buildings, machinery, and fixtures, except mobile machinery, which is used by a new industry during the first 3 years of its operation. The property may not have been assessed prior to July 1, 1961, within the state of Montana.

(i) New industrial property is limited to industries that:

(A) manufacture, mill, mine, produce, process, or fabricate materials;

(B) do similar work, employing capital and labor, in which materials unserviceable in their natural state are extracted, processed, or made fit for use or are substantially altered or treated so as to create commercial products or materials; or

(C) engage in the mechanical or chemical transformation of materials or substances into new products in the manner defined as manufacturing in the 1972 Standard Industrial Classification Manual prepared by the United States office of management and budget.

(ii) New industrial property does not include:

(A) property used by retail or wholesale merchants, commercial services of any type, agriculture, trades, or professions;

(B) a plant that will create adverse impact on existing state, county, or municipal services; or

(C) property used or employed in any industrial plant that has been in operation in this state for 3 years or longer.

(d) "New industry" means any person, corporation, firm, partnership, association, or other group that establishes a new plant or plants in Montana for the operation of a new industrial endeavor, as distinguished from a mere expansion, reorganization, or merger of an existing industry or industries.

HeinOnline -- 1979 vol. III 1763 1979

(3) The department of revenue shall promulgate rules for the determination of what constitutes an adverse impact, taking into consideration the number of people to be employed and the size of the community in which the location is contemplated. Any person, firm, or other group seeking to qualify its property for inclusion in this class shall make application to the department in such a manner and form as the department requires. Once the department has made an initial determination that the industrial facility qualifies as new industrial property, the department shall then, upon proper notice, hold a hearing to determine if the new industrial classification should be retained by the property. The local taxing authority may appear at the hearing and may waive its objection to retention of this classification if the industry agrees to the prepayment of taxes sufficient to satisfy tax requirements created by the location and construction of the facility during the construction period. When a prepayment of taxes is required, the maximum amount of prepayment shall be the amount of tax the industry would have paid without the application of the class seven percentage to such property.

(4) If a major new industrial facility qualifies under class eighteen, the reduction of its yearly payment of property taxes for reimbursement of its prepaid taxes as provided for in 15-16-201 does not begin until the class eighteen qualification expires.

(5) Class eighteen property shall be taxed at 2.8% of its market value or, in the case of property classified under (1)(a) of this section, so much of 2.8% as is determined under 15-7-121, whichever is less."

HeinOnline -- 1979 vol. III 1764 1979

(2) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property in class one, classes seven through eighteen, *class twenty, and class twenty-one.* For purposes of taxation, assessed value is the same as appraised value.

(4) The taxable value for all property in class one and classes seven through eighteen is the percentage of market value established for each class of property in 15-6-102 and 15-6-108 through 15-6-119.

(5) The assessed value of properties in 15-6-103 through 15-6-107 and 15-6-120 is as follows:

(d) Properties in 15-6-107, under class six, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(6) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town.

(7) The taxable value of all property in classes two through six is the percentage of assessed value established in 15-6-103 through 15-6-107 for each class of property."

(2) "Air and water pollution equipment" means facilities, machinery, or equipment used to reduce or control water or atmospheric pollution or contamination by removing, reducing, altering, disposing, or storing pollutants, contaminants, wastes, or heat. The department of health and environmental sciences shall determine if such utilization is being made.

(3) "New industrial property" means any new industrial plant, including land, buildings, machinery, and fixtures, used by new industries during the first 3 years of their operation. The property may not have been assessed within the state of Montana prior to July 1, 1961.

(4) (a) "New industry" means any person, corporation, firm, partnership, association, or other group that establishes a new plant in Montana for the operation of a new industrial endeavor, as distinguished from a mere expansion, reorganization, or merger of an existing industry.

(5) When a tax is paid in installments, the first installment or a portion may be the basis of the lawsuit, and, if any subsequent installment becomes due before the lawsuit is finally determined, the subsequent installment or portion may be paid under protest and incorporated into the pending lawsuit with all rights, duties, and obligations determined by the result of the lawsuit.

(D) 1 ¼% of net premiums if the insurer has at least 75% of its admitted assets invested in Montana securities; and

(E) ¾% of net premiums if the insurer has 100% of its admitted assets invested in Montana securities.

(ii) "Admitted assets" are those assets allowed in 33-2-501.

(iii) An insurer choosing this method of computation must itemize its Montana securities on a detailed schedule attached to its annual tax report.

(b) (i) If the method provided for in subsection (a) is not used, the insurer shall compute its tax at the rate of 2 ¾ % of *the net* premiums.

(ii) An insurer choosing this method and having not less than 50% of its paid-in capital stock invested in Montana securities *is* allowed to deduct whatever tax it may have already paid to the state of Montana and its political subdivisions, during the same calendar year as to which premium tax is being paid, from the amount otherwise due under this section.

(b) Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such wet marine and transportation insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include for computation of the tax prescribed by this subsection (3) the amounts refunded, credited, or paid as participation dividends or savings by such insurers to the holders of such contracts.

(5) That portion of the tax paid hereunder by an insurer on account of premiums received for fire insurance shall be separately specified in the report as required by the commissioner, for apportionment as provided by law. Where insurance against fire is included with insurance of property against other perils at an undivided premium, the insurer shall make such reasonable allocation from such entire premium to the fire portion of the coverage as shall be stated in such report and as may be approved or accepted by the commissioner.

(6) With respect to authorized insurers the premium tax provided by this section shall be payment in full and in lieu of all other demands for any and all state, county, city, district, municipal, and school taxes, licenses, fees, and excises of whatever kind or character, excepting only those prescribed by this code, taxes on real and tangible personal property located in this state, and taxes payable under 50-3-109.

Upon filing of the annual statement referred to in 33-2-310(2), the surplus line agent shall pay to the commissioner the amount of tax owing as to surplus line insurance business transacted by him during the preceding calendar year. If a surplus line policy covers risk or exposures only partially in this state, the tax payable shall be computed upon the proportion of the premium which is properly allocable to the risks or exposures located in this state."

The mill rate so determined shall be levied against the sum of the actual taxable value of all taxable property located within as well as outside the urban renewal area.

(2) (a) The tax increment, if any, received in each year from the levy of the combined mill rates of all the affected taxing bodies against the incremental taxable value within the urban renewal area shall be paid into a special fund held by the treasurer of the municipality and used as provided in 7-15-4282 through 7-15-4292.

(2) The *adjusted base value* determined *under subsection (1)* shall be reported by the clerk to the officers and taxing bodies to which the increment provision is reported.

(3) Thereafter, *the adjusted base value is used* in determining the mill rates of affected taxing bodies *unless the tax increment resulting from the adjustment is determined to be insufficient for this purpose. Payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source in aid of any urban renewal projects of the municipality under this part and part 42 *or by a mortgage on all or part of any such projects.*

(3) Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body."

The governing body may adjust the base taxable value to that value reported by the department of revenue, under the provisions of 7-15-4287.

Section 13. **Effective date.** This act is effective on passage and approval.

Approved May 8, 1979.

CHAPTER NO. 670

AN ACT TO REVISE AND CLARIFY THE LAWS RELATED TO FOREST FIRE HAZARD REDUCTION; TO INCREASE HAZARD REDUCTION WITHHOLDING RATES AND MAKE THEM MORE ENFORCEABLE; AND AMENDING SECTIONS 76-13-404, 76-13-407, 76-13-409, AND 76-13-410, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-13-404, MCA, is amended to read:

"76-13-404. Contracts with owners of forest lands. The department may, in such form and containing such conditions as it prescribes, enter into agreements with the owners of any forest lands or any operator engaged in operations on lands within the state whereby slash is created. Under the contract the department may assume all responsibility for the reduction or management of any fire hazard. The department may provide in the agreement the amount to be paid by the owner or operator to the department by reason of its agreement to assume the reduction or management of the fire hazard, but the amount may not exceed *$6* for each 1,000 feet log scale or the equivalent thereof if forest products other than logs are cut."

Section 2. Section 76-13-407, MCA, is amended to read:

"76-13-407. Reduction of slash and debris along right-of-way. (1) A person clearing right-of-way for any railroad, public highway, public trail, private road, trail, ditch, dike, pipeline or wire lines, or any other transmission or transportation utility right-of-way, except temporary roads located within the boundaries of the cutting area and which are used in the actual logging operations, shall reduce the hazard resulting from the clearing or from the cutting of material for the construction of the public or private utility unless exempted by the department. At least 10 days before commencement of the clearing, the person conducting the clearing shall notify the department of commencement of the clearing in the form and manner the department provides.

(2) Hazard reduction, including burning where this method of disposal is used, shall be done as rapidly as cutting or clearing progresses; however, upon application to the department, it may grant a permit extending the time within which the burning must be done in compliance with this chapter relating to burning permits during the closed season.

(3) This section applies to all clearing of rights-of-way across private land and on behalf of the state, county, highway districts, and road districts, whether the work is done by day labor or by contract, and unless unavoidable emergency prevents, provision shall be made by the proper officials conducting, directing, or letting the work for withholding until it is complete a sufficient portion of the payment therefor to assure compliance with this part."

Section 3. Section 76-13-409, MCA, is amended to read:

HeinOnline -- 1979 vol. III 1790 1979

"76-13-409. Duty of purchaser to insure compliance. (1) The initial purchaser of forest products which have been cut or are about to be cut from any private lands within the state shall, before making the purchase or contract to purchase, determine that the person engaged or about to engage in the cutting of these forest products has provided for the reduction or management of the fire hazard thus created, as provided in this part.

(2) When the hazard reduction agreement provides that the purchaser of forest products shall withhold moneys to insure faithful compliance with this part, the purchaser shall transmit all moneys which are withheld to the department on or before the 15th day of each month, clearly identifying by number the hazard reduction agreement to which the withheld moneys pertain. The purchaser shall keep accurate records of the purchase and the amounts withheld, which may be inspected by the department at any reasonable time.

(3) Upon the department making the determination that faithful compliance with this part has been achieved, the department shall return to the owner thereof all such withheld money with the exception of *4%* for inspection, *administration, enforcement, and smoke management.*"

Section 4. Section 76-13-410, MCA, is amended to read:

"76-13-410. Failure to comply. (1) If a person fails, refuses, or neglects to properly dispose of slash in accordance with the requirements of *76-13-407 and* 76-13-408 and is engaged or is about to engage, either for himself or for another, in cutting timber or other forest products and thereby creates a fire hazard, he may be enjoined from *further* timber *harvesting operations* until *76-13-407 and* 76-13-408 have been complied with. The department may initiate the proceedings and may *obtain* a temporary *restraining order,* injunction, *or writ of mandate.* The proceedings shall be conducted in the district court of the county where the land is located.

(2) If a person fails to comply with *76-13-407 or* 76-13-408 and has cut any forest products and fails to comply within 30 days after being notified to do so by the department, the department may complete, direct, or authorize the disposal of the slash at the expense of the owner of the timber or other forest products cut or produced from the land upon which the undisposed of fire hazard remains.

(3) The cost and expense of the disposal, plus 20% of the cost and expense of the disposal as a penalty, constitutes a lien upon the forest products so cut or produced from the land. If payment of the sum demanded is not made to the department within 10 days of its written demand, the department shall bring legal action on behalf of the state to recover the debt."

Section 5. **Failure to submit withholding — remedy.** (1) If a purchaser does not submit withheld money on or before the 15th day of each month when required to do so under 76-13-407, he must be notified by registered or certified mail that he is in noncompliance and be given 15 days to submit all money then due. If he fails to submit all money due within the required time, the department may initiate proceedings to

HeinOnline -- 1979 vol. III 1791 1979

enjoin further processing of all wood products until all money due is paid in full or satisfactory arrangements for payments are made.

(2) If payment is not made within the 15-day period after notification as provided in subsection (1), a penalty of 5% of the amount due must be assessed. The department may abate the penalty if the purchaser establishes that the failure to submit the amount due as required was due to reasonable cause and was not due to neglect on his part. The department, in addition to the penalty, may impose interest at the rate of 10% a year on any balance remaining unpaid.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Construction project at Montana state university and eastern Montana college.** (1) Under the provisions of 20-25-302(1) and 18-2-102, the legislature authorizes and consents to a capital construction program at Montana state university, Bozeman, Montana, and eastern Montana college at Billings, Montana, consisting of the acquisition, construction, and equipping of improvements to:

(a) the student union building at Montana state university;

(b) the physical education, athletic, and recreational facilities at Montana state university; and

(c) the physical education, athletic, and recreational facilities at eastern Montana college.

(2) The legislature further consents to the financing of these projects by the board of regents of higher education from gifts, grants, fees and earnings, and from the issuance of bonds by the board of regents in accordance with [sections 2 and 3] and 20-25-402.

Section 2. **Bonds for construction project — limits.** Upon request of the board of regents, the board of examiners is authorized to issue and sell long-range building program bonds upon the conditions and in the manner stated in Title 17, chapter 5, part 4:

(1) in a principal amount not to exceed $4,000,000 for the purpose of financing the costs of the student union building at Montana state university; and

The undertaking by the board of regents may be in the form of a revenue bond or bonds issued by the board of regents to the board of examiners or it may be in the form of an agreement between the board of regents and board of examiners. The payments under any such bonds or agreement shall be from such revenues, fees, and income as are lawfully available to the board of regents to pay the costs of facilities to be financed by the long-range building program bonds hereby authorized or to pay debt service on obligations of the board of regents incurred with respect to such facilities and costs. All agreements or bond arrangements entered into between the board of regents and the department of administration will specifically require the board to maintain debt service payments and the reserve requirement to the long-range building sinking fund. If enrollment reductions should endanger these payments, the regents shall insure continued payments through budget adjustments which include fee increases. With the approval of the board of examiners, any undertaking and the payments thereunder may be subordinated to other obligations of the board of regents upon such terms as the board of examiners considers appropriate. The undertaking of the board of regents shall be solely for the benefit of and enforceable by the state and may not be enforceable by the holders of the long-range building program bonds. No construction or related bids shall be let until the bond proceeds are deposited in the clearance fund. The amount of such proceeds is appropriated from the clearance fund account to the board of regents for the purpose for which the bonds are authorized.

Section 5. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

There is no requirement for separate majorities in local governments voting on consolidation.

(c) In any election involving the question of county merger, the questions shall be submitted to the electors in the counties affected and requires a majority of the votes cast on the questions in each affected county for adoption.

(d) If the electors disapprove the proposed new form of local government, amendments, or consolidation plan, the local government retains its existing form.

Section 15. **General ballot requirements.** (1) The question of adopting an alteration of an existing form of government proposed by petition shall be submitted to the electors in substantially the following form:

Vote for one:

☐ FOR adoption of the (self-government charter, amendment to an existing charter, or plan of government) proposed for (insert name of local government) proposed by petition of the people.

☐ FOR the existing form of government.

(2) The whole number of ballots shall be divided into two equal sets. No more than one set may be used in printing the ballot for use in any one precinct and all ballots furnished for use in one precinct shall be identical. The existing plan of government shall be printed as the first item and the proposed plan as the second item on half of the ballots and the proposed form as the first item and the existing form as the second item on the other half of the ballots. If the local government consists of only one precinct, the existing plan shall be listed first on the ballot.

Section 16. **Treatment of suboptions for alternative forms.** (1) No petition recommendation may involve more than three separate suboptions, and no suboption may contain more than two alternatives. If a suboption is submitted to the voters, only the ballot alternatives within that suboption receiving the highest number of affirmative votes are considered approved and included in the alternative form of government.

(2) A proposed plan shall be submitted to the voters as a single question, except that the suboptions within the alternative plan of local government authorized in Title 7, chapter 3, parts 1 through 7, and the suboptions authorized in a charter may be submitted to the electors as separate questions. The question of adopting a suboption shall be submitted to the electors in substantially the following form:

Vote for one:

A legal officer (who may be called the "county attorney"):

☐ Shall be elected for a term of 4 years.

☐ Shall be appointed for a term of 4 years by the chairman of the local governing body.

HeinOnline -- 1979 vol. III 1801 1979

Section 17. **Effect of adoption of new form of government.** The adoption of a new plan of government does not affect the validity of any bond, debt, contract, obligation, or cause of action accrued or established under the prior form of government.

Section 18. **Filing of approved plan.** (1) A copy of the existing or proposed plan of government ratified by the voters and any apportionment plan or consolidation or merger plan shall be certified by the chairman of the governing body and filed with the department of community affairs, the county records administrator, and the municipal records administrator if it is a municipal plan.

(2) The approved plan filed with the department of community affairs is the official plan and is a public record open to inspection by the public and judicially noticeable by all courts.

Section 19. **Judicial review.** Judicial review to determine the validity of the procedures whereby any charter or alternative plan of government is adopted may be initiated by petition in district court of 10 or more registered voters of the local government brought within 60 days after the election at which the charter or plan of government, revision, or amendment is approved. If no petition is filed within that period, compliance with all the procedures required by [this act] and the validity of the manner in which the charter or plan of government was approved is conclusively presumed. It is presumed that proper procedure was followed and all procedural requirements were met. The adoption of a charter or plan of government may not be considered invalid because of any procedural error or omission unless it is shown that the error or omission materially and substantially affected its adoption.

Section 20. **Three-year moratorium.** Unless the constitution requires otherwise, the electors of any unit of local government which has voted upon the question of changing the form of local government, charter, or consolidation plan or upon the question of amending the alternative form, charter, or consolidation plan may not vote on the question of changing or amending the form of local government for 3 years.

Section 21. **Effective date of alternative plan or amendment.** (1) An alternative plan of local government approved by the electors takes effect when the new officers take office, except as otherwise provided in any charter or consolidation plan. A consolidation or merger plan adopted by the electors takes effect in the same manner.

(2) Provisions creating offices and establishing qualifications for office under any apportionment plan become effective immediately for the purpose of electing officials.

(3) An amendment to an existing plan of government becomes effective at the beginning of the local government's fiscal year commencing after the election results are officially declared.

Section 22. **General transition provisions.** (1) The governing body shall prepare an advisory plan for orderly transition to a new plan of local government. The transition plan may propose necessary ordinances, plans

HeinOnline -- 1979 vol. III 1802 1979

for consolidation of services and functions, and a plan for reorganizing boards, departments, and agencies.

(2) The governing body of a local government may enact and enforce ordinances to bring about an orderly transition to the new plan of government, including transfer of powers, records, documents, properties, assets, funds, liabilities, or personnel. These ordinances are to be consistent with the approved plan and necessary or convenient to place it into full effect. Whenever a question arises concerning transition which is not provided for, the governing body may provide for the transition by ordinance, rule, or resolution not inconsistent with law.

Section 23. **Transition provisions affecting personnel.** (1) The members of the governing body holding office on the date the new plan of government is adopted by the electors of the local government continue in office and in the performance of their duties until the governing body authorized by the plan has been elected and qualified, whereupon the prior governing body is abolished.

(2) All other employees holding offices or positions, whether elective or appointive, under the government of the county or municipality continue in the performance of the duties of their respective offices and positions until provisions are made for the performance or discontinuance of the duties or the discontinuance of the offices or positions.

(3) A charter or a petition or resolution proposing an alteration to an existing form of local government may provide that existing elected officers shall continue in office until the end of the term for which they were elected or may provide that existing elected officers shall be retained as local government employees until the end of the term for which they were elected and their salaries may not be reduced.

Section 24. **Treatment of existing ordinances and resolutions.** (1) All ordinances and resolutions in effect at the time the new form of government becomes effective continue in effect until repealed or amended in the manner provided by law.

(2) Within 2 years after ratification of a consolidation plan, the governing body of the consolidated local government shall revise, repeal, or reaffirm all rules, ordinances, and resolutions in force within the participating county and municipalities at the time of consolidation. Each rule, ordinance, or resolution in force at the time of consolidation remains in force within the former geographic jurisdiction until superseded by action of the new governing body. Ordinances and resolutions relating to public improvements to be paid for in whole or in part by special assessments may not be repealed.

Section 25. **Election of new officials.** (1) Within 20 days after an election at which the new plan of government is approved by the electors, the governing body of the local government shall meet and order a special primary and general election for the purpose of electing the officials required by the new form of government. The elections for officials may be held in conjunction with any other election.

HeinOnline -- 1979 vol. III 1803 1979

(2) The order shall specify a date for the primary election not more than 120 days or less than 20 days after the election approving the new form and a date for the general election 60 days after the primary.

Section 26. **Organization of new governing body.** (1) The first meeting of a new governing body for a new plan of government shall be held at 10 a.m., 60 days after the election of the new officers. At that time, newly elected members shall take the oath of office prior to assuming the duties of office.

(2) If the terms of the commissioners are to be overlapping, they shall draw lots to establish their respective terms of office.

Section 27. **Codification.** It is intended that sections 1 through 27 be codified as an integral part of Title 7, chapter 3, part 1, and the provisions of Title 7, chapter 3, apply to sections 1 through 27.

Section 28. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Approved May 8, 1979.

(b) The department may allow in its discretion a credit against the fee payable under this section for the development of information or providing of services required hereunder or required for preparation of an environmental impact statement under the Montana or national environmental policy acts. The applicant may submit the information to the department together with an accounting of the expenses incurred in preparing the information; the department shall evaluate the applicability, validity, and usefulness of the data and determine the amount which may be credited against the filing fee payable under this section. Upon 30 days' notice to the applicant, this credit may at any time be reduced if the department determines that it is necessary to carry out its responsibilities under this chapter.

(2) (a) The department may contract with an applicant for the development of information, provision of services and payment of fees required under this chapter. The contract may continue an agreement entered into pursuant to 75-20-106. Payments made to the department under such a contract shall be credited against the fee payable hereunder. Notwithstanding the provisions of this section, the revenue derived from the filing fee must be sufficient to enable the department, the department of health, the board, the board of health, and the agencies listed in 75-20-216(5) to carry out their responsibilities under this chapter. The department may amend a contract to require additional payments for necessary expenses up to the limits set forth in subsection (1)(a) above upon 30 days' notice to the applicant. The department and applicant may enter into a contract which exceeds the scale provided in subsection (1)(a).

(b) If a contract is not entered into, the applicant shall pay the filing fee in installments in accordance with a schedule of installments developed by the department, provided that no one installment may exceed 20% of the total filing fee provided for in subsection (1).

(3) The estimated cost of upgrading an existing transmission substation may not be included in the estimated cost of a proposed facility for the purpose of calculating a filing fee.

(4) If an application consists of a combination of two or more facilities, the filing fee shall be based on the total estimated cost of the combined facilities.

(5) The applicant is entitled to an accounting of moneys expended and to a refund *with interest at the rate of 6% a year* of that portion of the filing fee not expended by the department in carrying out its responsibilities under this chapter. *A refund shall be made after all administrative and judicial remedies have been exhausted by all parties to the certification proceedings.*

(6) The revenues derived from filing fees shall be used by the department in compiling the information required for rendering a decision on a

HeinOnline -- 1979 vol. III 1809 1979

certificate and for carrying out its *and the board's* other responsibilities under this chapter."

Section 8. Section 75-20-216, MCA, is amended to read:

"75-20-216. Study, evaluation, and report on proposed facility — assistance by other agencies. *(1) After receipt of an application, the department and department of health shall within 90 days notify the applicant in writing that:*

(a) the application is in compliance and is accepted as complete; or

(b) the application is not in compliance and list the deficiencies therein; and upon correction of these deficiencies and resubmission by the applicant, the department and department of health shall within 30 days notify the applicant in writing that the application is in compliance and is accepted as complete.

(2) Upon receipt of an application complying with 75-20-211 through 75-20-215, *and this section,* the department shall commence an intensive study and evaluation of the proposed facility and its effects, considering all *applicable* criteria listed in 75-20-301 and 75-20-503 *and the department of health shall commence a study to enable it or the board of health to issue a decision, opinion, order, certification, or permit as provided in subsection (3). The department and department of health shall use, to the extent they consider applicable, valid and useful existing studies and reports submitted by the applicant or compiled by a state or federal agency.*

(3) The department of health shall within 1 year following the date of acceptance of an application, and the board of health, if applicable, within an additional 6 months, issue any decision, opinion, order, certification, or permit required by state or federal air and water quality laws and this chapter. The department of health and the board of health shall determine compliance with air and water quality standards and implementation plans for the primary and reasonable alternate locations in their decision, opinion, order, certification, or permit. The decision, opinion, order, certification, or permit, with or without conditions, is conclusive on all matters of air and water quality impacts under the federal and state air and water quality statutes that the department of health and board of health administer, and any of the criteria specified in 75-20-503(3) and (4) that are a part of the determinations made under federal and state air and water quality statutes. Although the decision, opinion, order, certification, or permit issued under this subsection is conclusive, the board retains authority to make the determination required under 75-20-301(2)(c). The decision, opinion, order, certification, or permit of the department of health or the board of health satisfies the review requirements by those agencies and shall be acceptable in lieu of an environmental impact statement under the Montana Environmental Policy Act. A copy of the decision, opinion, order, certification, or permit shall be served upon the department and the board and shall be utilized as part of their final site selection process. Prior to the issuance of a preliminary decision by the department of health and pursuant to rules adopted by the board of health, the department of health shall provide

HeinOnline -- 1979 vol. III 1810 1979

an opportunity for public review and comment. A decision by the department of health or board of health is subject to appellate review pursuant to the air and water quality statutes administered by the department of health and board of health.

(4) Within *22 months* following *acceptance* of an application for a facility as defined in (a) and (d) of *75-20-104(10)* and for a facility as defined in (b) and (c) of *75-20-104(10)* which is more than 30 miles in length and within 1 year for a facility as defined in (b) and (c) of *75-20-104(10)* which is 30 miles or less in length, the department shall make a report to the board which shall contain the department's studies, evaluations, recommendations, other pertinent documents resulting from its study and evaluation, and *an* environmental impact statement *or analysis prepared pursuant to the Montana Environmental Policy Act, if any.* If the application is for a combination of two or more facilities, the department shall make its report to the board within the greater of the lengths of time provided for in this subsection for either of the facilities.

(5) The departments of highways, community affairs, fish and game, *state lands, revenue,* and public service regulation shall report to the department information relating to the impact of the proposed site on each department's area of expertise. The report may include opinions as to the advisability of granting, denying, or modifying the certificate. The department shall allocate funds obtained from filing fees to the departments making reports to reimburse them for the costs of compiling information and issuing the required report."

Section 9. Section 75-20-217, MCA, is amended to read:

"75-20-217. Voiding an application. An application may be voided by the department for:

(1) any material and knowingly false statement in the application or in accompanying statements or studies required of the applicant;

(2) failure to file an application in substantially the form and content required by this chapter and the rules adopted thereunder; or

(3) failure to deposit the filing fee as *provided in* 75-20-215."

Section 10. Section 75-20-218, MCA, is amended to read:

"75-20-218. Hearing date — location — department to act as staff — hearings to be held jointly. *(1)* Upon receipt of the department's report submitted under 75-20-216, the board shall set a date for a hearing to begin not more than 120 days after the receipt. Except for those hearings involving applications submitted for facilities as defined in (b) and (c) of *75-20-104(10)*, certification hearings shall be conducted by the board in the county seat of Lewis and Clark County or the county in which the facility or the greater portion thereof is to be located.

(2) Except as provided in 75-20-221(2), the department shall act as the staff for the board throughout the decisionmaking process and the board may request the department to present testimony or cross-examine witnesses as the board considers necessary and appropriate.

HeinOnline -- 1979 vol. III 1811 1979

(3) At the request of the applicant, the duly authorized state air and water quality agencies shall hold any required permit hearings required under laws administered by those agencies in conjunction with the board certification hearing. In such a conjunctive hearing the time periods established for reviewing an application and for issuing a decision on certification of a proposed facility under this chapter supersede the time periods specified in other laws administered by the duly authorized state air and water quality agencies."

Section 11. Section 75-20-219, MCA, is amended to read:

"75-20-219. Amendments to a certificate. *(1) Within 30 days after notice of an amendment to a certificate is given as set forth in 75-20-213(1) including notice to all active parties to the original proceeding, the department shall determine whether the proposed change in the facility would result in any material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility other than as provided in the alternates set forth in the original application. If the department determines that the proposed change would result in any material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility, the board shall hold a hearing in the same manner as a hearing is held on an application for a certificate. After hearing, the board shall grant, deny, or modify the amendment with such conditions as it deems appropriate.*

(2) In those cases where the department determines that the proposed change in the facility would not result in any material increase in any environmental impact or would not be a substantial change in the location of all or a portion of the facility, the board shall automatically grant the amendment either as applied for or upon such terms or conditions as the board considers appropriate unless the department's determination is appealed to the board within 15 days after notice of the department's determination is given.

(3) If a hearing is required, the applicant has the burden of showing by clear and convincing evidence that the amendment should be granted.

(4) If an amendment is required to a certificate which would affect, amend, alter or modify a decision, opinion, order, certification, or permit issued by the department of health or board of health, such amendment must be processed under the applicable statutes administered by the department of health or board of health."

Section 12. Section 75-20-220, MCA, is amended to read:

"75-20-220. Hearing examiner — restrictions — duties. *(1)* If the board appoints a hearing examiner to conduct any certification proceedings under this chapter, the hearing examiner may not be a member of the board, an employee of the department, *or a member or employee of the department of health or board of health. A hearing examiner, if any, shall be appointed by the board within 20 days after the department's report has been filed with the board. If a hearing is held before the board of health, the board and the board of health shall mutually*

HeinOnline -- 1979 vol. III 1812 1979

agree on the appointment of a hearing examiner to preside at both hearings.

(2) A prehearing conference shall be held following notice within 60 days after the department's report has been filed with the board.

(3) The prehearing conference shall be organized and supervised by the hearing examiner.

(4) The prehearing conference shall be directed toward a determination of the issues presented by the application, the department's report, and an identification of the witnesses and documentary exhibits to be presented by the active parties who intend to participate in the hearing.

(5) The hearing examiner shall require the active parties to submit, in writing, and serve upon the other active parties, all direct testimony which they propose and any studies, investigations, reports, or other exhibits that any active party wishes the board to consider. (iii) that the facility will serve the interests of utility system economy and reliability;

(f) that the location of the facility as proposed conforms to applicable state and local laws and regulations issued thereunder, except that the board may refuse to apply any local law or regulation if it finds that, as applied to the proposed facility, the law or regulation is unreasonably restrictive in view of the existing technology, of factors of cost or economics, or of the needs of consumers, whether located inside or outside of the directly affected government subdivisions;

(g) that the facility will serve the public interest, convenience, and necessity; and

(h) *that the department of health or board of health have issued a decision, opinion, order, certification, or permit as required by 75-20-216(3).*

HeinOnline -- 1979 vol. III 1815 1979

"75-20-302. Conditions imposed. If the board determines that the location of all or a part of the proposed facility should be modified, it may condition its certificate upon such modification, provided that the persons residing *in the area* affected by the modification have been given reasonable notice of the modification."

Section 17. Section 75-20-304, MCA, is amended to read:

"75-20-304. Waiver of provisions of certification proceedings. *(1)* The board may waive compliance with any of the provisions of 75-20-216 through 75-20-222, *75-20-501,* and this part if the applicant makes a clear and convincing showing to the board at a public hearing that an immediate, urgent need for a facility exists and that the applicant did not have knowledge that the need for the facility existed sufficiently in advance to fully comply with the provisions of 75-20-216 through 75-20-222, *75-20-501,* and this part.

(2) The board may waive compliance with any of the provisions of this chapter upon receipt of notice by a utility or person subject to this chapter that a facility or associated facility has been damaged or destroyed as a result of fire, flood, or other natural disaster or as the result of insurrection, war, or other civil disorder and there exists an immediate need for construction of a new facility or associated facility or the relocation of a previously existing facility or associated facility in order to promote the public welfare."

Section 19. Section 75-20-402, MCA, is amended to read:

"75-20-402. Monitoring. The board, the department, *the department of health, and the board of health* shall monitor the operations of all certificated facilities for assuring continuing compliance with this chapter and certificates issued hereunder and for discovering and preventing noncompliance with this chapter and the certificates. *The applicant shall pay all expenses related to the monitoring plan established in subsection (3)(a)(v) of 75-20-303 to the extent federal funds available for the facility, as determined by the department of health, have not been provided for such purposes.*"

(c) The penalty shall be recoverable in a civil suit brought by the attorney general on behalf of the state in the first district court of Montana.

(2) Whoever knowingly and willfully violates subsection (1) shall be fined not more than $10,000 for each violation or imprisoned for not more

HeinOnline -- 1979 vol. III 1817 1979

than 1 year, or both. Each day of a continuing violation shall constitute a separate offense.

(3) In addition to any penalty provided in subsections (1) or (2), whenever the department determines that a person is violating or is about to violate any of the provisions of this section, it may refer the matter to the attorney general who may bring a civil action on behalf of the state in the first district court of Montana for injunctive or other appropriate relief against the violation and to enforce this chapter or a certificate issued hereunder. Upon a proper showing, a permanent or preliminary injunction or temporary restraining order shall be granted without bond.

(4) The department shall also enforce this chapter and bring legal actions to accomplish the enforcement through its own legal counsel.

(5) All fines and penalties collected shall be deposited in the earmarked revenue fund for the use of the department in administering this chapter."

Section 24. **Order not stayed by appeal — stay or suspension by court — limitations.** Notwithstanding any contrary provision in the

HeinOnline -- 1979 vol. III 1821 1979

law, the pendency of an appeal from a board order does not automatically stay or suspend the operation of the order. During the pendency of the appeal, the court may upon motion by one of the parties stay or suspend, in whole or in part, the operation of the board's orders on terms the court considers just. The court's action must be in accordance with the practice of courts exercising equity jurisdiction, subject to the following limitations:

(1) No stay may be granted without notice to the parties and an opportunity to be heard by the court.

(2) No board order may be stayed or suspended without finding that irreparable damage would otherwise result to the party seeking the stay or suspension, and any other stay or suspension of a board order must specify the nature of the damage.

Section 25. **Surety bond — other security.** If an order of the board is stayed or suspended, the court may require a bond with good and sufficient surety conditioned that the party petitioning for review answer for all damages caused by the delay in enforcing the order of the board; except that the cost of the bond is not chargeable to the applicant as part of the fee. If the party petitioning for review prevails upon final resolution of an appeal, he does not forfeit bond nor is he responsible for damages caused by delay.

Section 26. **Waiver of baseline data requirement if existing contract.** The department may in its discretion waive the requirement that baseline data for the primary and reasonable alternate locations be submitted with an application under 75-20-211(1)(a)(v) in those cases in which the applicant has, prior to July 1, 1979, entered into a contract with the department to compile baseline information.

Section 27. **Codification.** It is the intent of the legislature that sections 24 and 25 become an integral part of Title 75, chapter 20, MCA, and that the provisions of that chapter apply to sections 24 and 25.

Section 28. **Repealer.** Sections 75-20-1101 through 75-20-1105, MCA, are repealed.

Approved May 8, 1979.

(2) The pay schedules provided in 2-18-311 and 2-18-312 and the provisions of subsection (1) of this section do not apply to those institutional teachers, liquor store occupations, or blue-collar occupations compensated under the pay schedules provided in [sections 9, 10, or 11 of this act].

(3) The pay schedules provided in [sections 9, 10, or 11 of this act] shall be implemented as follows:

(a) (i) The pay schedules provided in [section 9 of this act] indicate the annual compensation for the contracted school term for teachers employed by institutions under the authority of the department of institutions for fiscal years 1980 and 1981.

(ii) The compensation of each teacher on the first day of the first pay period in July 1980 shall be that amount which corresponds to his level of academic achievement and the next highest grade from that occupied on June 30, 1979.

(iii) The compensation of each teacher on the first day of the first pay period in July 1981 shall be that amount which corresponds to his level of achievement and the next highest grade from that occupied on June 30, 1980.

(b) (i) The pay schedules provided in [section 10 of this act] indicate the maximum hourly compensation for fiscal years ending June 30, 1980,

HeinOnline -- 1979 vol. III 1826 1979

and June 30, 1981, for those employees in liquor store occupations who have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year 1980 or 1981, as the case may be, shall be that amount which corresponds to that grade occupied on the last day of the preceding fiscal year.

(c) (i) The pay schedules provided in [section 11 of this act] indicate the maximum hourly compensation for fiscal years ending June 30, 1980, and June 30, 1981, for employees in apprentice trades and crafts and other blue-collar occupations recognized in the state blue-collar classification plan who are members of units that have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year 1980 or 1981, as the case may be, shall be that amount which corresponds to that grade occupied on the last day of the preceding fiscal year.

(4) (a) (i) No member of a bargaining unit may receive the amounts indicated in the respective pay schedules provided in 2-18-311, 2-18-312, or [sections 9, 10, or 11 of this act] until the bargaining unit of which he is a member ratifies a completely integrated collective bargaining agreement covering the biennium ending June 30, 1981.

(ii) In the event that negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) of this section are not completed by July 1, 1979, retroactivity to that date may be negotiated.

(iii) In the event that negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) of this section are not completed by July 1, 1979, members of the bargaining unit involved will continue to receive the compensation they were receiving as of June 30, 1979.

(b) Methods of administration not inconsistent with the purpose of [this act] and necessary to properly implement the pay schedules provided in [sections 9, 10, or 11 of this act] may be provided for in collective bargaining agreements.

(5) The current wage or salary of an employee shall not be reduced by the implementation of the pay schedules provided for in 2-18-311, 2-18-312, or [sections 9, 10, or 11 of this act].

(6) The department may authorize a separate pay schedule for medical doctors if the rates provided in 2-18-311 and 2-18-312 are not sufficient to attract and retain fully licensed and qualified physicians at the state institutions.

(7) The department may develop a program which will enable the department to mitigate problems associated with difficult recruitment, retention, transfer, or other exceptional circumstances. Insofar as the program may apply to employees within a collective bargaining unit, it shall be a negotiable subject under 39-31-305."

HeinOnline -- 1979 vol. III 1827 1979

Section 5. Section 2-18-304, MCA, is amended to read:

"2-18-304. Longevity allowance. In addition to the compensation *provided for* in 2-18-311, 2-18-312, *[section 9 of this act], [section 10 of this act], or [section 11 of this act],* each employee who has completed 5 years of uninterrupted state service shall receive the larger of $10 a month or 10% of the difference between the base compensation for his grade and step *(where applicable)* and the base compensation for the *next highest grade and* corresponding step *(where applicable) multiplied* by the number of completed, contiguous 5-year periods of uninterrupted *state* service. Service to the state *is* not interrupted by authorized leaves of absence."

Section 6. Section 2-18-305, MCA, is amended to read:

"2-18-305. Allocation between wages and group benefits. (1) The dollar amounts shown in the respective *pay schedules provided* in 2-18-311, 2-18-312, *[section 9 of this act], [section 10 of this act], or [section 11 of this act], as the case may be,* represent the maximum amount allocated by the state for wages and *group* benefits, exclusive of longevity as defined in 2-18-304. Except as provided in subsection (2) of this section, that amount specifically allocated for *group* benefits shall be determined by 2-18-703. An employee who elects not to be covered by a state *employee group benefit* plan will receive as wages the amount shown in the appropriate *pay schedule* less the state contribution for *group benefits* as determined by 2-18-703.

(2) Employees may, through collective bargaining, determine the allocation of the amounts shown in the *pay schedules provided in* 2-18-311, 2-18-312, *[section 9 of this act], [section 10 of this act], or [section 11 of this act], as the case may be,* between wages and *group* benefits, except that in no case may the *group benefits* allocation be less than the amounts provided in 2-18-703."

Up to $.031 of the hourly increase granted above for Fiscal Year 1981 shall not be granted to an employee to the extent that the employee would receive a rate, commonly called a red-circled rate, exceeding the above listed rates due to the fact that such employee, at the time the blue collar plan was originally implemented, was paid at a rate greater than the standard blue collar rate for his classification.

(3) In recognition that the blue-collar employee classes in the university system have been paid at rates higher than employees in the blue-collar classes in the executive branch, it is the intent of the legislature during the next biennium that the board of regents seek wage settlements which reduce the current wage disparities or provide wages equal to those of employees in the executive branch.

Section 14. **Appropriation.** There is appropriated to the Office of Budget and Program Planning $4,509,410 for the fiscal year ending June 30, 1980, and $9,490,590 for the fiscal year ending June 30, 1981, from the general fund to carry out the provisions of this act as it pertains to executive branch agencies not including units of the university system, vocational-technical centers, and community colleges. AN ACT TO REAFFIRM THE INTENT OF THE LEGISLATURE REGARDING THE STATUS OF TAXES OR LICENSE FEES PAID TO THE STATE UNDER PROTEST; AMENDING SECTION 15-1-402, MCA; PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, section 15-1-402, MCA, has been amended by the Montana legislature several times since the original enactment in 1895; and

WHEREAS, it has been the intent of the Montana legislature to provide for payment of taxes, licenses, and other demands for public revenue under protest; and

WHEREAS, it has been the intent of the Montana legislature that protested payments of taxes, licenses, or other demands for public revenue paid to the state shall not be placed in a special protest fund by the department of revenue.

THEREFORE, it is the purpose of this act to clarify that legislative intent and to clarify the existing law to reflect the original intent of the legislature. No change in the law is contemplated by this act.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of taxes under protest — action to recover. (1) In all cases of levy of taxes, licenses, or other demands for public revenue which are deemed unlawful by the party whose property is thus taxed or from whom such tax or license is demanded or enforced, such party may, before such tax or license becomes delinquent, pay under written protest such portions of such tax or license deemed unlawful to the officers designated and authorized to collect the same, specifying the grounds of protest. Thereupon the party so paying or his legal representatives may bring an action in any court of competent jurisdiction against the officers to whom said license or tax was paid or against the county or municipality in whose behalf the same was collected and the department of revenue, which shall be served with summons and copy of the complaint, to recover such portions of such tax or license paid under protest. Any action instituted to recover any such portions of license or tax paid under protest shall be commenced and summons served within 60 days after the date of payment of the same. When any such license or tax is payable in installments, the first installment portion of such tax or license as may be deemed unlawful may be paid under written protest and suit commenced and summons served to recover the same within the time herein prescribed, and if any subsequent installment of such license or tax shall become due or payable before the final determination of the suit commenced to recover the first installment portion paid under protest, then such subsequent installment portion deemed unlawful may also be paid under written protest and no suit or action need be commenced to recover the same, but the determination of the suit or action commenced

All such portions of licenses and taxes when so paid under protest shall be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as protest fund and shall be invested in interest-bearing deposits in local banks or savings and loan associations and retained in such protest fund until the final determination of any suit or action to recover the same. Nothing contained herein prohibits the investment of the moneys of this fund in the state unified investment program. *The provision creating the special protest fund does not apply to any payments made under protest directly to the state.*

(2) If no action is commenced within the time herein specified or if such action be commenced and finally determined in favor of the county or municipality or treasurer thereof, the amount of such protested portions of the license or tax shall be taken from such protest fund and deposited to the credit of the fund or funds to which the same property belongs, but if such action is finally determined adversely to such county or municipality or the treasurer thereof, then the treasurer shall, upon receiving a certified copy of the final judgment in said action, refund to the person in whose favor such judgment is rendered the amount of such protested portions of the license or tax, with costs of suit and interest at the rate currently paid on short-term interest-bearing time deposits in banks in the county or 5% a year, whichever is greater, from the date of payment under protest. If such action was commenced for the purpose of recovering the first installment portions of any such license or tax and any subsequent installment thereof has been paid under protest as herein provided, then the county treasurer shall, at the time of refunding the amount of such first installment required by such judgment, also refund such portion of any subsequent installment as the person holding such judgment is entitled to recover, together with interest thereon at the rate of 6% a year from the date of payment under protest."

CHAPTER NO. 685

AN ACT TO REVISE THE UNEMPLOYMENT COMPENSATION LAWS RELATING TO THE TAXABLE WAGE BASE, EMPLOYER CONTRIBUTIONS, AND EMPLOYER CLASSIFICATION AND EXPERIENCE RATING; AMENDING SECTIONS 39-51-401, 39-51-1103, 39-51-1108, AND 39-51-1301, MCA; REPEALING SECTIONS 39-51-1106, 39-51-1107, 39-51-1201 THROUGH 39-51-1203, AND 39-51-1205, MCA; REPEALING SECTION 39-51-1204, MCA, RETROACTIVELY; AND PROVIDING A RETROACTIVE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [Title 39, chapter 51, part 11], the following definitions apply:

(1) "Computation date" means June 30 preceding the calendar year for which a covered employer's contribution rate is effective.

HeinOnline -- 1979 vol. III 1855 1979

(2) "Cutoff date" means September 30 immediately following the computation date.

(3) "Deficit employer" means a covered employer who has established a record of accumulated benefits charged to his account in excess of his accumulated contributions paid as of the cutoff date and has a minus experience factor.

(4) "Division" means the employment security division of the department of labor and industry.

(5) "Eligible employer" means a covered employer who has:

(a) paid contributions during each of the 3 fiscal years immediately preceding the computation date;

(b) with respect to such 3 fiscal years, filed all contribution reports prescribed by the division;

(c) paid all contributions due with respect to the 3 fiscal years before the cutoff date of the rate year;

(d) established a record of accumulated contributions in excess of benefits charged to his account; and

(e) achieved a plus experience factor.

(6) "Fiscal year" means the four consecutive calendar quarters ending on June 30.

(7) "Governmental entities" means the state or any political subdivision of the state or an instrumentality of the state or a political subdivision, including any employing unit funded directly by tax levies.

(8) "Unrated employer" means a covered employer who has not paid contributions in each of the 3 fiscal years immediately preceding the computation date or an employer who has established a record of accumulated contributions in excess of benefits charged to his account but has not filed all required payroll reports or paid contributions by the cutoff date for any of the quarters in the 3 fiscal years immediately preceding the computation date.

Section 2. **Extension of cutoff date.** The division may extend the cutoff date in meritorious cases.

Section 3. **Treatment of minor irregularities in determination of eligible employer status.** For the purpose of determining if a covered employer is an eligible employer, delinquencies of a minor nature may be disregarded if it is shown to the satisfaction of the division that the covered employer acted in good faith and that forfeiture of a reduced contribution rate because of such minor delinquency would be inequitable.

Section 4. **Rates of contributions.** All covered employers, except governmental entities and those qualified and electing to make payments in lieu of contributions, shall pay contributions at rates assigned annually by the division.

HeinOnline -- 1979 vol. III 1856 1979

Section 5. **Procedure for election to make payments in lieu of contributions.** (1) Any nonprofit organization defined in 39-51-1103 or governmental entity electing to become liable for payments in lieu of contributions must file a written notice of its election with the division not later than 30 days immediately following the date of the determination of subjectivity to [Title 39, chapter 51]. This election shall be for a period of not less than 2 years.

(2) Any nonprofit organization defined in 39-51-1103 or governmental entity which has been paying contributions for at least 2 taxable years may change to payments in lieu of contributions by filing a written notice to that effect with the division within 30 days before the beginning of the taxable year for which the change is effective.

Section 6. **Computation of payments in lieu of contributions.** (1) Qualified employers electing to make payments in lieu of contributions shall pay into the fund an amount equivalent to the full amount of regular benefits plus one-half of the amount of extended benefits paid to individuals based on wages paid by the employing unit. After December 31, 1978, governmental entities shall pay the full amount of extended benefits.

(2) If benefits paid an individual are based on wages paid by both the employer and one or more other employers, the amount payable by any one employer to the fund bears the same ratio to total benefits paid to the individual as the base period wages paid to the individual by such employer bear to the total amount of base period wages paid to the individual by all his base period employers.

(3) If the base period wages of an individual include wages from more than one such employer, the amount to be paid into the fund with respect to the benefits paid to the individual shall be prorated among the liable employers in proportion to the wages paid to the individual by each such employer during the base period.

(4) The amount of payment required from employers shall be ascertained by the division monthly and becomes due and payable by the employer quarterly as directed in [Title 39, chapter 51]. Penalty and interest for delinquency shall be assessed such employers as specified in 39-51-1301.

(5) A nonprofit organization which elects to make payments in lieu of contributions into the unemployment compensation fund is not liable to make such payments with respect to the benefits paid to any individual whose base period wages include wages for previously uncovered services, as defined in 39-51-204(3)(c), to the extent that the unemployment compensation fund is reimbursed for such benefits pursuant to section 121 of Public Law 94-566.

Section 7. **Termination of election to make payments in lieu of contributions.** (1) Any nonprofit organization or governmental entity may terminate its election to make payments in lieu of contributions after 2 years from the effective date of such election by filing a written notice with the division not later than 30 days prior to the beginning of the taxable year for which the termination is effective.

HeinOnline -- 1979 vol. III 1857 1979

(2) If a nonprofit organization or governmental entity is delinquent in making payments in lieu of contributions, the division may terminate the election to make payments in lieu of contributions as of the beginning of the next taxable year, and the termination is effective for that and the next taxable year.

Section 8. Section 39-51-1108, MCA, is amended to read:

"39-51-1108. Amount of wages per employee subject to contribution. *(1)* Payment of contributions shall apply only to wages paid up to and including $4,200 by an employer to an employee with respect to employment during the calendar years 1972, 1973, 1974, and the first calendar quarter of year 1975.

(2) For the second calendar quarter of the calendar year 1975 *through the fourth calendar quarter of 1977,* the taxable wage base for each year *is $4,800.*

(3) Effective January 1, 1978, *and thereafter the taxable wage base for each year is $6,000.*

(4) For the first calendar quarter of 1979 and thereafter, the taxable wage base for each year is the greater of:

(a) 75% of the average annual wage as determined under 39-51-2201(2) (rounded to the nearest $100 not to exceed an increase of $200 over the taxable wage base of the preceding year) during the calendar year immediately preceding the most recently completed calendar year; or

(b) the amount of taxable wage base specified in the Federal Unemployment Tax Act.

(c) notwithstanding (4) the taxable wage base for 1979 shall be $7,400."

Section 9. **Experience rating for governmental entities.** (1) Governmental entities newly covered under [Title 39, chapter 51] after December 31, 1974, shall make payments for the period prior to July 1, 1977, equal to 0.4% of total wages paid employees for services in employment during the calendar quarter and for the period after July 1, 1977, shall make payments at the median rate.

(2) The rates of governmental entities who have accumulated experience rating credits shall be adjusted annually as follows with each governmental entity assigned a rate based upon:

(a) its benefit cost experience, to be arrived at by dividing the total sum of benefits charged to the employer's account for all past periods which are completed transactions by December 31 by total wages from date of subjectivity of the employing unit through December 31; and

(b) the benefit cost for all past years of governmental entities electing to pay contributions compared with total payrolls reported for all past years by these governmental entities used as a median, with the rates so fixed using the median that the rates will, when applied to the total

HeinOnline -- 1979 vol. III 1858 1979

annual payroll for subject governmental entities, yield total paid contributions equaling approximately the total benefit costs.

(3) New governmental entities electing to pay contributions shall be assigned the median rate for the year in which they become subject.

(4) At no time may the minimum rate be less than 0.1% or the maximum rate be greater than 1.5%. The rates are to be graduated at one-tenth intervals.

(5) In the event benefit charges exceed contributions paid in the last 2 completed fiscal years, governmental entities' rates will be adjusted by increasing all rates to the next higher schedule.

(6) The computed rate is effective July 1 of each year.

Section 10. **Classification of employers for experience rating purposes.** (1) The division shall for each calendar year classify employers in accordance with their actual experience in the payment of contributions and with respect to benefits charged against their accounts, with contribution rates reflecting benefit experience. Each employer's rate for a calendar year shall be determined on the basis of his record as of July 1 of the preceding calendar year.

(2) In making the classification, each eligible and deficit employer's contribution rate is determined in the manner set forth below for the calendar year 1980 and for each calendar year thereafter:

(a) Each employer is given an "experience factor" which is contributions paid minus benefits charged on each employer's account since July 1, 1976, divided by his average annual taxable payroll rounded to the next lower dollar amount for the 3 fiscal years immediately preceding the computation date. The computation of the "experience factor" shall be to six decimal places.

(b) Schedules shall be prepared listing all eligible and deficit employers in inverse numerical order of their experience factors. There shall be listed on such schedules for each employer in addition to the experience factor:

(i) the amount of his taxable payroll for the fiscal year ending on the computation date; and

(ii) the cumulative total consisting of the sum of the employer's taxable payroll for the fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding him on the schedules.

(3) The cumulative taxable payroll amounts listed on the schedules provided for in [section 14] shall be segregated into groups that will yield approximately the average tax rate according to the tax schedule assigned for that particular taxable year. Each group shall be identified by the rate class number listed in the table which represents the percentage limits of each group. Each employer on the schedules is assigned that contribution rate opposite his rate class for the tax schedule in effect for the taxable year.

HeinOnline -- 1979 vol. III 1859 1979

(4) (a) If the grouping of rate classes requires the inclusion of exactly one-half of an employer's taxable payroll, the employer is assigned the lower of the two rates designated for the two classes in which the halves of his taxable payroll are so required.

(b) If the group of rate classes requires the inclusion of a portion other than exactly one-half of an employer's taxable payroll, the employer is assigned the rate designated for the class in which the greater part of his taxable payroll is so required.

(c) If one or more employers on the schedules have experience factors identical to that of the last employer included in a particular rate class, all such employers are included in and assigned the contribution rate specified for such class, notwithstanding the provisions of [section 10].

(5) If the taxable payroll amount or the experience factor or both such taxable payroll amount and experience factor of any eligible or deficit employer listed on the schedules is changed, the employer is placed in that position on the schedules which he would have occupied had his taxable payroll amount or experience factor as changed been used in determining his position in the first instance, but such change does not affect the position or rate classification of any other employer listed on the schedules and does not affect the rate determination for previous years.

Section 11. **Benefit payments chargeable to employer experience rating accounts.** Benefits paid prior to June 30, with respect to benefit years commencing with July 1, 1976, and thereafter shall, as of June 30 of each year preceding the calendar year for which a covered employer's contribution rate is effective, be charged to the account of the covered employer, except cost reimbursement and governmental employers, who paid the largest individual amount of base period wages as shown on the determination used as the basis for the payment of such benefits. After June 30, 1979, no charge shall be made to the account of such covered employer with respect to benefits paid under the following situations:

(1) if paid to a worker who terminated his services voluntarily without good cause attributable to such covered employer or who had been discharged for misconduct in connection with such services;

(2) if paid in accordance with the extended benefit program triggered by either national or state indicators.

Section 12. **Maintenance of experience rating records.** An experience rating record shall be maintained for each covered employer. The record is credited with all contributions which the covered employer has paid for covered employment prior to the cutoff date. The record is also charged with the amount of benefits paid which are chargeable to the covered employer's account. Nothing in this section grants any covered employer or individual in his service a priority with respect to any claim or right because of amounts paid by the covered employer into the employment security fund.

Section 13. **Experience rating record voided when account inactive.** Whenever an employer whose coverage has been terminated because he has ceased to do business or because he has not covered

HeinOnline -- 1979 vol. III 1860 1979

employment for a period of 3 years, becomes a covered employer, he is considered a new employer and he is not to be credited with his previous experience for the purpose of computing any future "experience factor".

Section 14. **Schedule of rates assigned based on trust fund reserve.** (1) The rate schedule for each calendar year is assigned based upon the ratio of the trust fund balance as of December 31 prior to the rate year to total wages in covered employment for the 12-month period prior to the computation date, except that a recomputation based on the April 1 trust fund balance will be made each year and, if the recomputed ratio results in an increase of .4% or more, all employer rates will increase .2% beginning July 1 for the remainder of the year.

(2) The ratio at the top of each tax schedule in the tax table shown in [section 14] represents the minimum fund level required for a specific tax schedule to be in effect.

(3) Employer rates are assigned in accord with the rates provided in each schedule for eligible, unrated, and deficit employers, based upon their experience as defined in this section, except that for calendar year 1979, the tax rate Schedule X shall be applied as provided for in 39-51-1202.

Section 16. **Procedures for the substitution, merger, or acquisition of an employer account by a successor employing unit.** (1) Subject to the provisions of subsection (3), whenever any individual or organization (whether or not a covered employer) in any manner succeeds to or acquires all or substantially all of the business of an employer who at the time of acquisition was a covered employer and whenever in respect to whom the division finds that the business of the predecessor is continued solely by the successor:

(a) the separate account and the actual contribution, benefit, and taxable payroll experience of the predecessor shall, upon the joint application of the predecessor and the successor within 90 days after such acquisition and approval by the division, be transferred to the successor employer for the purpose of determining the successor's liability and rate of contribution; and

(b) any successor who was not an employer on the date of acquisition becomes a covered employer as of such date.

(2) Whenever any individual or organization (whether or not a covered employer) in any manner succeeds to or acquires part of the business of an employer who at the time of acquisition was a covered employer and whenever such portion of the business is continued by the successor:

HeinOnline -- 1979 vol. III 1862 1979

(a) so much of the separate account and the actual contribution, benefit, and taxable payroll experience of the predecessor as is attributable to the portion of the business transferred, as determined on a pro rata basis in the same ratio that the wages of covered employees properly allocable to the transferred portion of the business bears to the payroll of the predecessor in the last four completed calendar quarters immediately preceding the date of transfer, shall, upon the joint application of the predecessor and the successor within 90 days after such acquisition and approval by the division, be transferred to the successor employer for the purpose of determining the successor's liability and rate of contribution; and

(b) any successor who was not an employer on the date of acquisition becomes a covered employer as of such date.

(3) (a) The 90-day period may be extended at the discretion of the division.

(b) Whenever a predecessor covered employer has a deficit experience rating account as of the last computation date, the transfer provided for in subsections (1) and (2) is mandatory except when it is shown by substantial evidence that the management or ownership or both the management and ownership are not substantially the same for the successor as for the predecessor, in which case the successor shall begin with the rate of a new employer. Whenever such mandatory transfer involves only a portion of the experience rating record and the predecessor or successor employers fail to supply the required payroll information within 10 days after notice, the transfer shall be based on estimates of the applicable payrolls.

(4) (a) If the successor was a covered employer prior to the date of the acquisition of all or a part of the predecessor's business, his rate of contribution, effective the first day of the calendar year immediately following the date of acquisition, is based on the combined experience of the predecessor and successor.

(b) If the successor was not a covered employer prior to the date of the acquisition of all or a part of the predecessor's business, his rate is the rate applicable to the predecessor with respect to the period immediately preceding the date of acquisition, but if there were more than one predecessor, the successor's rate shall be a newly computed rate based on the combined experience of the predecessors, becoming effective immediately after the date of acquisition and remaining in effect for the balance of the rate year.

Section 17. Section 39-51-401, MCA, is amended to read:

"39-51-401. Unemployment compensation account — establishment and control. There is hereby established separate and apart from all public money or funds of this state an account in the agency fund known as the unemployment compensation account, which shall be administered by the division exclusively for the purposes of this chapter. Any reference to the unemployment compensation fund in this code shall be taken to mean the unemployment compensation account in the agency fund. All money in the account shall be mingled and undivided. This account shall consist of:

HeinOnline -- 1979 vol. III 1863 1979

(1) all contributions collected under this chapter, inclusive of voluntary contributions as provided in [87-109(c)(4), R.C.M. 1947], and payments made in lieu of contributions as provided in *[sections 5 through 7]*;

(2) interest earned upon any money in the account;

(3) any property or securities acquired through the use of money belonging to the account;

(4) all earnings of such property or securities; and

(5) all money credited to this state's account in the unemployment trust fund pursuant to section 903 of the Social Security Act, as amended."

Section 18. Section 39-51-1103, MCA, is amended to read:

"39-51-1103. Contributions by employers required — payments in lieu thereof authorized for certain employers. (1) Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter with respect to wages, as defined in 39-51-201(19), paid for employment, as defined in this chapter, occurring during such calendar year.

(2) Such contributions shall become due and be paid by each employer to the division for the fund in accordance with such regulations as the division may prescribe and shall not be deducted in whole or in part from the wages of individuals in his employ.

(3) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to 1 cent.

(4) Nonprofit organizations defined in section 501(c)(3) of the federal Internal Revenue Code and which are exempt from tax under section 501(a) of such code may elect to make payments in lieu of contributions.

(5) The state and its political subdivisions, effective January 1, 1977, may elect to make payments in lieu of contributions or pay under a special contributions plan established for governmental entities only."

Section 19. Section 39-51-1301, MCA, is amended to read:

"39-51-1301. Penalty and interest on past-due contributions. (1) Contribution reports not made and filed on the date on which they are due, as provided by subsections (1) and (2) of 39-51-1103, shall be subject to a penalty assessment of $10. Contributions unpaid on the date on which they are due and payable, as provided by subsections (1) and (2) of 39-51-1103 and *[section 6]*, shall be subject to a penalty assessment of $10 or 10% of the contribution due, whichever is greater, and shall bear interest at the rate of 1% per month or fraction thereof.

(2) Interest and penalty collected pursuant to this section shall be paid into the unemployment compensation administration fund.

(3) When failure to pay contributions in time and before delinquency was not caused by willful intent of the employer and for good cause shown,

HeinOnline -- 1979 vol. III 1864 1979

the division may abate the penalty for late filing or late payment or both. Interest shall not be subject to abatement."

Section 20. **Codification.** It is intended that sections 1 through 7 and 9 through 16 of this act be codified as an integral part of Title 39, chapter 51, part 21, and the provisions of Title 39, chapter 51, apply to sections 1 through 7 and 9 through 16 of this act.

(b) tools, implements, and machinery used to repair and maintain machinery not used for manufacturing and mining purposes; *and*

(c) livestock, poultry, and unprocessed products of both.

(2) Class fourteen property is taxed at 8% of its market value."

(2) Other franchises, if granted by the authorities of a county or city, must be assessed in the county or city within which they were granted; if granted by any other authority, they must be assessed in the county in which the corporations, firms, or persons owning or holding them have their principal place of business."

Apportionment shall be on a mileage basis or *on the basis of the original installed cost of the centrally assessed property located in the respective counties. If* the property is of such a character that its value cannot reasonably be apportioned on the basis of mileage *or on the basis of the original installed cost of the centrally assessed property located in the respective counties,* the department may adopt such other method or basis of apportionment as may be just or proper."

Section 6. Section 15-23-202, MCA, is amended to read:

HeinOnline -- 1979 vol. III 1866 1979

(a) determining the full and true valuation of all property owned and operated by every scheduled airline company; *and*

(b) allocating to the state of Montana from this total valuation a valuation which represents this state's proper share of the valuation of the property, through the application of ratios which are indicated in subsections (8), (9), (10), and (11) of 15-23-402 against the total valuation.

(2) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property in class one and classes seven through eighteen. For purposes of taxation, assessed value is the same as appraised value.

(4) The taxable value for all property in class one, classes seven through eighteen, *class twenty, and class twenty-one* is the percentage of market value established for each class of property in 15-6-102, 15-6-108 through 15-6-119, *15-6-121, and [section 9].*

(6) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town.

(7) The taxable value of all property in classes two through six is the percentage of assessed value established in 15-6-103 through 15-6-107 for each class of property."

HeinOnline -- 1979 vol. III 1868 1979

Section 11. **Repealer.** Section 15-23-302, MCA, is repealed.

Section 12. **Applicability.** This act applies to taxable years after December 31, 1979.

(2) On and after July 1, 1980, to qualify for benefits, an individual must have had at least 20 weeks of work with an average of $50 per week in subject employment in the base period. To qualify for benefits, the total base period wages must be $1,000 or more.

Such weekly benefit amount, if not a multiple of $1, shall be rounded to the nearest multiple of $1.

(2) On and after July 1, 1980, an eligible individual's weekly benefit amount shall be the total base period wages divided by the number of weeks of covered employment times 50%. However, such amount shall not be less than the minimum, or more than the maximum weekly benefit amount.

(2) In determining whether or not any work is suitable for an individual, the division shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience and previous earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(3) Notwithstanding any other provisions of this chapter, no work shall be deemed suitable and benefits shall not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(a) if position offered is vacant due directly to a strike, lockout, or other labor dispute;

CHAPTER NO. 689

AN ACT TO PERMIT THE REALLOCATION AND APPROPRIATION OF WATER RESERVED FOR PURPOSES OF MAINTAINING MINIMUM FLOW, LEVEL, OR QUALITY OF WATER; LIMITING MINIMUM FLOW RESERVATIONS; AMENDING SECTION 85-2-316, MCA; PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-316, MCA, is amended to read:

"**85-2-316. Reservation of waters.** (1) The state or any political subdivision or agency thereof or the United States or any agency thereof may apply to the board to reserve waters for existing or future beneficial

HeinOnline -- 1979 vol. III 1874 1979

uses or to maintain a minimum flow, level, or quality of water throughout the year or at such periods or for such length of time as the board designates.

(2) Upon receiving an application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided in 85-2-309, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, shall be paid by the applicant.

(3) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board:

(a) the purpose of the reservation;

(b) the need for the reservation;

(c) the amount of water necessary for the purpose of the reservation;

(d) that the reservation is in the public interest.

(4) If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(5) The board shall limit any reservations after [the effective date of this act] for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of the 50% of the average annual flow of record on gauged streams. Ungauged streams can be allocated at the discretion of the board.

(6) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters or may, with the approval of the board, issue the permit subject to such terms and conditions it considers necessary for the protection of the objectives of the reservation.

(7) Any person desiring to use water reserved to a conservation district for agricultural purposes shall make application for such use with the district, and the district upon approval of the application must inform the department of the approved use. The department shall maintain records of all uses of water reserved to conservation districts and be responsible for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the processing of such applications for the conservation districts.

(8) A reservation under this section shall date from the date the order reserving the water is adopted by the board and shall not adversely affect any rights in existence at that time.

(9) The board shall, periodically but at least once every 10 years, review existing reservations to ensure that the objectives of the reservation

HeinOnline -- 1979 vol. III 1875 1979

are being met. Where the objectives of the reservation are not being met, the board may extend, revoke, or modify the reservation.

(10) The board may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate such reservation or portion thereof to an applicant who is a qualified reservant under this section. Reallocation of reserved water may be made by the board following notice and hearing wherein the board finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water shall not adversely affect the priority date of the reservation, and the reservation shall retain its priority date despite reallocation to a different entity for a different use. The board may not reallocate water reserved under this section on any stream or river more frequently than once every 5 years.

(11) Nothing in this section vests the board with the authority to alter a water right that is not a reservation."

Section 2. **Effective date.** This act is effective on passage and approval.

Approved May 9, 1979.

When the department of revenue or its agent determines that the permanency of location of a mobile home or housetrailer has been established, the mobile home or housetrailer is presumed to be an improvement to real property. If the mobile home or housetrailer is an improvement located on land not owned by the owner of such improvement, the improvement is assessed as a leasehold improvement to real property and delinquent taxes can be a lien only on the leasehold improvement.

HeinOnline -- 1979 vol. III 1890 1979

(d) The term "mobile home" means forms of housing known as "trailers", "housetrailers", or "trailer coaches", exceeding 8 feet in width or 32 feet in length, designed to be moved from one place to another by an independent power connected to them.

(f) The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership. This definition must not be construed to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by the stocks is within the state and has been taxed.

(g) The term "real estate" includes:

(i) the possession of, claim to, ownership of, or right to the possession of land;

(ii) all mines, minerals, and quarries in and under the land subject to the provisions of 15-23-501 and 15-23-801; all timber belonging to individuals or corporations growing or being on the lands of the United States; and all rights and privileges appertaining thereto.

(h) The term "taxable value" means the percentage of *market or* assessed value as provided for in *[sections 1 through 10 of this act]*.

(2) The phrase "municipal corporation" or "municipality" or "taxing unit" shall be deemed to include a county, city, incorporated town, township, school district, irrigation district, drainage district, or any person, persons, or organized body authorized by law to establish tax levies for the purpose of raising public revenue.

(ii) it is used for grazing; or

(iii) it is used for growing timber; or

(iv) it is in a cropland retirement program; or

(b) it agriculturally produces for sale or home consumption the equivalent of 15% or more of the owners' annual gross income regardless of the number of contiguous acres in the ownership.

(2) Land shall not be classified or valued as agricultural if it is subdivided with stated restrictions prohibiting its use for agricultural purposes.

(3) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise shall not be considered a bona fide agricultural operation."

Section 17. Section 15-8-111, MCA, is amended to read:

"15-8-111. Assessment — market value standard — exceptions. (1) All taxable property must be assessed at 100% of its market value except as provided in subsection (5) of this section and in 15-7-111 through 15-7-114.

(5) The assessed value of properties in *subsection (1)(b) of [section 1], [section 2], and [section 3]* is as follows:

(c) Properties in *[section 3],* under class *three,* are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

HeinOnline -- 1979 vol. III 1892 1979

(6) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town.

"15-23-501. Taxation of mines. All mines and mining claims, both placer and rock in place, containing or bearing gold, silver, copper, lead, coal, or other valuable mineral deposits, after purchase thereof from the United States, shall be taxed *as all other land is taxed.* All machinery used in mining and all property and surface improvements upon or appurtenant to mines and mining claims which have a value separate and independent of such mines or mining claims and the annual net proceeds of all mines and mining claims shall be taxed as other personal property."

Upon receipt of the list or schedule setting forth the names and addresses of any and all persons owning or claiming royalty and the amount paid or yielded as royalty to the royalty owners or claimants during the year for which the return is made, the department of revenue shall proceed to assess and tax the royalties on the same basis as net proceeds of mines are taxed as provided by *[section 1 of this act]*."

Section 20. Section 15-24-102, MCA, is amended to read:

"15-24-102. Valuation of interstate fleets — determination of aggregate tax due. The department of revenue shall assess any interstate motor vehicle fleet making application for proportional registration as follows:

(1) The purchase price depreciated by a schedule as prescribed by the department shall determine the depreciated value.

(2) The depreciated value multiplied by the percent of miles traveled in Montana as prescribed by 61-3-721 shall be the assessed value.

(3) The sum of the assessed value of all vehicles included in the fleet multiplied by *16%* shall be the taxable value for the entire fleet.

(4) To determine the amount of tax due, the taxable value of the entire fleet shall be multiplied by the statewide average county mill levy plus state levies as hereinafter provided."

Section 21. Section 15-24-301, MCA, is amended to read:

HeinOnline -- 1979 vol. III 1893 1979

(3) Nothing in this section shall be construed to levy a tax against a merchant or dealer within this state on goods, wares, or merchandise brought into the county to replenish the stock of the merchant or dealer in addition to the tax levied against the inventory of said merchant or dealer on the regular assessment date.

Section 24. Section 15-24-1308, MCA, is amended to read:

"15-24-1308. Land classified as industrial — assessment provisions. (1) The governing body shall identify those lands within its jurisdiction whose highest and best purpose is determined to be industrial. Owners of existing industrial buildings and grounds under construction or undergoing expansion that increases the taxable value of the property 10% shall receive tax benefits or penalties based on their compliance with the land use categories established by the governing body. Improvements classified as "new industrial property" under *[section 5 of this act]* may not qualify for benefits under this section. Industrial land and buildings shall be classified as Class A, B, C, or D for purposes of new construction or expansion of existing facilities.

(2) Tax benefits and penalties for new construction or expansion shall apply to the land and the improvements thereon in accordance with these classifications, determined by the governing body, based on compliance with the following environmental criteria. Construction of or expansion of industrial buildings and grounds:

(a) would not place unreasonable burden on existing public services, such as highways, schools, and police and fire protection;

(b) would have sufficient water available for foreseeable needs;

(c) would meet existing air and water pollution requirements or that through reclamation the natural environment could be returned substantially to its original condition;

(d) would have adequate sewage and solid waste disposal facilities.

(3) Classes A, B, C, and D shall be determined and taxed as follows:

Class A—complies with criteria (2)(a) through (2)(d).

Commercial	- 25%	- 15%	-0-	+ 50%
Industrial	- 50%	- 30%	- 10%	+ 25%

The percentages above reflect the amount in addition (+) to the taxable value or less than (-) the taxable value. These percentages of taxable value

shall be continuously applied to the land and the buildings for 10 consecutive years following their construction. The construction period may not be taxed for new industrial construction or expansion of an existing industry except as provided in 15-24-1307(3) and (5). Beginning with the 11th year following construction, the percentage of taxable value shall be adjusted in equal increments until taxable value is attained in the 20th year. Thereafter, the property shall be taxed at 100% of taxable value."

Section 25. Section 15-24-1311, MCA, is amended to read:

"15-24-1311. Remodeling of homes, buildings, or structures — assessment provisions. (1) Remodeling of existing buildings or structures shall receive tax benefits during the construction period and for the following 5 years in accordance with the following schedule. These percentages shall be applied to any increase in taxable value caused by the remodeling:

Construction period	0%
First year following construction	20%
Second year following construction	40%
Third year following construction	60%
Fourth year following construction	80%
Fifth year following construction	100%
Following years	100%

(2) If an existing home, building, or structure is not remodeled as defined in this chapter within the 10 years following passage of this act, a 5% increase shall be added to its taxable value each year that the owner fails to remodel to a maximum of 50%. After a home, building, or structure has been remodeled, the provisions of this section shall be considered to be started again with the beginning of a new 10-year period.

(3) The governing body shall waive the provisions of this section unless it can be demonstrated that lack of regular maintenance over a period of time has failed to maintain the value of the property and that depreciation has taken place to lower the value of the property more than 2 ½%."

Section 26. Section 20-9-407, MCA, is amended to read:

"20-9-407. Industrial facility agreement for bond issue in excess of maximum. (1) In a school district within which a new major industrial facility which seeks to qualify for taxation as class *five* property under *[section 5 of this act]* is being constructed or is about to be constructed, the school district may require, as a precondition of the new major industrial facility qualifying as class *five* property, that the owners of the proposed industrial facility enter into an agreement with the school district concerning the issuing of bonds in excess of the 29% limitation prescribed in this section. Under such an agreement, the school district may, with the approval of the voters, issue bonds which exceed the limitation prescribed in this section by a maximum of 29% of the estimated taxable value of the property of the new major industrial facility subject to taxation when completed. The estimated taxable value of the property of the new major industrial facility subject to taxation shall be computed by the department of revenue when requested to do so by a resolution of the

HeinOnline -- 1979 vol. III 1896 1979

board of trustees of the school district. A copy of the department's statement of estimated taxable value shall be printed on each ballot used to vote on a bond issue proposed under this section.

(2) Pursuant to the agreement between the new major industrial facility and the school district and as a precondition to qualifying as class *five* property, the new major industrial facility and its owners shall pay, in addition to the taxes imposed by the school district on property owners generally, so much of the principal and interest on the bonds provided for under this section as represents payment on an indebtedness in excess of the limitation prescribed in this section. After the completion of the new major industrial facility and when the indebtedness of the school district no longer exceeds the limitation prescribed in this section, the new major industrial facility shall be entitled, after all the current indebtedness of the school district has been paid, to a tax credit over a period of no more than 20 years. The credit shall as a total amount be equal to the amount which the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

(3) A major industrial facility is a facility subject to the taxing power of the school district, whose construction or operation will increase the population of the district, imposing a significant burden upon the resources of the district and requiring construction of new school facilities. A significant burden is an increase in ANB of at least 20% in a single year."

Section 27. **Repealer.** Sections 15-6-102 through 15-6-121 and 15-7-121, MCA, are repealed.

(2) Upon petition of the attorney general, the Montana supreme court shall issue the order called for in subsection (1) with a shorter claim filing period of not less than 1 year, subject to extension not beyond June 30, 1983, by the Montana supreme court upon petition of the attorney general, in those basins or subbasins where state adjudication jurisdiction is being or is likely to be challenged.

Section 17. **How notice of the order to be given.** To assure that all persons who may claim an existing water right are notified of the requirement to file a claim of that right, the Montana supreme court shall give notice of the order as follows:

(1) It shall cause the order printed in not less than 10-point type to be placed in a prominent and conspicuous place in all daily newspapers of the state and in at least one newspaper published in each county of the state within 30 days after the Montana supreme court order as provided in [section 16] and in April of 1980, 1981, 1982, and 1983.

(2) It shall cause the order in writing to be placed in a prominent and conspicuous location in each county courthouse in the state within 30 days after the Montana supreme court order as provided in [section 16].

(3) It shall provide a sufficient number of copies of the order to the county treasurers before October 15, 1979, 1980, 1981, and 1982, and the county treasurers shall enclose a copy of the order with each statement of property taxes mailed in 1979, 1980, 1981, and 1982. In the implementation of this subsection, the department shall provide reimbursement to each county treasurer for the reasonable additional costs incurred by the treasurer arising from the inclusion of the order required by this section. The department shall be reimbursed for such costs from the water right adjudication account created by [section 18].

(4) It shall provide copies of the order in writing to the press services with offices located in Helena within 30 days after the Montana supreme

HeinOnline -- 1979 vol. III 1907 1979

court order as provided in [section 16], and in April of 1980, 1981, 1982, and 1983.

(5) It shall, under authority granted to the states by 43 U.S.C. 666, provide for service of the petition and order upon the United States attorney general or his designated representative.

(6) It may also in its discretion give notice of the order in any other manner that will carry out the purposes of this section.

(7) It may also in its discretion order that the department or the water judge assist the Montana supreme court in the carrying out of this section.

Section 18. **Fees — special account created.** (1) Each claim filed under [section 11] shall be accompanied by a filing fee in the amount of $40, subject to the following exceptions:

(a) the total filing fees for all claims filed by one person in any one water court division may not exceed $480; and

(b) no filing fee is required accompanying a claim of an existing right that is included in a decree of a court in the state of Montana and which is accompanied by a certified copy of that decree or pertinent portion thereof or verified as otherwise ordered by the court.

(2) There is established a water right adjudication account in the earmarked revenue fund of the state treasury. All fees collected under this section and [section 22] shall be deposited in the account to pay the expenses incurred by the state for administering [this act].

Section 19. **Expenses to be borne by state.** All expenses incurred by the state as a result of [this act] are to be paid from the water right adjudication account in the earmarked revenue fund established in [section 18]. Expenses include but are not limited to the salaries and expenses of personnel, equipment, office space, and other necessities incurred in administering [this act]. If sufficient revenue is not available from the earmarked revenue fund, the expense shall be paid from the state's general fund.

Section 20. **Adjudication of existing rights.** (1) Within 20 days after [the effective date of this act], the state of Montana upon relation of the attorney general shall petition the Montana supreme court to require all persons claiming a right within a water division to file a claim of the right as provided in [section 11].

(2) The water judge shall monitor the claim filing procedure for claims within his water division and make any orders necessary to assure timely and accurate compliance with the claim filing procedure.

Section 21. **Department assistance to water judges.** The department, subject to the direction of the water judge, shall, without cost to the judicial districts wholly or partly within his water division:

(1) provide such information and assistance as may be required by the water judge to adjudicate claims of existing rights;

(2) establish information and assistance programs to aid claimants in the filing of claims for existing rights required by [section 11];

HeinOnline -- 1979 vol. III 1908 1979

(3) conduct field investigations of claims that the water judge in consultation with the department determines warrant investigation; and

(4) provide the water judge with all information in its possession bearing upon existing rights, including all declarations filed with and all information gathered by the department with respect to existing rights in the Powder River Basin.

Section 22. **Preliminary decree.** (1) Within a reasonable time after the close of the filing period, the water judge shall issue a preliminary decree. The preliminary decree shall be based on the statements of claim before the water judge, the data submitted by the department, and any additional data obtained by the water judge.

(2) The preliminary decree shall contain the information and make the determinations, findings, and conclusions required for the final decree under [section 24].

(3) If the water judge is satisfied that the report of the water master meets the requirements for the preliminary decree set forth in subsections (1) and (2), and is satisfied with the conclusions contained in the report, the water judge shall adopt the report as the preliminary decree. If the water judge is not so satisfied, he may, at his option, recommit the report to the master with instructions, or modify the report and issue the preliminary decree.

(4) The water judge shall send a copy of the preliminary decree to the department, and the water judge shall serve by mail a notice of availability of the preliminary decree to each person who has filed a claim of existing right, or, in the Powder River Basin, to each person who has filed a declaration of an existing right. The water judge shall enclose with the notice an abstract of the disposition of such person's claimed or declared existing right. The notice of availability shall also be served upon those issued or having applied for and not having been denied a beneficial water use permit pursuant to Title 85, chapter 2, part 3, those granted a reservation pursuant to 85-2-316, or other interested persons who request service of the notice from the water judge. The clerk or person designated by the water judge to mail the notice shall make a general certificate of mailing certifying that a copy of the notice has been placed in the United States mail, postage prepaid, addressed to each party required to be served notice of the preliminary decree. Such certificate shall be conclusive evidence of due and legal notice of entry of decree.

(5) Any person may obtain a copy of the preliminary decree upon payment of a fee of $20 or the cost of printing, whichever is greater, to the water judge.

Section 23. **Hearing on preliminary decree.** (1) Upon objection to the preliminary decree by the department, a person named in the preliminary decree, or any other person, for good cause shown, the department or such person is entitled to a hearing thereon before the water judge.

(2) If a hearing is requested, such request must be filed with the water judge within 90 days after notice of entry of the preliminary decree. The

HeinOnline -- 1979 vol. III 1909 1979

water judge may, for good cause shown, extend this time limit an additional 30 days if application for the extension is made within 90 days after notice of entry of the preliminary decree.

(3) The request for a hearing shall contain a precise statement of the findings and conclusions in the preliminary decree with which the department or person requesting the hearing disagrees. The request shall specify the paragraphs and pages containing the findings and conclusions to which objection is made. The request shall state the specific grounds and evidence on which the objections are based.

(4) Upon expiration of the time for filing objections and upon timely receipt of a request for a hearing, the water judge shall notify each party named in the preliminary decree that a hearing has been requested. The water judge shall fix a day when all parties who wish to participate in future proceedings must appear or file a statement. The water judge shall then set a date for a hearing. The water judge may conduct individual or consolidated hearings. A hearing shall be conducted as for other civil actions. At the order of the water judge a hearing may be conducted by the water master, who shall prepare a report of the hearing as provided in M.R.Civ.P., Rule 53(e).

Section 24. **Final decree.** (1) The water judge shall, on the basis of the preliminary decree and on the basis of any hearing that may have been held, enter a final decree affirming or modifying the preliminary decree. If no request for a hearing is filed within the time allowed, the preliminary decree automatically becomes final, and the water judge shall enter it as the final decree.

(2) The final decree shall establish the existing rights and priorities within the water judge's jurisdiction of persons required by [section 11] to file a claim for an existing right and of persons required to file a declaration of existing rights in the Powder River Basin pursuant to an order of the department or a district court issued under sections 8 and 9 of Chapter 452, Laws of 1973.

(3) The final decree shall state the findings of fact, along with any conclusions of law, upon which the existing rights and priorities of each person named in the decree are based.

(4) For each person who is found to have an existing right, the final decree shall state:

(a) the name and post-office address of the owner of the right;

(b) the amount of water, rate, and volume, included in the right;

(c) the date of priority of the right;

(d) the purpose for which the water included in the right is used;

(e) the place of use and a description of the land, if any, to which the right is appurtenant;

(f) the source of the water included in the right;

(g) the place and means of diversion;

HeinOnline -- 1979 vol. III 1910 1979

(h) the inclusive dates during which the water is used each year;

(i) any other information necessary to fully define the nature and extent of the right.

Section 25. **Appeals from final decree.** A person whose existing rights and priorities are determined in the final decree may appeal the determination only if:

(1) he requested a hearing and appeared and entered objections to the preliminary decree; or

(2) his rights as determined in the preliminary decree were altered as the result of a hearing requested by another person.

Section 26. **Certificate of water right.** When a final decree is entered, the water judge shall send a copy to the department. The department shall on the basis of the final decree issue a certificate of water right to each person decreed an existing right. The original of the certificate shall be sent to the county clerk and recorder of the county where the point of diversion or place of use is located for recordation. The department shall keep a copy of the certificate in its office in Helena. After recordation, the clerk and recorder shall send the certificate to the person to whom the right is decreed.

Section 27. **Legislative intent regarding Indian water rights — suspension of adjudication — negotiation of compacts authorized — procedure — negotiation of federal rights.** (1) Because the water and water rights within each water division are interrelated, it is the intent of the legislature to conduct unified proceedings for the general adjudication of existing water rights under the Montana Water Use Act. Therefore, it is the intent of the legislature that the attorney general's petition required in [section 16] include all claimants of reserved Indian water rights as necessary and indispensable parties under authority granted the state by 43 U.S.C. 666. However, it is further intended that the state of Montana proceed under the provisions of this section in an effort to conclude compacts for the equitable division and apportionment of waters between the state and its people and the several Indian tribes claiming reserved water rights within the state.

(2) From the time of filing the petition required in [section 16] until July 1, 1982, and while negotiations for the conclusion of a compact under this section are being pursued, all actions to generally adjudicate reserved Indian water rights from a source of water in question under [this act] are suspended, unless an action is commenced or is pending by or on behalf of an Indian tribe to adjudicate water from that source other than as provided for in Title 85, chapter 2. In such case, the suspension is maintained only if the action is dismissed or if the parties to the action stipulate to the suspension during compact negotiations of all further proceedings in the action except the determination of jurisdictional issues and an order is so issued.

(3) The compact commission may negotiate with the Indian tribes or their authorized representatives jointly or severally to conclude compacts authorized under subsection (1). Compact proceedings shall be commenced

HeinOnline -- 1979 vol. III 1911 1979

by the commission. The commission shall serve by certified mail directed to the governing body of each tribe a written request for the initiation of negotiations under [this act] and a request for the designation of an authorized representative of the tribe to conduct compact negotiations. Upon receipt of such written designation from the governing body of a tribe, compact negotiations shall be considered to have commenced. When the compact commission and the Indian tribes or their authorized representatives have agreed to a compact, they shall sign a copy and file an original copy with the department of state of the United States of America and copies with the secretary of state of Montana and with the governing body for the tribe involved. The compact is effective and binding upon all parties upon ratification by the legislature of Montana, any affected tribal governing body, and the congress of the United States. The water judge shall include in the preliminary decree the contents of a compact that has been agreed upon by the parties to the compact whether or not it has been ratified by congress.

(4) (a) There is created a reserved water rights compact commission. Commissioners are appointed within 30 days of [the effective date of this act] as follows:

(i) two members of the house of representatives appointed by the speaker, each from a different political party;

(ii) two members of the senate appointed by the president, each from a different political party;

(iii) four members designated by the governor; and

(iv) one member designated by the attorney general.

(b) Legislative members of the commission are entitled to receive compensation and expenses as provided in 5-2-301 for each day actually spent on commission business. Other members are entitled to salary and expenses as state employees.

(c) The commission is attached to the governor's office for administrative purposes only. The costs of the commission shall be paid from funds appropriated for that purpose from the water right adjudication account established in [section 19].

(d) Members appointed to the commission shall serve until the work of the commission is completed or until they resign or are otherwise unable to serve. A vacancy must be filled in the manner of the original appointment.

(5) The commission or any other party to the negotiations may terminate negotiations by providing notice to all parties 30 days in advance of the termination date. On the termination date, the suspension of the application of [this act] provided for in subsection (2) shall also terminate.

(6) The compact commission may also enter into separate negotiations with the federal government for the conclusion of compacts concerning the equitable division and apportionment of water between the state and its people and the federal government claiming non-Indian reserved waters

HeinOnline -- 1979 vol. III 1912 1979

within the state. The terms and conditions of such negotiations shall be the same as provided in this section for negotiations with Indian tribes.

Section 28. Section 3-5-111, MCA, is amended to read:

"3-5-111. District courts presided over by judges of other districts. A judge of the district court of any judicial district may hold the district court in any county of another district than his own at the request of the judge thereof *or as otherwise provided by law.* Upon the request of the governor, it is his duty to do so. In either case the judge holding the court has the same power either in court or chambers as a judge thereof."

Section 30. Section 85-2-112, MCA, is amended to read:

"85-2-112. Department duties. The department shall:

(1) enforce and administer this chapter and rules adopted by the board under 85-2-113;

(2) prescribe procedures, forms, and requirements for applications, permits, certificates, declarations, *claims of existing rights,* and proceedings under this chapter and prescribe the information to be contained in any application, declaration, *claim of existing right,* or other document to be filed with the department under this chapter *not inconsistent with the requirements of this chapter*;

(3) *establish and* keep in its Helena office a centralized *record system of all existing rights and a* public record of permits, certificates, declarations, *claims of existing rights,* applications, and other documents filed in its office under this chapter;

(4) cooperate with, assist, advise, and coordinate plans and activities with the federal, state, and local agencies in matters relating to this chapter;

(5) upon request by any person, cooperate with, assist, and advise that person in matters pertaining to measuring water or filing declarations with the department *or claims of existing rights with a district court* under this chapter."

Section 31. Section 85-2-113, MCA, is amended to read:

"85-2-113. Board powers and duties. (1) The board may prescribe fees or service charges for any public service rendered by the department under this chapter, including fees for the filing of applications or for the issuance of permits and certificates. There shall be no fees for

HeinOnline -- 1979 vol. III 1914 1979

the filing of declarations or for *any action taken by the department at the request of the water judge or for* the issuance of certificates of existing rights.

(2) The board may adopt rules necessary to implement and carry out the purposes and provisions of this chapter. These rules may include but are not limited to rules to:

(a) govern the issuance and terms of interim permits authorizing an applicant for a regular permit under this chapter to begin appropriating water immediately, pending final approval or denial by the department of the application for a regular permit;

(b) require the owner or operator of appropriation facilities to install and maintain suitable controlling and measuring devices;

(c) require the owner or operator of appropriation facilities to report to the department the readings of measuring devices at reasonable intervals and to file reports on appropriations; and

(d) regulate the construction, use, and sealing of wells to prevent the waste, contamination, or pollution of groundwater.

(3) The board shall adopt rules providing for and governing temporary emergency appropriations, without prior application for a permit, necessary to protect lives or property."

Section 32. Section 85-2-114, MCA, is amended to read:

"85-2-114. Prevention of waste. (1) If the department ascertains, by a means reasonably considered sufficient by it, that a person is wasting water, using water unlawfully, or preventing water from moving to another person having a prior right to use the same, it may petition the district court *supervising the distribution of water among appropriators from the source* to:

(a) regulate the controlling works of an appropriation as may be necessary to prevent the wasting or unlawful use of water or to secure water to a person having a prior right to its use; or

(b) order the person wasting, unlawfully using, or interfering with another's rightful use of the water to cease and desist from doing so and to take such steps as may be necessary to remedy the waste, unlawful use, or interference.

(2) The department may attach to the controlling works a written notice, properly dated and signed, setting forth the fact that the controlling works have been properly regulated by it, which notice shall be legal notice to all persons interested in the appropriation or distribution of the water.

(3) The department may also direct its own attorney or request the attorney general or county attorney to bring suit to enjoin such waste, unlawful use, or interference."

Section 33. Section 85-2-401, MCA, is amended to read:

HeinOnline -- 1979 vol. III 1915 1979

"**85-2-401. Priority.** (1) As between appropriators, the first in time is the first in right. Priority of appropriation does not include the right to prevent changes by later appropriators in the condition of water occurrence, such as the increase or decrease of streamflow or the lowering of a water table, artesian pressure, or water level, if the prior appropriator can reasonably exercise his water right under the changed conditions.

(2) Priority of appropriation made under this chapter dates from the filing of an application for a permit with the department, except as otherwise provided in 85-2-301 through 85-2-303, 85-2-306, 85-2-310(3), and 85-2-313.

(3) Priority of appropriation perfected before July 1, 1973, shall be determined as provided in *part 2 of this chapter.*"

Section 34. Section 85-2-406, MCA, is amended to read:

"**85-2-406. District court supervision of water distribution.** (1) The district courts shall supervise the distribution of water among all appropriators. This supervisory authority includes the supervision of all water commissioners appointed prior or subsequent to July 1, 1973. The supervision shall be governed by the principle that first in time is first in right.

(2) When a water distribution controversy arises upon a source of water in which existing rights have not been determined according to *part 2 of this chapter*, any party to the controversy may petition the district court for relief. The district court from which relief is sought may grant such injunctive or other relief which is necessary and appropriate to preserve property rights or the status quo pending the *issuance of the final decree.*

(3) A controversy between appropriators from a source which has been the subject of a general determination of existing rights under *part 2 of this chapter* shall be settled by the district court which issued the final decree. The order of the district court settling the controversy may not alter the existing rights and priorities established in the final decree. In cases involving permits issued by the department, the court may not amend the respective rights established in the permits or alter any terms of the permits unless the permits are inconsistent or interfere with rights and priorities established in the final decree. The order settling the controversy shall be appended to the final decree, and a copy shall be filed with the department. The department shall be served with process in any proceeding under this subsection, and the department may, in its discretion, intervene in the proceeding."

(2) Sections 11 through 27 are intended to be codified as an integral part of Title 85, chapter 2, part 2, and the provisions contained in Title 85, chapter 2, apply to this act.

HeinOnline -- 1979 vol. III 1916 1979

(3) If the provisions of this act are not codified as stated above, the code commissioner shall add to the MCA, if necessary, statutory language to convey the intent of this section.

Section 36. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 37. **Repealer.** Sections 85-2-201 through 85-2-210, MCA, are repealed.

Section 38. **Effective date.** This act is effective on passage and approval.

Approved May 11, 1979.

CHAPTER NO. 700

AN ACT TO ALLOCATE YEARLY INCREASES IN THE OIL AND GAS SEVERANCE TAX COLLECTED IN EACH COUNTY TO THE LOCAL GOVERNMENTS IN THE COUNTY FROM WHICH THE TAX WAS COLLECTED; CORRECTING AN ERRONEOUS REFERENCE TO THE OIL PRODUCER'S LICENSE TAX; AMENDING SECTION 15-1-501, MCA.

WHEREAS, the development of oil and gas in Montana has and will continue to have a serious impact on the various counties, cities, and towns located in developing areas, the legislature finds that the revenue raised by the oil and gas severance tax could be best used to alleviate the impact of development by distributing a portion of that revenue directly to the counties, cities, and towns affected by the development.

THEREFORE, it is the intent of this bill to allocate yearly increases in the oil and gas severance tax to the general fund of the county in which the tax was collected.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Disposal of oil and gas severance taxes.** (1) Each year the department of revenue shall determine the amount of tax collected under this chapter from within each county.

(2) The severance taxes collected under this chapter are allocated as follows:

(a) the amount, if any, by which the tax collected from within a county for any fiscal year exceeds the total amount collected from within that county for the previous fiscal year, by reason of increased production and not because of increase in or elimination of federal price ceilings on oil and gas, is allocated to the general fund of the county for distribution as provided in subsection (3);

(b) any amount not allocated to the county under subsection (2)(a) is allocated to the state general fund.

(3) (a) The county treasurer shall distribute the money received under this section to the county and to all the incorporated cities and towns within the county in the following manner. The county receives the available money multiplied by the ratio of the rural population to the county population. Each incorporated municipality receives the available money multiplied by the ratio of the population of the incorporated municipality to the county population. The rural population is that population of the county living outside the boundaries of an incorporated municipality. Population shall be based on the most recent figures as determined by the department of community affairs.

(b) The money distributed under this subsection may be used for any purpose as determined by the governing body of the county, city, or town.

Section 2. Section 15-1-501, MCA, is amended to read:

HeinOnline -- 1979 vol. III 1930 1979

(e) liquor license taxes under Title 16;

(f) telephone license taxes under chapter 53; and

(g) inheritance and estate taxes under Title 72, chapter 16.

(2) Seventy-five percent of all moneys received from the collection of income taxes under chapter 30 and corporation license and income taxes under chapter 31 shall be deposited in the general fund subject to the prior pledge and appropriation of such income tax and corporation license tax collections for the payment of long-range building program bonds. The remaining 25% of the proceeds of the corporation license tax, corporation income tax, and income tax shall be deposited to the credit of the earmarked revenue fund for state equalization aid to the public schools of Montana.

(3) The state treasurer shall also deposit to the credit of the state general fund all moneys received by him from the collection of license taxes, fees, and all net revenues and receipts from all other sources under the operation of the Montana Alcoholic Beverage Code."

Section 3. **Codification.** It is intended that section 1 be codified as an integral part of Title 15, chapter 36, part 1, and the provisions of Title 15, chapter 36, part 1, apply to section 1.

Approved May 14, 1979.

CHAPTER NO. 702

AN ACT TO ALLOW AN OWNER OF RESIDENTIAL PROPERTY TO FILE AN APPLICATION TO INSURE THAT HIS PROPERTY WILL BE APPRAISED AS RESIDENTIAL; REQUIRING HIM TO SIGN A STATEMENT THAT THE PROPERTY WILL BE USED FOR RESIDENTIAL PURPOSES ONLY; IMPOSING A ROLLBACK TAX UPON A CHANGE IN USE; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** The legislature finds that the rapid commercial and industrial growth in many Montana cities and towns is engulfing homes. Owners of these homes are often forced to pay higher property taxes upon these homes because their property is appraised on its industrial or commercial use. The legislature intends that houses and lots in these areas of changing use shall be appraised on their value as residential property.

Section 2. **Application for residential appraisal of certain land and improvements.** (1) Any person wishing to insure that his residential land and improvements are appraised as residential may file a signed application with the department of revenue or its agents.

(2) In the application, the owner must:

(a) assert that the property is used only for human habitation and is the principal residence of the owner;

(b) sign a statement pledging that the property will continue to be used as residential property; and

HeinOnline -- 1979 vol. III 1935 1979

(c) show that the statement has been filed with the county clerk and recorder of the county in which the property is located.

(3) When the department has approved an application for residential use, the department and its agents shall consider only those indicia of value that the property has for residential use.

(4) Failure to file an application under this section shall not result in reclassification on real property unless there has been an actual change in use.

Section 3. **Rollback tax — computation.** (1) (a) If land and improvements appraised as residential as a result of an application filed under [section 2] are changed to industrial or commercial use, the property is subject to a rollback tax in addition to the property tax levied on the property. The rollback tax is a lien on the property and is due and payable by the owner of the property at the time of the change in use.

(b) As used in [this act], "rollback" means the period preceding the change in use, not to exceed 5 years, during which the property was appraised as residential.

(2) The department's agent shall determine the amount of rollback tax due on the property by:

(a) determining the taxable value of the property as industrial or commercial property;

(b) multiplying this value by the sum of the annual mill levies applied in the taxing jurisdiction in which the land is located during the rollback period; and

(c) subtracting from this figure the actual property tax paid on the property during this period.

Section 4. **Effective and applicability date.** This act is effective on passage and approval and applies to taxable years beginning after December 31, 1978.

Approved May 14, 1979.

CHAPTER NO. 703

AN ACT TO WAIVE PARK DEDICATION REQUIREMENTS FOR ANY DIVISION THAT CREATES ONLY ONE ADDITIONAL LOT; AMENDING SECTION 76-3-606, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-3-606, MCA, is amended to read:

"76-3-606. Dedication of land to public — cash donations. (1) A plat of a residential subdivision shall show that one-ninth of the combined area of lots 5 acres or less in size and one-twelfth of the combined

HeinOnline -- 1979 vol. III 1936 1979

area of lots greater than 5 acres in size, exclusive of all other dedications, is forever dedicated to the public for parks or playgrounds. No dedication may be required for the combined area of those lots in the subdivision which are larger than 10 acres exclusive of all other dedications. The governing body, in consultation with the planning board having jurisdiction, may determine suitable locations for such parks and playgrounds.

(2) Where the dedication of land for parks or playgrounds is undesirable because of size, topography, shape, location, or other circumstances, the governing body may, for good cause shown, make an order to be endorsed and certified on the plat accepting a cash donation in lieu of the dedication of land and equal to the fair market value of the amount of land that would have been dedicated. For the purpose of this section, the fair market value is the value of the unsubdivided, unimproved land. Such cash donation shall be paid into the park fund to be used for the purchase of additional lands or for the initial development of parks and playgrounds.

(3) The park dedication and cash in lieu requirements of subsections (1) and (2) do not apply to any division that creates only one additional lot."

Approved May 14, 1979.

CHAPTER NO. 704

(2) No person issued a permit as required by this section may engage in aerial hunting of wild animals in violation of the terms of his permit, the rules promulgated by the board of livestock, or the terms of [this act].

Section 2. **Rulemaking authority.** The department of livestock may adopt rules to effectuate the purposes of [this act] and to implement and conduct the aerial hunting permit system provided for by [this act].

Section 3. **Duration of permit — fee.** Each permit shall be valid for a period set by the department of livestock not to exceed 3 years and shall cost $50 or portion thereof if a period of less than a year is set. All fees for permits shall be paid to the department of livestock for deposit in the state treasury to the credit of the earmarked revenue fund for predatory animal control.

Section 4. **Residency requirement.** No person not having residence and domicile in Montana may be issued a permit provided for in [section 1] except when authorized by the board of livestock.

HeinOnline -- 1979 vol. III 1937 1979

Section 5. **Resident landowners authorized to aerially hunt over their own lands without permit — conditions.** Any landowner having residence and domicile in Montana may engage in the aerial hunting of wild animals, as defined in 81-7-101, over his own land without a permit, provided he annually notifies the department in writing that he will be engaged in aerial hunting and gives an adequate description of the location of the land over which he will aerial hunt. Such hunting must be in accordance with all rules of the department of livestock.

Section 6. **Penalties — jurisdiction — revocation of permit.** (1) Any person violating any provision of [this act] who is permitted to engage in aerial hunting pursuant to [this act] is guilty of a misdemeanor.

(2) A conviction for a violation of subsection (1) is punishable by a fine of not more than $500.

(3) Any person who is not permitted to engage in aerial hunting pursuant to [this act] who violates any provisions of [this act] is guilty of a misdemeanor, and upon conviction is punishable by a fine of not less than $250 or more than $1,000. A subsequent conviction under this subsection is punishable by a fine of not less than $500 or more than $1,000.

(4) The justice court has jurisdiction over violations of [this act].

(5) The department may revoke or suspend the permit of anyone violating its terms.

Section 7. **Enforcement.** (1) Investigations of violations of [this act], arrests, and seizures may be made by any peace officer, or agent of the department designated by the department.

(2) To enforce [this act], the department may enter into agreement with federal agencies with predatory animal control. Such agreements may allow the federal agency to assist in investigations, arrests, and seizures.

Section 8. **Codification.** Sections 1 through 7 in this act are intended to be codified as an integral part of Title 81, chapter 7, and the provisions contained in Title 81, chapter 7, apply to these sections.

Approved May 14, 1979.

CHAPTER NO. 705

AN ACT TO REVISE THE LAWS RELATING TO THE DETERMINATION AND PAYMENT OF THE MONTANA INHERITANCE TAX; PROVIDING THAT CERTAIN FARM AND OTHER REAL PROPERTY MAY BE VALUED ON THE BASIS OF ITS USE AT THE TIME OF THE DECEDENT'S DEATH; PROVIDING AN ELECTION FOR A 15-YEAR INSTALLMENT PAYMENT METHOD FOR THE TRANSFER OF CERTAIN FARM OR CLOSELY HELD BUSINESS INTERESTS; AMENDING SECTION 72-16-308, MCA; PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [sections 1 through 12], the following definitions apply:

(1) "Adjusted value" means:

HeinOnline -- 1979 vol. III 1938 1979

(a) in the case of a gross estate, the gross value of all transfers subject to the tax imposed by this part, determined without regard to [sections 1 through 12], reduced by the amount of unpaid mortgages and indebtedness;

(b) in the case of real or personal property, the value of the property for the purposes of this part, determined without regard to [sections 1 through 12], reduced by the amount of unpaid mortgages and indebtedness.

(2) "Agreement" means a written agreement signed by each person in being who has an interest, whether or not he is in possession, in any property designated in such agreement consenting to the application of [section 7] with respect to such property.

(3) "Department" means the department of revenue.

(5) "Farming purposes" means:

(a) cultivating the soil or raising or harvesting any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and managing of animals on a farm;

(b) handling, drying, packing, grading, or storing on a farm any agricultural or horticultural commodity in its unmanufactured state, but only if the owner, tenant, or operator of the farm regularly produces more than one-half of the commodity so treated; or

(c) (i) planting, cultivating, caring for, or cutting trees; or

(ii) preparing, other than milling, trees for market.

(6) "Internal Revenue Code" means the Internal Revenue Code of 1954. A reference to a specific section of that code is a reference to that section as it may be labeled or amended.

(7) "Involuntary conversion" means a compulsory or involuntary conversion within the meaning of section 1033 of the Internal Revenue Code.

(8) "Material participation" is determined in a manner similar to the manner used for the purposes of section 1402(a)(1) of the Internal Revenue Code.

(9) "Member of the family" means, with respect to any individual, only the individual's ancestor or lineal descendant, a lineal descendant of a grandparent of the individual, the spouse of the individual, or the spouse of any such descendant. For purposes of the preceding sentence, a legally adopted child of an individual is treated as a child of the individual by blood.

(10) "Qualified heir" means, with respect to any property, a member of the decedent's family who acquired the property or to whom the property

HeinOnline -- 1979 vol. III 1939 1979

passed from the decedent. If a qualified heir disposes of any interest in qualified real property to any member of his family, such member shall thereafter be treated as the qualified heir with respect to such interest.

(11) "Qualified real property" means real property located in this state that was acquired from or passed from the decedent to a qualified heir of the decedent and that on the date of the decedent's death was being used for a qualified use, but only if:

(a) 50% or more of the adjusted value of the gross estate consists of the adjusted value of real or personal property that:

(i) on the date of the decedent's death was being used for a qualified use; and

(ii) was acquired from or passed from the decedent to a qualified heir of the decedent;

(b) 25% or more of the adjusted value of the gross estate consists of the adjusted value of real property that meets the requirements of (a)(ii) and (c) of this subsection;

(c) during the 8-year period ending on the date of the decedent's death there have been periods aggregating 5 years or more during which:

(i) the real property was owned by the decedent or a member of the decedent's family and used for a qualified use; and

(ii) there was material participation by the decedent or a member of the decedent's family in the operation of the farm or other business; and

(d) the real property is designated in the agreement referred to in [subsection (2) of section 1].

(12) (a) "Qualified replacement property" means:

(i) in the case of an involuntary conversion as described in section 1033(a)(1) of the Internal Revenue Code, any real property into which the real property is converted;

(ii) in the case of an involuntary conversion as described in section 1033(a)(2) of the Internal Revenue Code, any real property purchased by the qualified heir during the period specified in section 1033(a)(2)(B) of the Internal Revenue Code for the purpose of replacing the qualified real property.

(b) "Qualified replacement property" only includes property that is to be used for the qualified use set forth in (a) or (b) of subsection (13) of this section under which the qualified real property qualified under [section 2].

(13) (a) "Qualified use" means devotion of the property to any of the following:

(i) use as a farm for farming purposes; or

(ii) use in a trade or business other than the trade or business of farming.

HeinOnline -- 1979 vol. III 1940 1979

(b) In the case of real property that meets the requirements of subsection (11)(c), residential buildings and related improvements on the real property occupied on a regular basis by the owner or lessee of the real property or by persons employed by the owner or lessee for the purpose of operating or maintaining the real property, and roads, buildings, and other structures and improvements functionally related to the qualified use shall be treated as real property devoted to the qualified use.

Section 2. **Valuation of certain farm and real property — limitation.** (1) If the decedent was at the time of his death a resident of this state and the personal representative elects to have [sections 1 through 12] apply and files an agreement with the department, the value of qualified real property for the purposes of the tax imposed by this part is its value for the use under which it qualifies under [subsection (11) of section 1] as qualified real property.

(2) The aggregate decrease in the value of qualified real property taken into account for the purposes of the Montana inheritance tax that results from the application of (1) of this section may not exceed $500,000.

Section 3. **Election for valuation.** An election for valuation under [sections 1 through 12] must be made within 18 months of the date of the decedent's death and must be made in such manner as the department may prescribe.

Section 4. **Valuation of farms.** (1) Except as provided in (2) of this section, the value of a farm for farming purposes is determined by dividing the excess of the average annual gross cash rental for comparable land used for farming purposes and located in the locality of the farm over the average annual state and local real estate taxes for comparable land by the average annual effective interest rate for all new federal land bank loans. For purposes of the preceding sentence, each average annual computation must be made on the basis of the 5 most recent calendar years ending before the date of the decedent's death.

(2) The formula in (1) of this section may not be used:

(a) if it is established that there is no comparable land from which the average annual gross cash rental may be determined; or

(b) if the personal representative elects to have the value of the farm for farming purposes determined under [section 5].

Section 5. **Valuation of closely held business interests.** If [section 4] does not apply, the following factors apply in determining the value of any qualified real property:

(1) The capitalization of income that the property can be expected to yield for farming or closely held business purposes over a reasonable period of time under prudent management using traditional cropping patterns for the area, taking into account soil capacity, terrain configuration, and similar factors;

(2) the capitalization of the fair rental value of the land for farmland or closely held business purposes;

HeinOnline -- 1979 vol. III 1941 1979

(3) assessed land values;

(4) comparable sales of other farm or closely held business land in the same geographical area far enough removed from a metropolitan or resort area so that nonagricultural use is not a significant factor in the sales price; and

(5) any other factor that fairly values the farm or closely held business value of the property.

Section 6. **Time limitations.** (1) If qualified real property is disposed of or ceases to be used for a qualified use, the statutory period for the assessment of any additional tax under [section 7] attributable to disposition or cessation may not expire until 3 years after the date the department is notified, in a manner to be prescribed by the department, of the disposition or cessation.

(2) The additional tax may be assessed before the expiration of the 3-year period referred to in (1) of this section, notwithstanding the provisions of any other law or rule of law that would otherwise prevent such assessment.

Section 7. **Disposition or failure to use for qualified use.** (1) There is hereby imposed an additional inheritance tax if within 15 years after the decedent's death and before the death of the qualified heir:

(a) the qualified heir disposes of any interest in qualified real property other than by a disposition to a member of his family; or

(b) the qualified heir ceases to use for the qualified use the qualified real property which was acquired or passed from the decedent.

(2) The amount of additional tax imposed by (1) of this section with respect to any interest is the amount equal to the lesser of:

(a) the adjusted tax difference attributable to such interest; or

(b) the excess of the amount realized with respect to the interest or in any case other than a sale or exchange at arm's length, the fair market value of the interest over the value of the interest determined under [section 2].

(3) For the purposes of (2) of this section, the adjusted tax difference attributable to an interest is the amount that bears the same ratio to the adjusted tax difference with respect to the estate as determined under (4) of this section as the excess of the value of such interest for purposes of the Montana inheritance tax, determined without regard to [sections 1 through 12], over the value of such interest determined under [section 2] bears to a similar excess determined for all qualified real property.

(4) For the purposes of (3) of this section, "adjusted tax difference with respect to the estate" means the excess of what would have been the tax liability but for [section 2] over the tax liability. For the purposes of this subsection, "tax liability" means the tax imposed by Title 72, chapter 16.

(5) For the purposes of this section, if the qualified heir disposes of a portion of the interest acquired by or passing to such heir or a predecessor

HeinOnline -- 1979 vol. III 1942 1979

qualified heir, or there is a cessation of use of such a portion, the value determined under [section 2] taken into account under (2)(b) of this section with respect to such portion shall be its pro rata share of the value of the interest and the adjusted tax difference attributable to the interest taken into account with respect to the transaction involving the second or any succeeding portion shall be reduced by the amount of the tax imposed by this section with respect to all prior transactions involving portions of the interest.

(6) If the date of the disposition or cessation occurs more than 120 months and less than 180 months after the date of the death of the decedent, the amount of the tax imposed by this section shall be reduced, but not below zero, by an amount determined by multiplying the amount of the tax determined without regard to this subsection, by a fraction in which the numerator is the number of full months after the death in excess of 120 and the denominator is 60.

(7) In the case of an interest acquired from or passing from any decedent, if (a) or (b) of subsection (1) of this section applies to any portion of an interest, (b) or (a) of subsection (1) of this section, as the case may be, does not apply with respect to the same portion of the interest.

(8) The additional tax imposed by this section is due on the day that is 6 months after the date of the disposition or cessation.

(9) The qualified heir is personally liable for the additional tax with respect to his interest unless the heir has furnished bond that meets the requirements of [section 10].

Section 8. **Cessation of qualified use.** For the purposes of [section 7], real property ceases to be used for the qualified use if:

(1) the property ceases to be used for the qualified use set forth in [section 1] under which the property qualified under [section 1]; or

(2) during any period of 8 years ending after the date of the decedent's death and before the date of the death of the qualified heir, there had been periods aggregating 3 years or more during which:

(a) in the case of periods during which the property was held by the decedent, there was no material participation by the decedent or any member of his family in the operation of the farm or other business; and

(b) in the case of periods during which the property was held by any qualified heir, there was no material participation by such qualified heir or any member of his family in the operation of the farm or other business.

Section 9. **Property acquired from decedent.** Property is considered to have been acquired from the decedent if the property:

(1) is so considered under section 1014(b) of the Internal Revenue Code;

(2) is acquired by any person from the estate in satisfaction of the right of such person to a pecuniary request; or

HeinOnline -- 1979 vol. III 1943 1979

(3) is acquired by any person from a trust in satisfaction of a right, which such person has by reason of the death of the decedent, to receive from the trust a specific dollar amount that is the equivalent of a pecuniary request.

Section 10. **Bond in lieu of personal liability.** (1) If the qualified heir makes written application to the department for the determination of the additional tax that may be imposed by [section 7] with respect to the qualified heir's interest, the department must, as soon as possible and in any event within 1 year after the making of the application, notify the heir of the maximum amount.

(2) The qualified heir, on furnishing a bond in such amount and for such period as may be required, is discharged from personal liability for any additional tax imposed by [section 7] and is entitled to a receipt or writing showing such discharge.

Section 11. **Application to interests in partnerships, corporations, and trusts.** The department shall prescribe regulations setting forth the application of [sections 1 through 12] in the case of an interest in a partnership, corporation, or trust that, with respect to the decedent, is an interest in a closely held business within the meaning of [section 15].

Section 12. **Involuntary conversion of qualified real property.** (1) If there is an involuntary conversion of an interest in qualified real property and the qualified heir makes an election under this section, no tax is imposed by [section 7] on the conversion if the cost of the qualified replacement property equals or exceeds the amount realized on the conversion.

(2) If (1) of this section does not apply, the tax imposed by [section 7], with respect to any involuntary conversion, is the amount of tax that, but for this subsection, would have been imposed on the conversion reduced by an amount that bears the same ratio to such tax as the cost of the qualified replacement property bears to the amount realized on the conversion.

(3) (a) For the purposes of [section 7], any qualified replacement property shall be treated in the same manner as if it were a portion of the interest in qualified real property that was involuntarily converted, except that with respect to such qualified replacement property:

(i) the 15-year period under [section 7] shall be extended by any period, beyond the 2-year period referred to in section 1033(a)(2)(B)(i) of the Internal Revenue Code, during which the qualified heir was allowed to replace the qualified real property; and

(ii) the phaseout period under [subsection (6) of section 7] shall be appropriately adjusted to take into account the extension referred to in (a)(i) of this subsection.

(b) Any tax imposed by [section 7] on the involuntary conversion shall be treated as a tax imposed on a partial disposition. The provisions of [section 8] shall be applied by not taking into account periods after the involuntary conversion and before the acquisition of the qualified replacement property and by treating material participation with respect to the

HeinOnline -- 1979 vol. III 1944 1979

converted property as material participation with respect to the qualified replacement property.

The sum must be determined on the basis of the facts and circumstances in existence on the date on which the tax imposed by Title 72, chapter 16, is determined, but in no event later than a date 18 months after the date of the death of the decedent.

(2) "Closely held business amount" means the value of the interest in a closely held business that qualifies under [subsection (1) of section 14].

(3) "Internal Revenue Code" means the Internal Revenue Code of 1954. A reference to a specific section of that code is a reference to that section as it may be labeled or amended.

(4) "Value" means value determined for the purposes of the Montana inheritance tax.

(2) The maximum amount of tax that may be paid in installments by each beneficiary is an amount that bears the same ratio to the tax imposed by Title 72, chapter 16, part 3, as the closely held business amount passing to the beneficiary bears to the clear market value of all property passing to the beneficiary, without reduction for the federal estate tax due or paid.

(3) If an election is made under (1) of this section, the first installment must be paid on or before a date selected by the personal representative that is not more than 5 years after the date prescribed by 72-16-441 for the payment of tax without interest. If, however, a credit is claimed on the federal estate tax return for state death taxes on the estate under the provisions of section 2011(a) of the Internal Revenue Code, as amended, an amount of inheritance tax due equal to the federal credit must be paid within the period established in section 2011(c) of the Internal Revenue Code, as amended. Each succeeding installment must be paid on or before the date that is 1 year after the date of the preceding installment. The department may for reasonable cause extend the time for payment of any

installment under this section, including any part of an additional tax prorated to any installment, for a reasonable period but not beyond the date that is 12 months after the due date for the last installment.

(4) If an election is made under (1) of this section, the tax due may not be further deferred under the provisions of 72-16-1438.

(3) Stock or a partnership interest held by a husband and wife as joint tenants or tenants in common is treated as owned by one shareholder or one partner, as the case may be.

(4) Property owned directly or indirectly by or for a corporation, partnership, estate, or trust is considered as being owned proportionately by or for its shareholders, partners, or beneficiaries. For the purposes of this subsection, a person is a beneficiary of a trust only if he has a present interest in the trust.

(b) the personal representative shall be treated as having selected under [subsection (3) of section 14] the date prescribed by 72-16-441 for the payment of the tax without interest; and

(c) [section 27] does not apply.

(2) For the purposes of this section, "nonreadily tradable stock" means stock for which at the time of the decedent's death there was no market on the stock exchange or in an over-the-counter market.

(b) attributable to any period after the 5-year period referred to in (1)(a) of this section shall be paid annually at the same time as and as part of each installment payment of the tax.

(2) In the case of an additional tax to which [section 20] applies that is determined after the close of the 5-year period referred to in (1)(a) of this section, interest attributable to such 5-year period and interest assigned to any installment the date for which has arrived on or before the date of the assessment of the additional tax must be paid on notice and demand from the department.

(3) If the personal representative has selected a period shorter than 5 years, the shorter period shall be substituted for 5 years in (1) and (2) of this section.

(a) subsection (1)(a) of this section does not apply with respect to the stock redeemed and, for the purposes of subsection (1)(a), the interest in the closely held business shall be considered to be such interest reduced by the value of the stock redeemed; and

(b) subsection (1)(b) of this section does not apply with respect to withdrawals of money and other property distributed and, for the purposes of subsection (1)(b), the value of the trade or business shall be considered to be such value reduced by the amount of money and other property distributed.

(3) Subsection (1)(a) of this section does not apply to an exchange of stock pursuant to a plan of reorganization described in (D), (E), or (F) of section 368(a)(1) of the Internal Revenue Code or to an exchange to which section 355 of the Internal Revenue Code or so much of section 356 of the Internal Revenue Code applies to section 355, but any stock received in such an exchange shall be treated for purposes of subsection (1)(a) as an interest qualifying under [section 14].

HeinOnline -- 1979 vol. III 1948 1979

(4) Subsection (1)(a) of this section does not apply to a transfer of property of the decedent to a person entitled by reason of the decedent's death to receive such property under the decedent's will, intestate succession, or a trust created by the decedent.

Section 23. **Failure to pay installment.** If any installment under [sections 13 through 27] is not paid on or before the date fixed for its payment, including any extension of time for the payment of the installment, the unpaid portion of the tax payable in installments must be paid on notice and demand from the department.

Section 24. **Election in the case of additional tax.** (1) If an additional tax is determined under Title 72, chapter 16, part 3, and the estate qualifies under [section 14] and the personal representative has not made an election under [section 14], the personal representative may elect to pay the additional tax in installments.

(2) An election under this section must be made not later than 60 days after notice and demand for payment of the additional tax has been given by the department and must be made in the manner prescribed by the department.

(3) If an election is made under this section, the additional tax shall, subject to the limitation in [subsection (2) of section 14], be prorated to the installments that would have been due if an election had been timely made under [section 14]. The part of the additional tax so prorated to any installment the date for payment of which would have arrived shall be paid at the time of the making of the election under this section. The portion of the additional tax prorated to installments, the date for payment of which would not have so arrived, shall be paid at the time such installments would have been due if such an election had been made.

Section 25. **Security.** If the time for payment of any amount of tax has been extended under [section 24], the department may require the taxpayer to furnish a bond in an amount not exceeding double the amount with respect to which the extension is granted conditioned upon the payment of the amount extended in accordance with the terms of the extension.

Section 26. **Extensions of time for payment of tax.** The running of the period of limitations for collection of any tax imposed by Title 72, chapter 16, part 3, is suspended for the period of any extension of time for payment granted under [section 14].

Section 27. **Interest rate.** (1) If the time for payment of an amount of tax imposed by Title 72, chapter 16, part 3, is extended as provided in [section 14] interest on the 4% portion of such amount shall, in lieu of the annual rate provided by 72-16-441, be paid at the rate of 4%. For the purposes of this section, the amount of any additional tax that is prorated to installments payable under [section 24] shall be treated as an amount of tax payable in installments under that section.

(2) For the purposes of this section, "4% portion" means the lesser of:

(a) $345,800; or

HeinOnline -- 1979 vol. III 1949 1979

(3) If the amount of tax imposed by Title 72, chapter 16, part 3, that is extended exceeds the 4% portion, any payment of a portion of such amount shall, for the purpose of computing interest for periods after such payment, be treated as reducing the 4% portion by an amount that bears the same ratio to the amount of such payment as the amount of the 4% portion, determined without regard to this section, bears to the amount of tax that is extended as provided in [section 14].

Section 28. **Definitions.** As used in [sections 28 through 39], the following definitions apply:

(1) "Deferral period" means the period for which the payment of tax is deferred under [section 14].

(4) "Required interest amount" means the aggregate amount of interest that will be payable over the first 4 years of the deferral period with respect to the deferred amount determined as of the date prescribed for payment without interest of the tax imposed by Title 72, chapter 16, part 3.

Section 29. **Lien for tax deferred.** In the case of any estate with respect to which an election has been made under [section 14], if the personal representative makes an election under this section at such time and in such manner as the department may prescribe and files the agreement referred to in [section 32] the deferred amount, plus any interest or additional amount shall be a lien in favor of the state on the lien property.

Section 30. **Maximum value.** (1) The maximum value of the property that the department may require as lien property with respect to any estate is a value that is not greater than the sum of the deferred amount and the required interest amount.

(2) For the purposes of (1) of this section, the value of any property is determined as of the date prescribed by 72-16-441 for payment of the tax without interest and is determined by taking into account any encumbrances.

Section 31. **Partial substitution of bond for lien.** If the value required as lien property exceeds the value of the interests in property covered by the agreement referred to in [section 32], the department may accept a bond in an amount equal to such excess conditioned on the payment of the amount extended in accordance with the terms of the extension.

HeinOnline -- 1979 vol. III 1950 1979

Section 32. **Agreement.** The agreement is a written agreement signed by each person in being who has an interest, whether or not in possession, in any property designated in the agreement:

(1) consenting to the creation of the lien under [section 29] with respect to the property; and

(2) designating a responsible person to be agent for the beneficiaries of the estate and for persons who have consented to the creation of the lien in dealings with the department on matters arising under [section 14] or [section 29].

Section 33. **Filing of lien.** The lien imposed by [section 29] is not valid against a purchaser, holder of a security interest, mechanic's lien, or judgment lien creditor until notice that meets the requirements of 71-3-204 has been filed by the department.

Section 34. **Period of lien.** The lien imposed by [section 29] arises at the time notice is filed under [section 33] and continues until liability for the deferred amount is satisfied or becomes unenforceable by reason of lapse of time.

Section 35. **Priorities.** (1) A lien filed under [section 29] is not valid:

(a) as against real property tax and special assessment liens;

(b) in the case of real property subject to a lien for repair or improvement, as against a mechanic's lienor; or

(c) as against a security interest set forth in paragraph 3 of section 6323(c) of the Internal Revenue Code, whether the security interest came into effect before or after the tax lien filing.

(2) Subsections (1)(b) and (1)(c) of this section do not apply to any security interest that came into existence after the date on which the department filed notice that payment of the deferred amount has been accelerated under [section 22].

Section 36. **Lien in lieu of other tax liens.** If there is a lien on property under [section 29], the lien under 72-16-432 does not apply to the property with respect to the same estate.

Section 37. **Additional lien property.** (1) If at any time the value of the property covered by the agreement is less than the unpaid portion of the deferred amount and the required interest amount, the department may require the addition of property to the agreement. The department may not require that the value of the property covered by the agreement exceed the unpaid portion.

(2) If property having the required value is not added to the property covered by the agreement or if other security equal to the required value is not furnished within 90 days after notice and demand by the department, the failure to comply shall be treated as an act accelerating payment of the installments under [section 22].

Section 38. **Lien in lieu of bond.** The department may not require the furnishing of any bond for the payment of tax to which an agreement that meets the requirements of [section 32] applies.

HeinOnline -- 1979 vol. III 1951 1979

Section 39. **Application of definitions to additional tax.** In the case of an additional tax, a separate deferral period, deferred amount, and required interest amount shall be determined as of the due date of the first installment after the additional tax is prorated to installments under [section 14].

Section 40. **Lien for additional tax attributable to farm and closely held business property.** (1) In the case of any interest in qualified real property within the meaning of [subsection (11) of section 1], an amount equal to the adjusted tax difference attributable to such interest within the meaning of [subsection (3) of section 7] is a lien in favor of the state on the property in which such interest exists.

(2) The lien imposed by this section shall arise at the time an election is filed under [section 2] and continues with respect to any interest in the qualified real property until:

(a) the liability for tax under [section 7] with respect to such interest has been satisfied or has become unenforceable by reason of lapse of time; or

(b) until it is established to the satisfaction of the department that no further tax liability may arise under [section 7] with respect to such interest.

(3) [Sections 33, 35, and 36] apply with respect to a lien imposed by [section 40].

Section 41. **Substitution of security for lien.** The department may provide by rule for the substitution of security for the lien imposed by [section 40].

Section 42. **Subordination of liens.** The department may consent to the subordination of a lien imposed by [section 29 or 40] upon any part of the property subject to the lien if the state will be adequately secured after the subordination.

Section 43. Section 72-16-308, MCA, is amended to read:

(3) *The license tax proceeds that are allocated to the department of institutions for the treatment, rehabilitation, and prevention of alcoholism shall be credited quarterly to the department of institutions. This subsection does not apply to snowmobiles that are purchased as new and unused machines or that were operated when the provisions of this part were not in force and effect.

(5) Upon completion of the application in quintuplicate on forms furnished by the division of motor vehicles, the county treasurer shall issue to the applicant two copies of the application, one of which shall be marked "file copy", and forward one copy and the original application to the division, which shall cause to be entered the information contained in the application upon the corresponding records of its office, and shall furnish the applicant a certificate of ownership which shall contain the information found on the application and a permanent ownership number. The sticker shall contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the snowmobile, including its serial number. The dealer shall keep a copy of the sticker for his records and shall send a copy of the sticker to the division.

(5) The provisions of subsection (2) of this section, requiring a transferee to forward the certificate of ownership after endorsement to the division, do not apply in the event of the transfer of a snowmobile to a duly licensed snowmobile dealer intending to resell the snowmobile and who operates it only for demonstration purposes, but every such dealer, upon transferring such interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of this part. The division, upon receipt of the certificate of ownership and application for a new certificate, together with the conditional sales contract or other lien, if any, shall issue a new certificate of ownership together with a statement of any conditional sales contract, mortgage, or other lien."

Section 2. Section 46-14-201, MCA, is amended to read:

"46-14-201. Requirement of notice — form of verdict and judgment. *(1)* Evidence of mental disease or defect is not admissible *in a trial on the merits* unless the defendant, at the time of entering his plea of not guilty or within 10 days thereafter or at such later time as the court may for good cause permit, files a written notice of his purpose to rely on a mental disease or defect to prove that he did not have a particular state of mind which is an essential element of the offense charged. Otherwise, except on good cause shown, he shall not introduce in his case in chief expert testimony in support of that defense.

(2) When the defendant is acquitted on the ground *that due to a* mental disease or defect *he could not have a particular state of mind that is an essential element of the offense charged*, the verdict and the judgment shall so state."

Section 3. Section 46-14-202, MCA, is amended to read:

"46-14-202. Psychiatric examination of defendant. (1) When there is reason to doubt *the defendant's* fitness to proceed or reason to believe that mental disease or defect of the defendant will otherwise become an issue in the cause, the court shall appoint at least one qualified psychiatrist or shall request the superintendent of Warm Springs state hospital to designate at least one qualified psychiatrist, which designation may be or include himself, to examine and report upon the mental condition of the defendant.

(2) The court may order the defendant to be committed to a hospital or other suitable facility for the purpose of the examination for a period of not exceeding 60 days or such longer period as the court determines to be necessary for the purpose and may direct that a qualified psychiatrist retained by the defendant be permitted to witness and participate in the examination.

(3) In the examination any method may be employed which is accepted by the medical profession for the examination of those alleged to be suffering from mental disease or defect."

"46-14-213. Psychiatric testimony upon trial. (1) Upon the trial, any psychiatrist who reported under 46-14-202 and 46-14-203 may be called as a witness by the prosecution or by the defense. If the issue is being tried before a jury, the jury may not be informed that the psychiatrist was designated by the court or by the superintendent of Warm Springs state hospital. Both the prosecution and the defense may summon any other qualified psychiatrist or other expert to testify, but no one who has not examined the defendant is competent to testify to an expert opinion with respect to the mental condition of the defendant, as distinguished from the validity of the procedure followed by or the general scientific propositions stated by another witness.

(2) When a psychiatrist or other expert who has examined the defendant testifies concerning the defendant's mental condition, he may make a statement as to the nature of his examination, his diagnosis of the mental condition of the defendant at the time of the commission of the offense charged, and his opinion as to the ability of the defendant to have a particular state of mind which is an element of the offense charged. The expert may make any explanation reasonably serving to clarify his diagnosis and opinion and may be cross-examined as to any matter bearing on his competency or credibility or the validity of his diagnosis or opinion."

Section 7. Section 46-14-221, MCA, is amended to read:

If neither the county attorney nor counsel for the defendant contests the finding of the report filed under 46-14-203, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon the hearing, the parties have the right to summon and cross-examine the psychiatrists who joined in the report and to offer evidence upon the issue.

HeinOnline -- 1979 vol. III 1981 1979

(2) If the court determines that the defendant lacks fitness to proceed, the proceeding against him shall be suspended, except as provided in subsection (4) of this section, and the court shall commit him to the custody of the director of the department of institutions to be placed in an appropriate institution of the department of institutions for so long as the unfitness endures.

(3) If the court determines that the defendant lacks fitness to proceed due to the fact that the person is developmentally disabled, as defined by 53-20-102, the proceeding against him shall be suspended, except as provided in subsection (4) of this section, and the court shall proceed to secure treatment as provided in chapter 20, part 1, or chapter 21, part 1, of Title 53.

(4) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution which is susceptible to fair determination prior to trial and without the personal participation of the defendant.

(5) The expenses of sending the defendant to the custody of the director of the department of institutions to be placed in an appropriate institution of the state department of institutions, of keeping him there, and of bringing him back are in the first instance chargeable to the county in which the indictment was found or the information filed; but the county may recover them from the estate of the defendant, if he has any, or from a town, city, or county bound to provide for and maintain him elsewhere."

Section 8. Section 46-14-222, MCA, is amended to read:

"46-14-222. Proceedings if fitness regained. When the court, on its own motion or upon the application of the director of the department of institutions, the county attorney, or the defendant or his legal representative, determines, after a hearing if a hearing is requested, that the defendant has regained fitness to proceed, the proceeding shall be resumed. If, however, the court is of the view that so much time has elapsed since the commitment of the defendant that it would be unjust to resume the criminal proceedings, the court may dismiss the charge and may order the defendant to be discharged or, subject to the law governing the civil commitment of persons suffering from *serious* mental *illness*, order the defendant committed to an appropriate institution of the department of institutions."

Section 9. Section 46-14-301, MCA, is amended to read:

"46-14-301. Commitment upon acquittal on the ground of lack of mental state — hearing to determine release or discharge. (1) When a defendant is acquitted on the ground *that due to a* mental disease or defect *he could not have a particular state of mind that is an essential element of the offense charged*, the court shall order him committed to the custody of the superintendent of Warm Springs state hospital to be placed in an appropriate institution for custody, care, and treatment.

(2) A person so confined shall have a hearing, unless waived, within 50 days of his confinement to determine his present mental condition and

HeinOnline -- 1979 vol. III 1982 1979

whether he may be discharged or released without danger to others. The court shall cause notice of the hearing to be served upon the person, his counsel, and the prosecuting attorney. Such a hearing shall be deemed a civil proceeding, and the burden shall be upon the defendant to prove by a preponderance of the evidence that he may be safely released.

(3) According to the determination of the court upon the hearing, the defendant shall be discharged or released on such conditions as the court determines to be necessary or shall be committed to the custody of the superintendent of the Warm Springs state hospital to be placed in an appropriate institution for custody, care, and treatment."

Section 10. **Consideration of mental disease or defect in sentencing.** Whenever a defendant is convicted on a verdict or a plea of guilty and he claims that at the time of the commission of the offense of which he was convicted he was suffering from a mental disease or defect which rendered him unable to appreciate the criminality of his conduct or to conform his conduct to the requirements of law, the sentencing court shall consider any relevant evidence presented at the trial and shall require such additional evidence as it considers necessary for the determination of the issue, including examination of the defendant and a report thereof as provided in 46-14-202 and 46-14-203.

Section 11. **Sentence to be imposed.** (1) If the court finds that the defendant at the time of the commission of the offense of which he was convicted did not suffer from a mental disease or defect as described in [section 9], it shall sentence him as provided in Title 46, chapter 18.

(2) If the court finds that the defendant at the time of the commission of the offense suffered from a mental disease or defect as described in [section 9], any mandatory minimum sentence prescribed by law for the offense need not apply and the court shall sentence him to be committed to the custody of the director of the department of institutions to be placed in an appropriate institution for custody, care, and treatment for a definite period of time not to exceed the maximum term of imprisonment that could be imposed under subsection (1). The authority of the court with regard to sentencing is the same as authorized in Title 46, chapter 18, provided the treatment of the individual and the protection of the public are provided for.

(3) A defendant whose sentence has been imposed under [section 11(2)], may petition the sentencing court for review of the sentence if the professional person certifies that the defendant has been cured of the mental disease or defect. The sentencing court may make any order not inconsistent with its original sentencing authority except that the length of confinement or supervision must be equal to that of the original sentence. The professional person shall review the defendant's status each year.

Section 12. **Discharge of defendant from supervision.** At the expiration of the period of commitment or period of treatment specified by the court under [section 11(2)], the defendant must be discharged from custody and further supervision, subject only to the law regarding the civil commitment of persons suffering from serious mental illness.

Section 13. Section 46-14-401, MCA, is amended to read:

HeinOnline -- 1979 vol. III 1983 1979

"46-14-401. Admissibility of statements made during examination or treatment. A statement made for the purposes of psychiatric examination or treatment provided for in this chapter by a person subjected to such examination or treatment is not admissible in evidence against him in any criminal proceeding, *except a sentencing hearing conducted under [section 9],* on any issue other than that of his mental condition. It is admissible on the issue of his mental condition, whether or not it would otherwise be considered a privileged communication, unless it constitutes an admission of guilt of the crime charged. *In a hearing held under [section 9], the court may hear and consider any such statement even if it constitutes an admission of guilt.*"

Section 14. Section 46-15-301, MCA, is amended to read:

"46-15-301. Discovery of witnesses, notice of certain defenses. In all criminal cases originally triable in district court the following rules apply:

(1) For the purpose of notice only and to prevent surprise, the prosecution shall furnish to the defendant and file with the clerk of the court at the time of arraignment a list of the witnesses the prosecution intends to call. The prosecution may, any time after arraignment, add to the list the names of any additional witnesses upon a showing of good cause. The list shall include the names and addresses of the witnesses. This subsection does not apply to rebuttal witnesses.

(2) (a) For purpose of notice only and to prevent surprise, the defendant shall furnish to the prosecution and file with the clerk of the court, at the time of entering his plea of not guilty or within 10 days thereafter or at such later time as the court may for good cause permit, a statement of intention to interpose the defense of self-defense or alibi *or the defense that the defendant did not have a particular state of mind that is an essential element of the offense charged.*

(b) If the defendant intends to interpose any of these defenses, he shall also furnish to the prosecution and file with the clerk of the court the names and addresses of all witnesses to be called by the defense in support thereof. Prior to trial the defendant may, upon motion and showing of good cause, add to the list of witnesses the names of any additional witnesses. After the trial commences, no witnesses may be called by the defendant in support of these defenses unless the name of the witness is included on the list, except upon good cause shown."

Section 15. **Repealer.** Section 46-14-211, MCA, is repealed.

HOUSE BILL NO. 483

AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 1981; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Title.** This act may be cited as the "General Appropriations Act of 1979".

Section 2. **Definitions.** For the purposes of this act, unless otherwise stated:

(1) "Agency" means each state office, department, division, board, commission, council, committee, institution, university unit, or other entity or instrumentality of the executive branch, office of the judicial branch, or office of the legislative branch of state government.

(2) "Approving authority" means the governor or his designated representative for executive branch agencies; the chief justice of the supreme court for judicial branch agencies; appropriate legislative committees for legislative branch agencies; or the board of regents for the university system.

(3) "University system unit" means the board of regents, office of the commissioner of higher education, the university of Montana at Missoula, Montana state university at Bozeman, Montana college of mineral science and technology at Butte, eastern Montana college at Billings, northern Montana college at Havre, western Montana college at Dillon, the agricultural experiment station with central offices at Bozeman, the cooperative extension service with central office at Bozeman, or the bureau of mines and geology with central office at Butte.

Section 3. **Budget amendments.** The approving authority may approve a budget amendment to spend funds that were not available for consideration by the legislature but have become available from a source other than the state's general fund or earmarked revenue fund and other than receipts to the state from the United States government made available under provisions of P.L. 94-488, the federal Revenue Sharing Extension Act or any extension or modification of that act. Each budget amendment shall be submitted to the budget director and the office of legislative fiscal analyst.

HeinOnline -- 1979 vol. III 2001 1979

A budget amendment may be approved to spend money in the earmarked revenue fund only if the approving authority certifies that an emergency justifies the expenditure.

A budget amendment may be approved for a time period greater than one fiscal year but not to exceed the biennium ending June 30, 1981. Budget amendments for greater than one fiscal year shall itemize planned expenditures by fiscal year.

Section 4. **Amendment procedures.** (1) In approving a budget amendment, the approving authority shall:

(a) certify specific additional services to be provided as a result of a higher expenditure level;

(b) certify that no other alternative is available to provide the additional services;

(c) certify that the additional proposed services have not been considered and rejected by the legislature;

(d) certify that no commitment, implied or otherwise, is made for increased future general fund support;

(e) specify criteria for evaluating the effectiveness of the additional services provided.

(2) The additional funds are appropriated contingent upon total compliance with all budget amendment procedures.

Section 5. **Budget requests.** Sufficient funds are appropriated in this act to enable each agency to submit its budget request to the budget director and the legislative fiscal analyst pursuant to the time schedule established in 17-7-112(1), MCA. If any agency fails to submit its final, complete budget request by the deadlines established in 17-7-112(1), the expenditure authority herein granted shall be reduced or rescinded by the budget director unless the agency director certifies that an emergency situation has precluded a timely budget presentation and the budget director approves an extension not to exceed 30 days.

Section 6. **Detailed budget information.** Within ten days after the legislature convenes in regular session, the budget director and the legislative fiscal analyst shall mutually exchange expenditure recommendations by object of expenditure to the second level of detail and by funding source detailed by treasury fund. This information shall be filed in the respective offices and available to members of the legislature and the general public.

Section 7. **Expenditure limit.** Expenditures may not exceed appropriations.

Section 8. **Other appropriated funds.** Unless otherwise indicated herein, the appropriations made under the column heading "Other Appropriated Funds" are from funds within the earmarked revenue fund, the federal and private revenue fund, or the revolving fund that accrue under provisions of law to the expending agency.

HeinOnline -- 1979 vol. III 2002 1979

Section 9. **Operating budgets.** Expenditures may be made only in accordance with operating budgets approved by the approving authority. The respective appropriations are contingent upon approval of the operating budget by July 1 of each fiscal year. Each operating budget shall include expenditures for each agency program detailed at least by personal services, operating expenses, equipment, benefits and claims, transfers, and local assistance.

Section 10. **Access to records.** No funds appropriated by this act may be expended for any contract, written or oral, for services with a nonstate entity for services to be provided by the nonstate entity to members of the public on behalf of the state unless such contract contains a provision allowing access to those records of the nonstate entity as may be necessary for legislative audit and analysis purposes in determining compliance with the terms of the contract. Each such contract may be unilaterally terminated by the state, and each contract shall so provide, upon refusal of the nonstate entity to allow access to records necessary to carry out the legislative audit and analysis functions set out in Title 5, chapters 12 and 13, MCA.

Section 11. **Reduction of appropriation.** In the event of a shortfall in revenue, the governor may reduce any appropriation by not more than 15% except appropriations for:

1. payment of interest and retirement of state debt;
2. the legislative branch;
3. the judicial branch;
4. public schools; or
5. salaries of elected officials during their term of office.

Section 12. **Severability.** If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision shall not affect the validity of the remaining portions of this act.

Section 13. **Reversion.** Notwithstanding other provisions of law, the unexpended balance of each appropriation shall revert to the fund from which it was appropriated at the end of each fiscal year unless otherwise provided in this act.

Section 14. **Other funds to offset general fund.** The approving authority shall decrease the general fund appropriation of the agency by the amount of funds received from other sources in excess of the appropriation provided in this act unless such action is expressly contrary to state or federal law, rule, or contract or the approving authority certifies that the services to be funded by the additional funds are significantly different from those for which the agency has received an appropriation.

Section 15. **National conference of state legislatures.** Agencies may participate in the activities and programs of the national conference of state legislatures within existing appropriations.

Section 16. **Totals not appropriations.** The totals shown in the act are for informational purposes only and are not appropriations.

HOUSE BILL NO. 908

AN ACT TO APPROPRIATE FUNDS TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION FROM THE RESOURCE INDEMNITY TRUST INTEREST ACCOUNT TO CONDUCT SITING, ENERGY NEED, FACILITY INTEGRATION, ENVIRONMENTAL, AND SOCIO-ECONOMIC IMPACT STUDIES FOR THE POSSIBLE CONSTRUCTION OF A MAGNETOHYDRODYNAMICS ENGINEERING TEST FACILITY IN MONTANA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Legislative findings.** The Legislature finds that utility companies in Montana are considering additional coal-fired steam electric generation plants to supply projected demands in the early 1990's. Previous Montana legislatures have formally recognized the very high potential of magnetohydrodynamics (MHD) power generation to provide electric power to Montana in a highly efficient, water conservative, and environmentally acceptable manner. Because of the extended time period required for siting a major facility power plant under Montana laws and to complete plant construction, the Legislature finds that the incorporation of an MHD engineering test facility into the next coal-fired steam power plant to be built in Montana is in the state and national interest and will most expeditiously help meet future state energy needs. The Legislature desires that the state of Montana take a leadership role in the coupling of the energy needs in Montana with the national MHD program objective. The Legislature finds that there is a possibility of coordinating these objectives to the mutual benefit of the utilities, the MHD program, and the state of Montana. Therefore, the Legislature finds there is a need to conduct siting, energy need, facility integration, environmental, and socio-economic impact studies for the possible construction of an MHD engineering test facility in Montana.

Section 2. **Appropriation.** There is appropriated from the indemnity trust interest account to the Department of Natural Resources and Conservation the sum of $500,000 for the biennium ending June 30, 1981, for the purpose of conducting siting, energy need, facility integration, environmental, and socio-economic impact studies for the possible construction of an MHD engineering test facility in Montana. The entire state shall be considered in the siting studies described herein, including those possible sites studied by the United States Department of Energy in the areas of Great Falls, Glasgow, Billings, Bozeman-Livingston, and Anaconda-Butte.

Section 3. **Conditions — reimbursement to state.** The money appropriated in Section 2 may not be spent for any capital costs related to private sector energy production. Funds appropriated under this act are primarily to be spent in Montana by Montana firms under contract with the Department. Reimbursement to the Department for deposit in the indemnity trust interest account of the funds appropriated herein will be made to the extent practical from proceeds of sale of any energy produced

Section 3. **Reversion.** The state prison shall revert at least $123,200 of the general fund appropriation made in House Bill 145 of the 45th Legislature. In the event the costs for utilities and medical services exceed the projected cost for the same services contained in the initial supplemental request, the mandated reversion of $123,200 will be reduced by a like dollar amount, subject to approval by the Budget Director.

Section 4. **Effective date.** This act is effective on passage and approval.

Approved May 8, 1979.

RESOLUTIONS

SENATE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE PRESIDENT OF THE SENATE AND THE SPEAKER OF THE HOUSE TO APPOINT A SELECT COMMITTEE ON INDIAN AFFAIRS.

WHEREAS, there are seven Indian reservations and numerous landless Indians in Montana; and

WHEREAS, the various tribes have treaties with the United States; and

WHEREAS, this situation gives rise to extremely complex jurisdictional, social, and philosophical questions in virtually all subject areas including law enforcement, water rights, pollution control, natural resources, health, social services, education, and taxation which, in turn, produce tension and conflict in tribal/state and Indian/non-Indian relations; and

WHEREAS, Congress, as the ultimate authority on relations with the Indian tribes, has not acted in a decisive manner to resolve these questions and is unlikely to do so in the foreseeable future; and

WHEREAS, jurisdictional litigation on a case-by-case basis is expensive to the state, tribes, and private parties.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the President of the Senate and the Speaker of the House appoint four members of the Senate and four members of the House, equally bipartisan, to serve on a select legislative committee on Indian affairs.

BE IT FURTHER RESOLVED, that the committee seek the opinions and information of Indian tribes, state agencies, local governments, non-Indians living on or near Indian reservations, and other interested persons and agencies to gain insight into Indian problems in Montana.

BE IT FURTHER RESOLVED, that the committee study the Montana statutes relating to participation in programs and interlocal agreements by political subdivisions and seek input from all interested persons in order to determine whether it would be workable and desirable to specifically include Indian tribes within the purview of any of those statutes.

BE IT FURTHER RESOLVED, that the committee study the possibility of establishing other state legislative plans or mechanisms which would allow and encourage tribal/state or tribal/local government cooperation or otherwise go toward resolving Indian problems in Montana.

HeinOnline -- 1979 vol. III 2055 1979

BE IT FURTHER RESOLVED, that the Legislative Council provide staff to assist the committee.

BE IT FURTHER RESOLVED, that the committee report its activities, findings, recommendations, and any proposed legislation to the 47th Legislature.

Approved March 20, 1979.

SENATE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO ADOPT JOINT RULES TO GOVERN ITS PROCEEDINGS.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following joint rules are adopted:

CHAPTER 1
Presiding Officer - Decorum, Order and Debate

1-1. The presiding officer of the Senate is the president and the presiding officer of the House of Representatives is the speaker. The presiding officer of each house shall take the chair on every legislative day at the hour to which that house adjourned at the last sitting. After call to order, prayer by the chaplain and roll call, a report on the journal for the preceding legislative day shall be given in the presence of a quorum, and each house shall proceed with the regular order of business.

1-2. The presiding officer, or any member acting as presiding officer, of each house shall preserve order and decorum, and in case of disturbance or disorderly conduct, may order the galleries or lobbies to be cleared.

1-3. The presiding officer of each house has general control and direction of the hall, chamber, rooms, passages and corridors of the house over which he presides. Reporters on assignment in either house are subject to placement by the presiding officer.

1-4. The presiding officer of each house shall decide all questions of order, subject to an appeal by any member seconded by two other members. No member may speak more than once on an appeal without the consent of a majority of the house of which he is a member.

1-5. When a member desires to speak he shall rise and address the presiding officer and, being recognized, shall speak standing in his place unless the presiding officer grants permission to speak from some other place on the floor. When two or more members rise at the same time the presiding officer shall name the member who is to speak first.

1-6. When a member has been called to order, he shall sit down until the presiding officer determines whether he is in order or not. If the

HeinOnline -- 1979 vol. III 2056 1979

member is called to order for words spoken in debate, the language excepted to shall be taken down in writing by the chief clerk or secretary.

1-7. Questions of privilege are: first, those affecting the collective rights, safety, dignity, and integrity of the proceedings of either house; and second, those affecting the rights, reputation and conduct of individual members of either house in their capacity as members. A question of privilege affecting either house collectively takes precedence over a question of privilege affecting an individual member.

1-8. The presiding officer of each house shall sign all subpoenas approved or issued by the house over which he presides. The presiding officer shall certify the payroll as prepared by Legislative Council staff.

1-9. (1) A communication or paper shall be addressed to the presiding officer and shall bear the name of the person submitting it. When the reading of a paper is called for and a member objects, it shall be determined by a vote of the house without debate. This subsection does not apply to bills or to communications from the governor or the other house.

(2) A paper for or against proposed legislation may not be placed on the desks of the members or circulated within the chamber unless the person responsible has signed it and has received permission from the presiding officer to distribute it in the house concerned.

1-10. When the presiding officer is a member of the house over which he is presiding he shall vote as any other member and may not vote a second time.

CHAPTER 2
Meetings, Quorums and Attendance

2-1. The hour of meeting of the Senate and House of Representatives may be as ordered by the Senate or House.

2-2. Lobbying on the floor of the Senate or House of Representatives is prohibited during the session and within one hour prior to the commencement of a session and within one-half hour after recess or adjournment.

2-3. The sessions of the legislature and of the Committee of the Whole, all committee meetings, and all hearings shall be open to the public (Montana Constitution, Art. V, Sec. 10(3)).

2-4. Neither house shall, without the consent of the other, adjourn or recess for more than three days, nor to any other place than that in which the two houses shall be sitting (Montana Constitution, Art. V, Sec. 10(5)).

2-5. A majority of each house shall constitute a quorum to do business, but a smaller number may adjourn from day to day, and compel the attendance of absent members, in such manner and under such penalties as each house may prescribe (Montana Constitution, Art. V, Sec. 10(2)).

2-6. Unless he is excused, a member of the House or Senate shall be present at every sitting of the house of which he is a member.

2-7. In the absence of a quorum, a majority of members present in either house may compel the attendance of absent members by ordering a call of the house of which they are members.

HeinOnline -- 1979 vol. III 2057 1979

2-8. If a quorum is present, five members of the Senate may order a call of the Senate, and fifteen members of the House of Representatives may order a call of the House.

2-9. On a call of either house, a member who refuses to attend may be arrested by the sergeant-at-arms or any other person, as the majority of such members present shall direct. When the attendance of an absent member is secured after a call of either house, if the house of which he is a member refuses to excuse his absence, he shall not be paid any per diem during his absence and is liable for the expenses incurred in procuring his attendance.

2-10. During a call of either house, all business of that house shall be suspended. After a call has been ordered no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote.

2-11. If either house is in session upon a given day, whether or not the other house is in session, that day shall constitute a legislative day.

CHAPTER 3
Legislative Employees

3-1. The legislature shall prescribe the compensation of the officers and employees of each house by joint resolution. Each house shall prescribe the duties of its officers and employees and no payment shall be made from the state treasury, or be in any way authorized to any such person, except to an acting officer or employee elected or appointed in pursuance of law.

3-2. The Legislative Council shall be responsible for maintaining personnel files.

3-3. The committee on legislative administration of each house shall appoint secretaries for standing or special committees on recommendation of the committee chairman, subject to the approval of the respective houses. A secretary for a standing or special committee is immediately responsible to the committee chairman, but when not occupied with the duties of a committee, shall work under the direction of the chief stenographer of each house. The Legislative Council shall hire all engrossing and enrolling typists and proofreaders who are under the direction of the bills committee.

3-4. The presiding officer and the majority and minority floor leader of each house may each appoint a private secretary.

3-5. The secretary of the Senate and chief clerk of the House of Representatives are responsible to the presiding officers of their respective houses. Their duties are:

(a) to have custody of all records, bills, documents and other papers;

(b) to supervise the making and examination of the journal and the handling of bills and resolutions;

(c) to deliver to the appropriate officers or offices, as set forth in these rules during the session or at the close of each session, the journal, bill

HeinOnline -- 1979 vol. III 2058 1979

books and resolution books, and all copies of introduced and engrossed bills and joint resolutions;

(d) to collect from the chairman or secretaries of all standing committees, special committees, Committees of the Whole, and conference committees, the minutes of such committees and deliver them to the state historical society.

3-6. Journal clerks, bill clerks, typists, and other employees responsible for legislative functions, except secretaries for standing or special committees, secretaries to presiding officers, and secretaries to majority and minority floor leaders, are immediately responsible to the secretary of the Senate or the chief clerk of the House, subject to the general supervision of the presiding officer.

3-7. The duties of the engrossing and enrolling clerks are:

(a) to engross or enroll all bills delivered to them within forty-eight hours after they have been received, unless further time is granted, in writing, by the presiding officer of the house in which the bill originated;

(b) to correct clerical errors, with the consent of the secretary of the Senate or chief clerk of the House of Representatives, in any bill originating in the house by which they are employed. Clerical errors such as the following may be corrected:

(i) errors in spelling

(ii) errors in numbering sections

(iii) adding or deleting underlining or lines through matter to be stricken

(iv) material copied incorrectly from the Montana Code Annotated.

The secretary of the Senate or chief clerk of the House shall obtain written permission from the principal sponsor before such corrections are made.

When a committee is the sponsor of a bill, any member thereof so designated by the chairman may be the principal sponsor for the purpose of this section.

3-8. (1) The sergeants-at-arms are responsible to the presiding officers of their respective houses. Their duties are:

(a) to maintain order under the direction of the presiding officer;

(b) to execute commands and serve all processes;

(c) to receive, distribute and have custody of supplies.

3-9. The assistant sergeant-at-arms, doorkeepers, watchmen, janitors, pages and other employees responsible for general housekeeping functions are immediately responsible to the sergeant-at-arms, subject to the general supervision of the presiding officer.

3-10. The duties of the chaplain of each house are to open each day's session with a prayer.

HeinOnline -- 1979 vol. III 2059 1979

3-11. A legislative aide is a person who has registered with the clerk of the House or secretary of the Senate and has been issued a distinctive identification form such as a name tag. Such identification may be issued only upon receiving written verification from a member that the person involved is serving him as an aide. A person may not represent himself to be a legislative aide unless he carries such identification. The sergeants-at-arms and doorkeepers shall enforce this rule. Legislative aides must be of legal age unless otherwise approved by the presiding officer.

No member may designate more than one aide without the approval of the Rules Committee of the house involved.

Qualifications for legislative interns are specified in Title 5, chapter 6, MCA.

3-12. An employee, legislative aide or legislative intern of either house is prohibited from lobbying as defined in Section 5-7-102(1), MCA. However, such person may testify before a committee of either house on the request of the committee. Any person violating this rule shall be discharged.

3-13. Disputes or complaints involving the competency or decorum of a legislative employee shall be referred to the committee on legislative administration of the house by which the employee is employed. The committee, in its discretion, may dismiss, suspend or retain the employee. The committee on legislative administration shall periodically review the roster of employees and shall dismiss surplus employees.

3-14. The offices of the Legislative Council shall serve both the Senate and House of Representatives as required.

The Council staff shall prepare payrolls for signature and prepare a bimonthly financial report and distribute the report to legislative leaders in each house and to members of the Senate Committee on Finance and Claims and House Committee on Appropriations.

3-15. Contracts for purchase or lease of equipment and supplies made during the legislative session shall be made on the approval of the committee on legislative administration of each house, subject to the review of the presiding officer of the respective house. Purchase orders shall be issued by Legislative Council staff and accounting records kept in that office.

CHAPTER 4
Order of Business

4-1. After prayer, roll call, and report on the journal, the order of business of the Senate and House of Representatives is as follows:

(1) Communications and petitions

(2) Reports of standing committees

(3) Reports of select committees

(4) Messages from the governor

(5) Messages from the other house

HeinOnline -- 1979 vol. III 2060 1979

(6) Motions

(7) First reading and commitment of bills

(8) Second reading of bills (Committee of the Whole)

(9) Third reading of bills and consent calendar bills

(10) Unfinished business

(11) Special orders of the day

(12) Announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the house involved shall revert to Order of Business No. 1 when reconvening after a recess.

CHAPTER 5
Motions

5-1. When a motion is made it shall be restated by the presiding officer, and, if requested by the presiding officer or a member, shall be reduced to writing and read aloud. A motion may be withdrawn by the member making it at any time before it is amended or voted upon.

5-2. When a question is under debate no motion may be made except the following privileged and subsidiary motions which have precedence in the order listed:

(1) to adjourn

(2) for a call of the house

(3) to recess

(4) question of privilege

(5) to lay on the table

(6) for the previous question

(7) to postpone to a certain day

(8) to refer or commit

(9) to amend

(10) to postpone indefinitely.

A question may be indefinitely postponed by a majority roll call vote of all members present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration made pursuant to Rule 5-4.

5-3. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

5-4. Any member may, on the day the vote was taken or on the next day the house in which the action was taken is in session, move to reconsider the question. A motion to reconsider may not be withdrawn after

HeinOnline -- 1979 vol. III 2061 1979

such next legislative day without the unanimous consent of the house concerned, and thereafter any member may call it up for consideration; however, a motion to reconsider made after the fifty-fourth day of the session shall be disposed of when made. A motion to recall a bill from the other house constitutes notice to reconsider and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the other house may be made only under Order of Business No. 6, and under that order of business takes precedence over all motions except motions to recess or adjourn.

5-5. When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

5-6. (1) Except as provided in subsection (2) of this rule, the effect of moving the previous question, if adopted, is to close debate immediately, to prevent the moving of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of such time to be given to the proponents and one-half to the opponents.

5-7. A call of the house is not in order after the previous question is ordered, unless it appears upon an actual count by the presiding officer that a quorum is not present.

5-8. The following motions are not debatable:

(1) to adjourn

(2) for a call of the house

(3) to recess

(4) for parliamentary inquiry

(5) for suspension of the rules

(6) to lay on the table

(7) for the previous question

(8) to limit, extend the limits of, or to close debate

(9) to amend an undebatable motion

(10) to divide a question

(11) to pass business in Committee of the Whole

(12) to take from the table

(13) a decision of the presiding officer, unless appealed or unless he submits the question to the house for advice or decision

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

HeinOnline -- 1979 vol. III 2062 1979

5-9. A member may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

5-10. No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

CHAPTER 6
Bills and Resolutions

A. Form of Bills — Definition of Resolutions — General Provisions

6-1. The only types of instruments other than bills which may be introduced in either house of the legislature are as follows:

(1) A simple resolution is a formalized motion passed by one house only and bears the heading "House Resolution" or "Senate Resolution". It may be used to adopt or amend the rules of one house or to provide for the internal affairs of the house adopting it. It does not require three readings or a roll call vote. A member offering a simple resolution may read it in his place before introduction. When a simple resolution has been introduced, it shall be referred to a committee. Final action shall be taken on the Committee of the Whole report. The transmittal of copies of simple resolutions is the responsibility of the chief clerk or secretary of the house of origin.

A copy of every simple resolution is to be transmitted after adoption to the secretary of state by the secretary of the Senate or chief clerk of the House.

(2) A joint resolution must be adopted by both houses and is not approved by the governor. It may be used to express desire, opinion, sympathy, or request of the legislature; to adopt or amend the joint rules; to ratify or propose amendments to the United States Constitution; and to direct changes to, repeal, or direct adoption of a rule in the Montana Administrative Code. Except as otherwise provided in these rules or the Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

A copy of every joint resolution is to be transmitted after adoption to the secretary of state by the secretary of the Senate or chief clerk of the House.

6-2. Bills shall be typewritten on paper eight and one-half by eleven inches with twenty-five numbered lines, and shall be introduced in quadruplicate. Pica type and a good black ribbon must be used. Bills shall be numbered at the foot of each page (except page one) and shall have white covers of a substantial material. In sections amending existing statutes, matter to be stricken out shall be indicated with a line through the words or part to be deleted, and new matter shall be underlined. Sections of the Montana Code Annotated repealed or amended in a bill shall be stated in the title except for general appropriation bills and bills for the codification and general revision of the laws. Introduced bills will be reproduced on white paper and distributed to legislators.

HeinOnline -- 1979 vol. III 2063 1979

6-3. No bill, except general appropriation bills, and bills for the codification and general revision of the laws, shall contain more than one subject, which shall be clearly expressed in the title. The enacting clause of every law shall be as follows: "Be it enacted by the legislature of the state of Montana".

A bill shall be used to propose amendments to the Constitution of the State of Montana and shall not be subject to the veto of the governor (Montana Constitution, Art. VI, Sec. 10(1)).

6-4. All appropriation bills shall originate in the House of Representatives.

The general appropriation bills shall embrace nothing but appropriations for the ordinary expenses of the legislative, executive and judicial branches of state government, interest on public debt and for public schools. All other appropriations shall be made by separate bills, each embracing but one subject (Montana Constitution, Art. V, Sec. 11(4)). Appropriation bills for the operation of the legislature shall be introduced by the chairman of the House Committee on Appropriations.

6-5. Every statute, unless a different time is prescribed therein, takes effect on the first day of July of the year of its passage and approval. Every joint resolution, unless a different time is prescribed therein, takes effect from its passage (Sections 1-2-201 and 1-2-202, MCA).

B. Introduction

6-6. Bills will be checked by the staff of the Legislative Council prior to consideration by a committee of the legislature for proper format, style, and legal form. A stamp shall be affixed to the bill cover and initialed indicating this review. If such stamp is not affixed at the time the bill is delivered to the appropriate committee chairman, the chairman shall cause the bill to be transmitted to the Council for such review. Bills will be entered on the automated bill drafting equipment and typed to facilitate a more rapid reproduction. If a bill is not so entered prior to introduction, it will not be considered by any committee until it has been reviewed and entered. This review will be made after the eighteenth day. If the sponsor is notified of a problem with a bill and does not respond to the director of the Legislative Council within two legislative days, the bill will be referred to the committee on rules in the house where the bill was introduced.

A bill may be introduced by endorsing it with the name of a member or committee and presenting it to the chief clerk or secretary in quadruplicate. Bills or joint resolutions may be sponsored jointly by Senate and House members. Bills, joint resolutions, and simple resolutions shall be numbered consecutively in each session of the legislature in separate series in the order of their receipt.

Any bill proposed by a legislative committee or introduced by request of an administrative or executive agency or department shall be so indicated following the names of the sponsors, "By Request of the ..... (Name of Agency or Committee)".

HeinOnline -- 1979 vol. III 2064 1979

Bills may be prefiled, numbered and preprinted prior to a legislative session. This will be the responsibility of the staff of the Legislative Council. Actual signatures may appear on the face of the prefiled bill or signatures may be obtained on a consent form from the Legislative Council. Additional sponsors may be added at the time of introduction on the first legislative day, on motion of the chief sponsor. These names will be forwarded to the Legislative Council to be included on the face of the bill following standing committee approval.

All prefiled bills will be made available to the public.

6-7. Bills may be introduced until 5 p.m. on the eighteenth legislative day, except revenue bills, committee bills approved by the rules committee of the house in which the committee bill originated, and appropriation bills.

All bill drafting requests must be submitted to the Legislative Council staff by 5 p.m. on the fourteenth legislative day. A sponsor of a bill drafted pursuant to a timely request, but which is not delivered by the eighteenth day by the Legislative Council, shall have two legislative days after delivery to introduce the bill. No other bills except revenue and appropriation bills may be introduced after 5 p.m. on the eighteenth legislative day.

Revenue bills must be introduced by 5 p.m. on the twenty-first legislative day. Committee bills approved by the rules committee of the house in which the committee bill originated may be introduced by the fortieth legislative day. There is no time limit for introduction of appropriation bills.

Joint Resolutions affecting rules adopted in the Montana Administrative Code may be introduced and transmitted at any time during a session.

Requests for interim studies may be made by joint resolution only and may be introduced and transmitted at any time during a session.

[TO BE EFFECTIVE if these rules are adopted as temporary rules of the 47th Legislature:

6-7. Bills may be introduced until 5 p.m. on the fourteenth legislative day, except revenue bills, committee bills approved by the rules committee of the house in which the committee bill originated, and appropriation bills.

All bill drafting requests must be submitted to the Legislative Council staff by 5 p.m. on the tenth legislative day. A sponsor of a bill drafted pursuant to a timely request, but which is not delivered by the fourteenth day by the Legislative Council, shall have two legislative days after delivery to introduce the bill. No other bills except revenue and appropriation bills may be introduced after 5 p.m. on the fourteenth legislative day.

Revenue bills must be introduced by 5 p.m. on the twenty-first legislative day. Committee bills approved by the rules committee of the house in which the committee bill originated may be introduced by the fortieth legislative day. There is no time limit for introduction of appropriation bills.

HeinOnline -- 1979 vol. III 2065 1979

Joint Resolutions affecting rules adopted in the Montana Administrative Code may be introduced and transmitted at any time during a session.

Requests for interim studies may be made by joint resolution only and may be introduced and transmitted at any time during a session.]

6-8. No bill may be introduced or received in a house after that house has finally rejected a bill during that session designed to accomplish the same purpose save upon approval by the rules committee of the house in which the bill is offered for introduction or reception.

Failure to override a veto does not constitute final rejection.

6-9. At least three-fourths of a standing committee must consent to the introduction of a committee bill. Bill drafting requests for committee-sponsored bills must be received by the Legislative Council staff by 5 p.m. on the thirty-eighth legislative day and require three-fourths vote by the committee.

C. First Reading and Commitment

6-10. No motion affecting a bill is in order on its first reading except as provided in Joint Rule 6-6.

Upon introduction or reception of a bill, the chief clerk of the House or the secretary of the Senate shall publicly post upon a listing that bill by a summary of its title in the house of origin and by a summary of its title and by its history in the second house, together with a notation of the committee to which it has been assigned, and such posting shall constitute the first reading of the bill.

6-11. No bill shall be considered or become a law unless referred to a committee and returned therefrom.

6-12. Upon introduction or reception of a bill, it shall be referred to a committee by the presiding officer.

6-13. A bill may be recommitted at any time before its passage.

D. Amendments and Substitute Bills

6-14. No law shall be revised or amended, or the provisions thereof extended by reference to its title only, but so much thereof as is revised, amended or extended shall be reenacted and published at length.

6-15. No law shall be passed except by bill, and no bill shall be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

6-16. A committee may recommend that every clause in a bill be changed and that entirely new matter be substituted so long as the new matter is relevant to the title and subject of the original bill. A substitute bill shall be considered as an amendment and not as a new bill.

6-17. The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the bill following the enacting clause and to substitute the new bill, recommending also any necessary changes in the title. If a committee report recommending a substitute for

HeinOnline -- 1979 vol. III 2066 1979

a bill originating in the other house is adopted, the substitute bill shall be printed.

6-18. Amendments to a bill by the second house shall not be further amended by the house in which the bill originated, but must either be accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated.

6-19. If a majority of a house adopts a recommendation for the passage of a bill originating in that house after it has been returned from a committee with amendments, not less than six hundred copies of the bill shall be printed on yellow paper with all amendments incorporated into the printed copies. If the bill has been returned from a committee without amendments, only the first sheet shall be printed on yellow paper, and the remainder of the text incorporated by reference to the preceding printed version of the entire bill. Bills referred to the bills committee of the house of origin for printing must be reported within three days unless further time is granted by that house.

E. Engrossing and Enrolling

6-20. When a bill has been reported favorably by Committee of the Whole of the house of origin and the report has been adopted, the bill shall be engrossed under the direction of the bills committee, and when reported correctly engrossed by the committee shall be placed on the calendar for third reading on the succeeding legislative day. Committee of the Whole amendments shall be included in the engrossed bill. Copies of the engrossed bill to be distributed to legislators will be reproduced on blue paper. If a bill is unamended by the Committee of the Whole, contains no clerical errors, and is neatly written, it may be engrossed without retyping, and only the first sheet shall be printed on blue paper with the remainder of the text incorporated by reference to the preceding printed version of the entire bill.

If a bill is amended by the standing committee or Committee of the Whole in the second house, the amendments will be included in a reference bill and distributed in the second house for third reading consideration. The amendments will also be reproduced and attached to the reference bill. If the bill passes on third reading, copies of the reference bill and second house amendments will be distributed in the original house.

6-21. When a bill has passed both houses it shall be enrolled under the direction of the bills committee of the house of origin. An original and two duplicate typewritten copies of the bill shall be enrolled, free from all corrections and errors, with a margin of two inches at the top and one inch on each side, with twenty-five unnumbered lines to the page. In sections amending existing statutes new matter shall be underlined, and matter stricken with a line through it shall be omitted. The typewriting shall be done with a black record ribbon, pica type, on paper eight and one-half inches wide and eleven inches long. The original and two copies of the bill shall be red lined. The history of the bill shall also be enrolled and placed in back of the bill in a white manuscript cover, upon which is written the number of the bill and the title.

HeinOnline -- 1979 vol. III 2067 1979

When the enrolling has been completed, the bill shall be examined by the author and the bills committee and reported correctly enrolled.

The correctly enrolled bill shall be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall announce from the rostrum, the announcement to be entered in the journal, the specific bills to be signed by him and shall designate a time when such bill shall be signed, and he shall sign the original and two copies of each bill delivered to him not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day in which event it shall be signed that day. The fact of signing shall be entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies his desire to examine the bill, he shall be permitted to do so. The bill shall then be transmitted to the other house where the same procedure shall be followed.

The original and two copies signed by the presiding officer of each house shall be presented by the bills committee to the governor. The bills committee shall take a receipt from the governor and shall report to the house the day and hour of such presentation, which shall be entered in the journal. The original shall be filed with the secretary of state. Signed copies with chapter numbers assigned pursuant to Section 5-11-204, shall be filed with the clerk of the supreme court and the Legislative Council.

F. Second Reading — Committee of the Whole

6-22. All bills, except consent calendar bills, which have been reported by a committee, accepted by the house concerned and printed, shall be posted on the calendar for consideration by Committee of the Whole. The sergeants-at-arms of the respective houses shall record the time each bill is received and the time the bill is placed on members' desks. Until the fiftieth legislative day, one day must elapse between the time a committee approved bill is placed on the members' desks and consideration by Committee of the Whole. Bills shall be arranged on the calendar in numerical order unless they are companion bills or are otherwise ordered by the house or Committee of the Whole of the house concerned.

6-23. Every bill considered in Committee of the Whole shall be read by a summary of its title and considered section by section.

All Committee of the Whole amendments shall be prepared and delivered to the clerk for reading before the amendment is voted on. The amendment form will include the date and time of the amendment.

6-24. Prior to adoption of a Committee of the Whole report, a member may move to segregate a bill. If the motion prevails, the bill remains on second reading.

6-25. When a Committee of the Whole report on a bill is rejected the bill shall remain on second reading.

6-26. Either house may resolve itself into a Committee of the Whole by approval of a motion for that purpose. So far as may be applicable, the rules governing each house shall be observed when that house resolves itself into a Committee of the Whole, except as follows:

HeinOnline -- 1979 vol. III 2068 1979

(1) The only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report; or

(i) rise and report progress and ask leave to sit again.

(2) The committee may not appoint subcommittees.

(3) The committee may not punish its members for misconduct, but may report disorder to the house concerned.

(4) Unless otherwise prescribed by either house before going into Committee of the Whole, a member may speak as often as he is recognized and for as long each time as is allowed in debate in the particular house.

6-27. After a Committee of the Whole has been formed, the presiding officer shall appoint a chairman to preside. Upon resuming the chair, the presiding officer shall receive the report of the chairman of the committee and the house shall take action on the report.

G. Third Reading — Consent Calendar — Governor's Veto

6-28. No bill shall become a law except by vote of a majority of all the members present in each house, nor unless on its final passage the vote be taken by ayes and noes, and the names of those voting be entered on the journal (Montana Constitution, Art. V, Sec. 11(1) and (2)).

Any vote in one house on a bill proposing an amendment to the Montana State Constitution where the mathematical possibility exists of obtaining the necessary two-thirds vote of the legislature will cause the bill to progress as though it had received the majority vote.

6-29. Except for consent calendar bills, every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules. The first reading shall be as prescribed in Joint Rule 6-10; the second prior to debate in Committee of the Whole; and the third, which shall be by complete title, prior to final passage. No bill shall receive more than one reading on the same day except on the last legislative day. No amendment may be offered on the third reading.

6-30. (1) Each bill passed by the legislature, except bills proposing amendments to the Montana Constitution, bills ratifying proposed amendments to the United States Constitution, resolutions, and referendum measures of the legislature, shall be submitted to the governor for his signature. If he does not sign or veto the bill within five days after its delivery to him if the legislature is in session or within twenty-five days

HeinOnline -- 1979 vol. III 2069 1979

if the legislature is adjourned, it shall become a law. The governor shall return a vetoed bill to the legislature with a statement of his reasons therefor.

(2) The governor may return any bill to the legislature with his recommendation for amendment. If the legislature passes the bill in accordance with the governor's recommendation, it shall again return the bill to the governor for his reconsideration. The governor shall not return a bill for amendment a second time.

(3) If after receipt of a veto message, two-thirds of the members present approve the bill, it shall become law.

(4) If the legislature is not in session when the governor vetoes a bill, he shall return the bill with his reasons therefor to the legislature as provided by law. The legislature may reconvene to reconsider any bill so vetoed.

(5) The governor may veto items in appropriation bills, and in such instances the procedure shall be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

6-31. Upon receipt of a veto message the presiding officer shall read the message. After the reading a member may move that the governor's veto shall be overridden. A vote on the motion shall be determined by roll call. If two-thirds of the members present vote "aye" the veto is overridden. If two-thirds of the members present do not vote "aye" the veto is sustained.

6-32. If the governor returns a bill to the originating house with his recommendations for amendment, such house shall reconsider the bill under its rules relating to amendment offered in Committee of the Whole. The bill is then subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the governor's recommendations.

(b) If both houses approve the governor's recommendations the bill shall be returned to the governor for his reconsideration.

(c) If both houses disapprove the governor's recommendations the bill shall be returned to the governor for his reconsideration.

(d) If one house disapproves the governor's recommendations and the other house approves, then either house may request a conference committee which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report shall be returned to the governor for his reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses the governor's recommendations shall be considered not approved and the bill shall be returned to the governor for further consideration.

HeinOnline -- 1979 vol. III 2070 1979

H. Transmittal of Bills

6-33. Each house shall transmit to the other with any bill all relevant papers. When a house bill is transmitted from the House of Representatives to the Senate, the secretary of the Senate shall give a dated receipt for the bill to the chief clerk of the House. When a Senate bill is transmitted to the House of Representatives, the chief clerk of the House shall give a dated receipt to the secretary of the Senate.

6-34. No bills, except for appropriation bills, revenue bills and amendments considered by joint committee need to be acted upon (save for reference to a committee by the presiding officer) if transmitted from one house to the other after the forty-fifth legislative day, but shall be held pending in the house to which it is transmitted unless two-thirds of the members present and voting shall determine that the bill shall be acted upon. Amendments, except to appropriation bills and revenue bills, shall likewise be deferred for consideration if transmitted after the seventieth legislative day thereof.

A revenue bill is one which would either increase or decrease tax collections.

Appropriation and revenue bills shall be transmitted from the original house on or before the sixtieth day unless two-thirds of the members present and voting in the receiving house shall determine that the bill may be transmitted after the sixtieth day.

6-35. When a bill has received its third reading or has been rejected, the house that considered the bill shall immediately transmit it to the other house with notice of its action.

6-36. All bills reported out of a committee of the legislature having an effect on the revenues, expenditures, or fiscal liability of the state, except appropriation measures carrying specific dollar amounts, shall include a fiscal note incorporating an estimate of such effect. The Legislative Council staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes shall be requested by the presiding officer of either house, who shall determine the need for the note at the time of introduction, based on the Legislative Council staff recommendation.

The state budget director, in cooperation with the agency or agencies affected by the bill, is responsible for the preparation of the fiscal note and shall return the same within six days, unless further time is granted by the presiding officer or committee making the request based upon a written statement from the budget director that additional time is necessary to properly prepare the note.

A completed fiscal note shall be submitted by the budget director to the presiding officer who requested it, who shall refer it to the committee considering the bill. All fiscal notes shall be printed and placed on the members' desks.

Fiscal notes shall, where possible, show in dollar amounts the estimated increase or decrease in revenues or expenditures, costs which may be

HeinOnline -- 1979 vol. III 2071 1979

absorbed without additional funds, and long-range financial implications. No comment or opinion relative to merits of the bill shall be included; however, technical or mechanical defects may be noted.

A fiscal note also may be requested on a bill and on an amendment by:

(1) a committee considering the bill, or

(2) a majority of the members of the house in which the bill is to be considered, at the time of second reading, or

(3) the chief sponsor through the presiding officer.

The budget director shall make available on request to any member of the legislature all background information used in developing a fiscal note (Title 5, chapter 4, part 2, MCA).

CHAPTER 7
Committees

7-1. The committee on legislative administration of each house shall consider all matters concerned with seating, mileage and per diem, legislative employees, the control of the legislative property, and the budgeting for and expenditure of appropriations for the operation of the legislature, in cooperation with the Legislative Council staff.

7-2. A standing committee shall submit a written report in triplicate on all bills or matters referred to it within seven days after reference, unless at the request of the committee and for good cause shown, further time is granted by the house concerned.

7-3. If the members of a committee cannot agree on a report, the majority and minority of the committee present at a committee meeting may submit separate reports. Only one minority report may be submitted. Such reports shall be entered at length on the journal, unless otherwise ordered by the house concerned.

7-4. All committees and subcommittees shall keep minutes of their meetings and, at the close of the session, shall make five complete copies and shall turn the original of the minutes over to the chief clerk of the House or secretary of the Senate for delivery to the historical society. The majority and minority leader of each house and the Legislative Council shall each be given one copy of the minutes.

7-5. The committee on bills and journal, the rules committee, and conference committees may report at any time, except during a call of the house or when a vote is being taken. Reports from the bills and journal committee shall stand approved without formal action.

7-6. All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate Committee on Finance and Claims and the House Committee on Appropriations, and then by each separately. Meetings of the joint committee shall be held upon call of the chairman of the House Committee on Appropriations who shall be chairman of the joint committee.

7-7. The chairman of each committee has general control and direction of the hall and committee room of the committee over which he presides,

HeinOnline -- 1979 vol. III 2072 1979

subject to the control of the presiding officer under Rule 1-3. Except as provided in Joint Rule 7-6, the chairman of the Senate committee shall be chairman of all joint committees.

7-8. If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the Senate and the House of Representatives cannot agree, the other house shall appoint a committee consisting of the same number of members. The time and place of all conference committee meetings shall be agreed upon by their chairman and be announced from the rostrum. This announcement is in order at any time. Failure to make this announcement shall not affect the validity of the legislation. The conference committees, having conferred, shall report to their respective houses the result of their conference. A conference committee shall confine itself to the disputed amendment.

If either house requests a free conference committee and the other house concurs, appointments will be made the same as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

7-9. In joint committees other than conference committees, members vote individually and not by houses. Because conference committees are joint meetings of separate committees, in conference committees the committees from each house vote separately, and a majority of each committee must agree before any action may be taken.

7-10. Conference committee reports must give clerical instructions for enrolling by referring to the reference bill version.

When a conference committee report is filed with the secretary or clerk the same shall be read under Order of Business No. 3, select committees, and placed on the calendar for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day. On the final legislative day a conference committee report shall be placed on the calendar for immediate consideration on second reading and shall be further considered on third reading the same legislative day.

7-11. Accredited press representatives may not be excluded from any public legislative meeting or hearing and may not be prohibited from taking photographs, televising, or recording the committee or house hearings, subject to the discretion of the presiding officer in all matters of decorum and order.

7-12. A committee block scheduling system will be implemented in the Senate and House of Representatives. The schedule will be coordinated between houses and will be adjusted according to the legislature's work load.

CHAPTER 8
Rules and Journal

8-1. Each house shall keep a journal of its proceedings, and may, in its discretion, from time to time, publish the same, and the ayes and noes on any question shall, at the request of any two members, be entered on the journal.

HeinOnline -- 1979 vol. III 2073 1979

8-2. The proceedings of each house which shall be entered on its journal include:

(1) the number of each bill when it is introduced and subsequently considered; the title of each bill shall be printed in the index of the permanent journals.

(2) every motion and the name of the member making it;

(3) proposed constitutional amendments which have been voted for by two-thirds of the members (Montana Constitution, Art. XIV, Sec. 8);

(4) committee reports;

(5) roll call votes;

(6) messages from the governor and the other house;

(7) an entry of the oath taken by the members (Sec. 5-2-214, MCA).

8-3. The bills and journal committee of each house shall supply the Legislative Council with the contents of the daily journal to be programmed on automated equipment, examine its journal, distribute a daily journal to all legislators, correct any errors, and report each legislative day immediately after roll call.

8-4. The journal of the Senate must be authenticated by the signature of the president, and the journal of the House of Representatives by the signature of the speaker. The distribution of the completed journals shall be made by the Legislative Council (Sec. 5-11-201 through 5-11-203, MCA).

8-5. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any rules committee report recommending a change in joint rules shall be referred to the other house for concurrent action. Any new rule or any change in the rules of either house shall be transmitted to the other house for informational purposes.

8-6. Mason's Manual of Legislative Procedure governs the proceedings of the Senate and House of Representatives in all cases not covered by these rules.

8-7. The Legislative Council shall codify and publish in one volume the rules of the Senate, the rules of the House of Representatives and the joint rules of the Senate and House of Representatives. Upon adoption, the secretary of the Senate and the chief clerk of the House of Representatives shall provide the office of the Legislative Council with one copy of all motions or resolutions amending Senate, House or joint rules, and with copies of all minutes and reports of the rules committees. After the rules have been published, the Legislative Council shall distribute copies as directed by the Senate and House of Representatives.

HeinOnline -- 1979 vol. III 2074 1979

8-8. Pursuant to the authority established in Sections 5-11-211 through 5-11-214, the following fee schedule is established for the legislative proceedings:

One complete set of the proceedings of any regular session, $240; an additional $150 is required for mailing.

One complete set of the proceedings of any special session, $25.

Single copies of bills, resolutions, amendments, status sheets, or other documents may be purchased according to the length of the document as follows:

1-5 pages	$ .25
6-15 pages	$ .50
16-40 pages	$1.00
41-100 pages	$1.50
101-200 pages	$2.00
Over 200 pages	$4.00
Copies of enacted bills	cost of reproduction.

CHAPTER 9
Voting Procedure

9-1. Except as provided in Joint Rule 9-2, every member present when a question is put shall vote unless the house of which he is a member excuses him.

9-2. A member who has a personal or private interest in any measure or bill proposed or pending before the legislature shall disclose the fact to the house of which he is a member.

9-3. Amendments to the constitution may be proposed by any member of the legislature. If adopted by an affirmative roll call vote of two-thirds of all the members of the legislature, the amendment shall be deemed approved by the legislature (Montana Constitution, Art. XIV, Sec. 8).

9-4. When a measure requiring the concurrence of two-thirds of the members is under consideration, a majority vote is sufficient to decide any question relating to the measure short of third reading.

9-5. A roll call vote shall be taken on the request of two members, if the request occurs before the vote is taken.

9-6. On a roll call vote the names of the members shall be called alphabetically, unless an electrical voting system is used. A member may not vote or change his vote after the decision is announced from the chair. A member may not explain his vote until after the decision is announced from the chair.

9-7. (1) On third reading the question shall be stated as follows: "Senate (or House) bill number..... having been read three several times, the question is, shall the bill pass (or be concurred in)."

(2) If an electrical voting system is used the presiding officer shall ring the bell after stating the question and then state "Those in favor vote yea and those opposed vote no." After a reasonable pause the presiding officer

HeinOnline -- 1979 vol. III 2075 1979

asks "Has every member voted?" (reasonable pause) "Does any member wish to change his or her vote?" (reasonable pause) "The clerk (secretary) will now record the vote."

9-8. Two members may pair on a measure that will be determined by a majority vote. On a measure requiring a two-thirds vote for adoption three members may pair, with two members for the measure and one member against. Pairing is permitted only when one of the paired members is absent when the vote is taken.

9-9. An agreement to pair must be in writing and dated and signed by the members agreeing to be bound, and must specify the duration of the pair. When an agreement to pair is filed with the secretary of the Senate or chief clerk of the House of Representatives, it shall bind the members signing until the expiration of time for which it was signed, unless the paired members sooner appear and ask that the agreement be cancelled.

9-10. Every vote of each member of the legislature on each substantive question in the legislature, in any committee, or in Committee of the Whole shall be recorded and made public. On final passage of any bill or joint resolution the vote shall be taken by ayes and noes and the names entered on the journal. A roll call vote shall be taken on nonsubstantive questions on the request of two members, who may likewise on any vote, request that the ayes and noes be spread upon the journal. Roll call votes and other votes which are to be made public but are not specifically required to be spread upon the journal shall be entered in the minutes of the appropriate committee or of the appropriate house and a copy of such minutes shall be filed with the Montana state historical society (Montana Constitution, Art. V, Sec. 11(2)).

CHAPTER 10
Consent Calendar

10-1. Noncontroversial bills and simple and joint resolutions qualifying for the consent calendar may be processed by a standing committee according to the following provisions:

(1) To be eligible for the consent calendar, the legislation must receive unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. No appropriation or revenue bills may be recommended for the consent calendar.

(2) The legislation is then sent to printing to be prepared as a third reading version and specifically marked as a "consent calendar" item.

(3) Legislation shall be immediately posted (as soon as it is received from printing) on the consent calendar and must remain there for one legislative day before consideration under Order of Business No. 11, Special Orders of the Day. At that time, the presiding officer will announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate will be allowed.

HeinOnline -- 1979 vol. III 2076 1979

(4) Any three members may submit written objections and the legislation must then be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be voted on following third reading.

(6) Legislation on the consent calendar will be voted on individually with the roll call vote printed in the journal as the final vote on those bills and resolutions.

(7) Legislation passed on the consent calendar will then be transmitted to the second house.

CHAPTER 11
Statement of Legislative Intent

11-1. Definition. For the purpose of compliance with the Legislative History Act (Title 5, chapter 4, part 4, MCA), a statement of legislative intent regarding a bill is an expression of common understanding on the part of a group of members who constitute a formal component of the legislature and who sit together in consideration of the bill, e.g., a standing committee, a Committee of the Whole, or a conference committee. This statement differs from a purpose clause which is a section of the bill and, if enacted, reflects the assent of a majority of each house. In general, a purpose clause is used to describe the broad overall objectives of a bill while a statement of intent is used to guide the details of interpretation by those charged with implementation of the bill and is phrased in terms of contingencies, examples, or other matter inappropriate for expression as statutory language.

11-2. Limitation. A statement of intent may not be construed as reflecting the intent of any member other than the members of the component preparing the statement, unless the statement accompanies the bill as provided in Joint Rule 11-3.

11-3. Statement of intent to accompany bill — when — how. When a component of the legislature desires to write a statement of intent for the consideration of the rest of the legislature, the statement shall accompany the bill as follows:

(1) A standing committee in the house of origin, having considered the bill and recommending that it do pass, may write a statement of intent and file it with the standing committee report. The statement shall be printed on gray paper and attached to the second reading copy and all subsequent printings of the bill, or shall be separately duplicated and placed on the desks of all members of the house of origin prior to second reading consideration and thereafter printed on gray paper attached to the bill.

(2) The Committee of the Whole in the house of origin may adopt by motion a statement of intent on any bill before it. The statement shall be printed on gray paper and attached to the third reading copy and all subsequent printings of the bill.

HeinOnline -- 1979 vol. III 2077 1979

(3) A standing committee or the Committee of the Whole in the second house considering a bill may adopt by motion a statement of intent. A statement by a standing committee shall be printed on a pink or green committee report sheet, whether or not the committee proposes amendments to the bill, and shall accompany the bill in that form during second reading consideration in the second house. A statement so adopted by a standing committee, or a statement adopted by the Committee of the Whole, shall thereafter be printed on gray paper and attached to the reference bill following third reading passage in the second house.

(4) A free or regular joint conference committee may write a statement of intent on a bill before it and file the same with its report, to be duplicated and placed upon the desks of all members prior to voting on the conference report.

11-4. Modification of statement of intent. A statement of intent printed on gray paper to accompany a bill shall be numbered by page and line. The text shall not be subject to amendment by deletion or insertion, but any provision thereof is subject to being superseded by a later statement of intent. The form of such modifying statement of intent is substantially as follows:

Paragraph ... of the statement of intent of the ... Committee on ..., at page ..., lines ... through ... on the legislative intent sheets, is superseded by the following:

(text)

(Component)
(e.g., Committee on....)

11-5. Conference committee on intent only. When the second house concurs in a bill without amendments but adopts or modifies a statement of intent on the bill, the bill may not be enrolled until the house of origin has accepted such statement of intent by majority vote on Order of Business No. 5. A regular conference committee may be appointed solely to resolve differences of intent if the second house's statement of intent is not so accepted.

Approved January 16, 1979.

WHEREAS, stricter air pollution requirements will apply to light-duty pickup trucks and vans in the 1979 model year; and

WHEREAS, such vehicles must be equipped with catalytic converters in order to economically meet these stricter emission standards; and

WHEREAS, catalytic converters operate at very high temperatures and have the potential to cause fires when in contact with dry vegetation; and

WHEREAS, such fire hazard represents a threat to valuable grazing and forest areas of the United States.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

SENATE JOINT RESOLUTION NO. 11

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA GRANTING AUTHORITY TO THE DEPARTMENT OF LABOR AND INDUSTRY, DIVISION OF WORKERS' COMPENSATION, TO CONSTRUCT AN OFFICE BUILDING FOR THE USE OF THE DEPARTMENT OF LABOR AND INDUSTRY.

WHEREAS, the Department of Labor and Industry presently consists of six divisions with six different locations, five of which are in five different rental facilities; and

WHEREAS, the scattering of the department's responsibilities in these separate locations creates many management problems and inefficiencies which can be resolved with a combined facility; and

WHEREAS, the Division of Workers' Compensation completed a study to determine the feasibility of utilizing a portion of state compensation insurance fund trust money to be placed in the investment of a building using funds that are now invested in corporate bonds and other securities and has found that such a long term investment is prudent, reasonable, meets with the approval of the state fund's consulting actuarial firm, and would provide an adequate return to the state fund; and

WHEREAS, using a present value economic analysis, it was determined that substantial savings could be realized by the five divisions now in rental facilities, and the construction of a new facility is cost effective when compared to continual leases; and

WHEREAS, in the study it was concluded that, in addition to a sound monetary investment, such a building would provide efficient and effective public access to department programs and personnel; energy conservation through modern efficient heating and cooling systems; the discontinuance of the need to transfer records between five rental facilities; the opportunity to consolidate certain in-house services including mail facilities, receptionists, telephone systems, accounting, and purchasing; improved department communications and personnel procedures; and a better utilization of personnel.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Labor and Industry, Division of Workers' Compensation, is given legislative approval if the board of investments, in

SENATE JOINT RESOLUTION NO. 13

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE MONTANA ARTS COUNCIL TO INITIATE A PROGRAM OF COMMEMORATIVE WALL NICHES IN THE STATE CAPITOL.

WHEREAS, there are 14 wall niches in the State Capitol on the second floor; and

WHEREAS, these niches are perfect places to pay tribute to outstanding Montanans; and

WHEREAS, we could place into these niches photographs of outstanding Montanans, together with a resume of their accomplishments.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

SENATE JOINT RESOLUTION NO. 14

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING PRESIDENT CARTER AND THE UNITED STATES CONGRESS TO RAISE COMMODITY LOAN AND TARGET PRICES TO PARITY LEVELS.

WHEREAS, the United States is currently faced with the serious problems of inflation, unemployment, balance of payment deficit, and the sinking value of the dollar; and

WHEREAS, every dollar earned from agricultural production accounts for $7 added to the gross national product as it changes hands from the farmer to the retailer to the wholesaler to the manufacturer to labor, etc.; and

HeinOnline -- 1979 vol. III 2084 1979

WHEREAS, a prosperous nation must constantly extract new wealth from the earth to provide the basic necessities of food, clothing, and housing; and

WHEREAS, every time a raw agricultural product is sold for 50% of parity, the USGNP gains only half as much purchasing power as it should gain; and

WHEREAS, since 1950, the last time agriculture received 100% of parity for any extended period of time, the people of the United States have chosen to go into debt rather than reduce their standard of living to match the available money; and

WHEREAS, we have kept unemployment from rising to disastrous levels by the injection of credit and expanded public and private debt; and

WHEREAS, dollars supplied to the economy by increasing the federal debt are not as beneficial as dollars supplied by the sale of raw materials due to the fact that raw material dollars provide cash to pay debts, and deficit dollars are a debt in and of themselves commanding ever higher interest rates.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That President Carter and the United States Congress are urged to examine the reasons for our present economic distress and move to alleviate our dollar shortage by requiring adequate compensation for the harvest of new wealth from the earth rather than relying on a system of ever-increasing debt expansion.

(2) That President Carter and the United States Congress are urged to immediately raise commodity loan and target prices to near parity levels, as they were during and following World War II, as a result of the Steagall Amendment.

BE IT FURTHER RESOLVED, that copies of this Resolution be sent to the President of the United States, the United States Secretary of Agriculture, and Montana's Congressional Delegation.

Approved March 29, 1979.

SENATE JOINT RESOLUTION NO. 17

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THAT THE FINANCIAL PLIGHT OF LINCOLN SCHOOL DISTRICT IN LEWIS AND CLARK COUNTY BE EVALUATED BY CERTAIN PUBLIC INTEREST GROUPS, THE STATE OF MONTANA, AND THE FEDERAL GOVERNMENT AND A SATISFACTORY SOLUTION BE ACHIEVED IN ORDER TO PROVIDE THE EDUCATIONAL FACILITIES FOR SUCH SCHOOL DISTRICT NECESSITATED BY DESTRUCTION BY FIRE OF FORMER FACILITIES AND TO PROVIDE FUTURE ASSISTANCE TO SIMILARLY SITUATED SCHOOL DISTRICTS.

WHEREAS, Lincoln School District in Lewis and Clark County is deeply in need of educational facilities as a result of destruction by fire of the former facilities utilized for educational purposes; and

HeinOnline -- 1979 vol. III 2085 1979

WHEREAS, the cost of construction of replacement facilities may exceed $500,000; and

WHEREAS, the tax base of the school district is such that only $380,000 could be generated under the school district's borrowing capacity because of the following factors:

(1) Lincoln School District contains 669 square miles of land, of which 82% is owned by the federal, state, or local governments, and the remaining 18% is owned by the private sector;

(2) the assessment value of all private property in Lincoln School District is $1,323,081, which provides a borrowing capacity of $384,693, including the existing indebtedness of $4,000; and

(3) the school district share of United States Forest Service funds generated by timber sales, grazing fees, land-use fees, recreation charges, utility fees, mineral revenues, and admission and user fees on National Forest Service land is negligible, as evidenced by the school district receipt of $500 out of a recent $49,000 United States Forest Service payment to Lewis and Clark County; and

WHEREAS, the population of the school district greatly warrants educational facilities within the school district, there being 759 permanent residents, including 186 children who are 18 years of age or younger, in 1977; and

WHEREAS, the degree of isolation of Lincoln School District from adjacent school districts with adequate educational facilities necessitates construction of educational facilities within Lincoln School District.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the financial plight of Lincoln School District in Lewis and Clark County be evaluated by the state of Montana and the federal government and a satisfactory solution be achieved in order to provide replacement facilities for the educational facilities destroyed by fire in Lincoln School District and to provide future assistance to similarly situated school districts which, because of inadequate tax bases, are incapable of independently financing needed educational facilities.

BE IT FURTHER RESOLVED, that the citizens of this state be urged to offer assistance through monetary contribution to Lincoln School District.

BE IT FURTHER RESOLVED, that public interest groups and citizens that benefit from the preservation of the scenic beauty of the Lincoln area recognize the burden imposed upon the residents of Lincoln School District in the preservation of that beauty by suffering limited revenue from resources available in abundance upon the federal lands within the district and that such public interest groups and citizens be urged to contribute monetarily to defray the expense of maintaining the natural scenic beauty of the land in Lincoln School District.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the publisher of each newspaper in the state, the

HeinOnline -- 1979 vol. III 2086 1979

United States Congressional Delegation from Montana, the United States Congress, the Secretary of the Department of Health, Education, and Welfare, the Secretary of the Interior, and the Regional Chairman of the Federal Regional Council for Region VIII.

SENATE JOINT RESOLUTION NO. 18

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE CONGRESS OF THE UNITED STATES TO ACT IMMEDIATELY TO RESOLVE THE UNCERTAINTIES SURROUNDING LAND PROPOSED AS WILDERNESS, DISCOURAGE DELAY, AND TO REQUIRE AN IN-DEPTH ANALYSIS BEFORE ANY DECISION IS FINALIZED.

WHEREAS, wilderness studies are now being conducted on over 300 million acres of public land in Alaska and the lower 48 states by Congress, the United States Forest Service, Bureau of Land Management, Fish and Wildlife Service, and National Park Service; and

WHEREAS, those lands being studied for wilderness in Montana have a direct relationship on state and private land management, community stability, and growth; and

WHEREAS, under current federal management guidelines, other resource uses will be prohibited indefinitely as long as the wilderness studies are being conducted on these lands; and

WHEREAS, in order to satisfy the needs of those sectors dependent on uses other than wilderness, unwarranted pressures will be placed on the state and private lands; and

WHEREAS, Montana's basic industries depend on multiple use of all lands in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States is requested to act immediately to:

(1) resolve the uncertainties surrounding the future of those public lands proposed for instant wilderness under RARE II and those under study for wilderness;

(2) discourage legal and administrative delays or interference regarding the appropriate agency's decision for management of those lands under their jurisdiction;

(3) require that a complete social economic analysis precede any decision to delay management of all resources during a study period longer than 1 year; and that prior to setting aside a specific area for wilderness,

HeinOnline -- 1979 vol. III 2087 1979

a thorough analysis of the short-term/long-term economic effects of such action be made public.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Montana Congressional Delegation and to the United States Secretaries of Agriculture and Interior.

WHEREAS, federal regulations increase the cost of government and ultimately increase the cost of products and services that consumers purchase; and

WHEREAS, there is no conclusive evidence that federal regulation of the insurance industry will have a beneficial effect upon the industry or the public; and

WHEREAS, state regulation of the insurance industry has proven to be an effective method of control while also ensuring diverse services, competitive prices, innovation, and effective delivery of insurance services to consumers; and

WHEREAS, officials of the federal government have publicly recommended amending the McCarran-Ferguson Insurance Regulation Act so as to limit state regulation of the insurance business.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

SENATE JOINT RESOLUTION NO. 21

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE GOVERNOR AND MONTANA'S CONGRESSIONAL DELEGATION TO SEEK FUNDING FOR RESEARCH CONCERNING THE INFESTATION OF FOXES AND COYOTES WITH HYDATID TAPEWORM.

WHEREAS, research by Dr. David Worley at Montana State University has identified a parasite, the hydatid tapeworm, communicable from coyotes, foxes, and other predators to human beings; and

WHEREAS, the parasite attacks the liver of human beings and is fatal in approximately 93% of all cases; and

WHEREAS, a Minnesota man recently died from contracting the parasite; and

WHEREAS, approximately 15% of Alaskan Eskimos have contracted the dread disease from their sled dogs and approximately 40 Utahans may be infected by the parasite; and

WHEREAS, agriculture provides the most consistent source of income for many Montana communities; and

WHEREAS, any problem which directly affects the productivity of Montana's agricultural industry is counter to the best interests of the state; and

WHEREAS, wild oats now affects the productive capacity of over 3 million acres in Montana, causing an annual loss of $22 million; and

WHEREAS, research by Dr. David Strobel at Montana State University indicates a possibility of eradicating wild oats in Montana and other western states; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HOUSE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CONGRESS OF THE UNITED STATES TO ENACT LEGISLATION REQUIRING THAT PETITIONS FOR HABEAS CORPUS RELIEF IN A CRIMINAL CASE BE CONSOLIDATED INTO ONE APPEAL.

WHEREAS, each year thousands of persons are sentenced by state courts to prison for the commission of crimes; and

WHEREAS, the current law on habeas corpus actions in federal court allows each defendant to demand an individual reexamination of each

HeinOnline -- 1979 vol. III 2101 1979

issue in a case and there is no requirement that all such issues be raised in one appellate action; and

WHEREAS, the court system of this country is deluged with thousands of cases on appeal; and

WHEREAS, the backlog of cases causes hardships on victims and defendants alike; and

WHEREAS, excessive appeals result in the expenditure of millions of dollars in legal, investigative, and court costs and tend to thwart and defeat justice.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That we urge the Congress of the United States to give its most earnest consideration to the prompt enactment of legislation requiring that petitions for habeas corpus relief in a criminal case be consolidated into one appeal whenever the petitioner is represented by counsel or has effectively waived the right to counsel.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of Montana's Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE PRESIDENT OF THE UNITED STATES, THE UNITED STATES CONGRESS, AND OTHERS IN THE FEDERAL GOVERNMENT TO REFRAIN FROM FURTHER DESIGNATING WILDERNESS AREAS WITHOUT THE APPROVAL OF THE STATE AFFECTED AND REQUESTING THAT LANDS UNDER STUDY FOR WILDERNESS DESIGNATION BE RETURNED TO MULTIPLE-USE MANAGEMENT.

WHEREAS, additional acreage in the Western States is being considered for inclusion in the National Wilderness Preservation System; and

WHEREAS, the designation of large areas of the Western States as federal wilderness restricts or eliminates access by the great majority of Americans; prohibits the harvesting of mature and overmature timber essential for the building of America's homes and businesses; prevents the development of needed mineral resources and makes difficult the improvement of rangeland by the reseeding of grasses and the eradication of undesirable vegetation; interferes with the control of forest fires, insect damage, and diseases and the development of water resources, thereby

HeinOnline -- 1979 vol. III 2102 1979

limiting the national food supply and timber harvest and decreasing the value of wildlife habitat; and

WHEREAS, the federal government has advanced a wide variety of other programs which affect land, water, and other natural resource management decisions of the several states, including, in addition to wilderness, roadless and essentially roadless study areas, primitive, wild, and scenic rivers, and other administrative and statutory designations for areas managed in a highly restrictive manner resulting in de facto wilderness; and

WHEREAS, each of these programs and others create an allocation of the natural resources within the states without regard to state policy decisions, state objectives, or economic well-being; and

WHEREAS, these federal program decisions, in which input by state policymakers is limited, work to reduce the ability of the states and their citizens to govern themselves and work to reduce employment opportunities in the private sector; and

WHEREAS, the Roadless Area Review Evaluation II Study (RARE II) apparently has, as its purpose, the expansion of the wilderness system by the inclusion of additional large tracts of western lands, which is to be accomplished without sufficient responsiveness to or consultation, communication, or involvement with the state and local governments affected; and

WHEREAS, while federal lands belong to the entire citizenry of the nation and should be managed under multiple-use concepts consistent with the Multiple-Use Sustained-Yield Act of 1960 for the benefit of all, state interests should be of the highest priority, followed by regional and national interests, except in cases of national security.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Congress and federal land administration agencies are urged to adopt a federal policy governing all programs to manage and allocate the resources within the states to involve local decision makers. Specifically, the Legislature urges that no additional lands, waters, or other resources be set aside or withdrawn without the specific review of the governor and the legislature of the affected states.

BE IT FURTHER RESOLVED, that those lands presently inventoried for study as to wilderness suitability and that are not presently designated wilderness shall be immediately returned to multiple-use management consistent with the Multiple-Use Sustained-Yield Act of 1960; and

BE IT FURTHER RESOLVED, that the Secretary of State shall forward copies of this joint resolution to the Honorable President of the United States, Jimmy Carter, the Honorable Secretary of the Interior, Cecil D. Andrus, the Honorable Secretary of Agriculture, Robert S. Bergland, the President of the Senate and the Speaker of the House of Representatives of the Congress of the United States, and the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 7

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE COMMITTEE ON PRIORITIES TO ASSIGN THE APPROPRIATE STANDING COMMITTEE TO STUDY THE FEASIBILITY OF ESTABLISHING AN EDUCATION SERVICE AGENCY STRUCTURE FOR THE STATE OF MONTANA.

WHEREAS, there are 563 operating school districts in the State of Montana, most of which operate with a minimal administrative and support staff; and

WHEREAS, this diversity results in duplication of administrative and supportive services; and

WHEREAS, in the smaller districts supplementary services cannot be efficiently and effectively provided; and

WHEREAS, all students in Montana are guaranteed by the Montana Constitution both equality of educational opportunity and a system of education which will develop the full educational potential of each person; and

WHEREAS, other rural states have successfully implemented education service agency structures while maintaining local elected control of both the local districts and the education service agencies; and

WHEREAS, education service agencies can efficiently and effectively provide services such as guidance and counseling, remedial instruction, health services, adult education, and special education services as well as enable districts to expand their instructional programs in basic programs and the arts and humanities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is requested to assign the appropriate standing committee to study the feasibility of establishing an education service agency structure for the State of Montana and to report its findings and recommendations to the regular session of the 47th Legislature.

HeinOnline -- 1979 vol. III 2104 1979

HOUSE JOINT RESOLUTION NO. 10

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO ALLOW AN INCOME TAX DEDUCTION FOR RENT CONSTITUTING PROPERTY TAX PAID.

WHEREAS, federal law allows homeowners to deduct property taxes paid on their residences in calculating their income tax liabilities; and

WHEREAS, people renting houses and apartments are not allowed to deduct that portion of their rent which their landlord uses to pay property taxes on the property; and

WHEREAS, this anomaly increases income taxes for young families, low-income persons, and all others who cannot afford homes; and

WHEREAS, the number of families who cannot afford homes is growing, making the income tax deduction of property tax on homes a privilege available only to a few.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Congress is urged to enact a law allowing renters to deduct from their adjusted gross income, as calculated for federal income tax purposes, that portion of their rent constituting property tax paid on the rental property.

WHEREAS, some Montana citizens find themselves either temporarily or permanently in need of intensive psychiatric services or are developmentally disabled; and

HeinOnline -- 1979 vol. III 2105 1979

WHEREAS, many such persons are confined at Warm Springs State Hospital or at Boulder River School and Hospital; and

WHEREAS, the cost of confinement at any medical facility is currently greater than the average citizen can bear; and

WHEREAS, most private health insurance policies and public medical assistance programs do not cover the cost of treatment for mental illness or developmental disabilities; and

WHEREAS, the per diem rates charged by Warm Springs State Hospital and Boulder River School and Hospital seem far higher than comparable private facilities' rates; and

WHEREAS, these already high rates do not include ancillary costs such as medicines, supplies, etc., for which the patient is charged extra; and

WHEREAS, the current method of assessing charges by dividing the gross daily cost by the full-time equivalent patient load does not seem to provide an adequate measure of the cost of the services actually received by individual patients.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Governor's Office of Budget and Program Planning be requested to undertake an in-depth study of the method of establishing per diem rates and the method of assessing patient charges at Warm Springs State Hospital and Boulder River School and Hospital.

WHEREAS, there is a need to accelerate actions which will produce jobs and enhance the economy compatible with strict environmental protection; and

WHEREAS, the Montana House of Representatives and Senate support a proposed Northern Tier Pipeline planned for transportation of crude oil from a location at or near Port Angeles, Washington, then eastward through Washington, Idaho, Montana, North Dakota, and terminating in or near Clearbrook, Minnesota; and

WHEREAS, the Northern Tier Pipeline will add an important economic and resource asset to the states and communities through which it extends; and

WHEREAS, the pipeline will contribute to petroleum products for agricultural needs at strategic points along its route, provide bulk crude oil to existing refineries which have been or will be impacted by domestic shortfalls and Canadian policies, and will open up economic opportunities in those states and communities through which it passes; and

WHEREAS, the Northern Tier Pipeline project will provide needed jobs in: construction, transportation, equipment sales, and many other fields in areas through which it extends, including Montana; and

WHEREAS, the Northern Tier Pipeline can be built in an environmentally sound manner; and

WHEREAS, the planned Northern Tier Pipeline will be primarily along existing rights-of-way, which will enhance safety and environmental protection.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Senate and House of Representatives urge that the Northern Tier Pipeline be approved by necessary federal and state jurisdictions and that the construction commence at the earliest possible date; and

WHEREAS, Public Law 94-565 provides for payments to local governments by the Secretary of the Interior based upon the amount of certain public lands within the boundaries of such locality; and

WHEREAS, the payments offset the loss in tax revenue to local governments resulting from the exempt status of such public lands; and

WHEREAS, Public Law 94-565 does not provide for payments based on lands held by or for Indians; and

WHEREAS, Indian land lies within the boundaries of units of local government but is exempt from the taxing power of such governments; and

WHEREAS, the federal and state programs will not function fully on behalf of the poor in Montana unless adequate funding is available; and

WHEREAS, President Carter is proposing to drastically cut federal funding by approximately 100,000 units nationally; and

WHEREAS, the proposed federal funding reductions will have a disastrous effect on Montana's economy because the major industry in Western Montana is lumber.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That President Carter is strongly encouraged to seek adequate funding for federally subsidized housing programs under the Department of Housing and Urban Development so that poor citizens of Montana may attain the national goal of decent, safe, and sanitary housing.

WHEREAS, the determination of the future availability of and demand for all forms of energy, including but not limited to electricity, natural gas, crude oil, propane, heating oil, coal, and diesel fuel, is a matter of utmost concern to all citizens of the state of Montana; and

WHEREAS, an analysis of the end uses of all forms of energy is an essential part of determining the future availability of and demand for energy; and

WHEREAS, the Montana Major Facility Siting Act requires the Board of Natural Resources and Conservation to determine that a need exists for a facility before it may issue a certificate of environmental compatibility and public need; and

HeinOnline -- 1979 vol. III 2110 1979

WHEREAS, such a need determination must, in order to avoid placing an undue burden on interstate commerce, be based upon both existing and projected energy demands in Montana and its surrounding regions; and

WHEREAS, any determination of future energy demands must rely upon the highly technical practice of energy load forecasting, of which there are numerous methods; and

WHEREAS, energy load forecasts of future Montana and regional energy demands are constantly prepared and updated by public utilities, rural electric cooperatives, and federal governmental agencies, such as the Bureau of Reclamation and the Bonneville Power Administration, involved in the supply of energy and a variety of organizations concerned with assuring an adequate future supply of energy at the lowest possible rates; and

WHEREAS, discussion has developed in recent months concerning the desirability of an agency or agencies of the state of Montana being funded to perform an independent energy load forecasting function; and

WHEREAS, such an independent forecasting capability would be costly to develop and maintain, and the forecasts developed would be used only sporadically such as for cases involving generating facilities before the Board of Natural Resources and Conservation; and

WHEREAS, such an independent forecasting capability may duplicate a function which might be adequately performed at the present by private enterprise, federal governmental agencies, and various organizations of energy suppliers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is requested to give high priority to the appointment of a bipartisan joint interim committee to study the adequacy of existing energy load forecasts and the necessity and desirability of developing a state energy load forecasting capability. The study shall also include an evaluation of the methodologies of conducting an independent forecast, the potential cost of and funding sources for a forecasting program, and an evaluation of the capabilities of various state agencies that might conduct the independent forecast.

WHEREAS, Montana is blessed with abundant natural resources, including minerals, timber, water, and agricultural land, and with industrious citizens; and

WHEREAS, a long-standing controversy has existed as to the reasons for the continued exportation of Montana's economic and human resources, without the availability of creditable, unbiased, factual information; and

WHEREAS, gathering and assembling all available facts relative to Montana's past, present, and future economic and social position concerning such controversy and the unbiased deliberative study of such facts may well afford the public and private sectors of Montana a basis for better

management of our existing capabilities and for new and innovative means of future improvement of such capabilities; and

WHEREAS, Montana's natural beauty is unparalleled in this country and the quality of life here is excellent; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Environmental Quality Council is requested to conduct an interim study of the best means of promoting and developing industries that will:

(1) use Montana's natural resources within its borders, allowing its citizens to benefit from their use rather than be impoverished by their export;

(2) encourage pride in individual human industry and initiative by employing Montana labor in meaningful labor and aiding Montana citizens to form their own businesses; and

(3) preserve Montana's excellent environment;

(4) provide a creditable, unbiased fact base for the encouragement of new and innovative means, as well as improvement of existing capabilities, in the private and public sectors to improve Montana's economic and social future.

To further the purposes of this study, the Environmental Quality Council may accept funds from any public or private source.

BE IT FURTHER RESOLVED, that all state agencies, the units of the Montana University System, the office of the Governor, and the staff of the Legislative Council make all their resources available to the Environmental Quality Council for use in this study.

BE IT FURTHER RESOLVED, that the Environmental Quality Council recommend positive legislation for these purposes to the 47th Legislature.

WHEREAS, there have been and continue to be significant problems arising from confrontations between landowners and sportsmen in Montana caused by differing points of view regarding access to land by sportsmen; and

HeinOnline -- 1979 vol. III 2115 1979

WHEREAS, confrontations between landowners and sportsmen are aggravated by limited communication; and

WHEREAS, a joint forum for the open discussion and solution of such problems is necessary and timely; and

WHEREAS, a Landowner Relations/Sportsmen Access Advisory Council has been formed.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature does hereby congratulate and commend Governor Thomas L. Judge and the Department of Fish and Game upon the formation and establishment of the Landowner Relations/Sportsmen Access Advisory Council.

BE IT FURTHER RESOLVED, that the Montana Legislature urges and recommends full and continuing support of the Landowner Relations/Sportsmen Access Advisory Council and its individual members in all attempts at mediation and resolution of any conflicts with full public participation.

BE IT FURTHER RESOLVED, that the Secretary of State is directed to mail copies of this resolution to Governor Thomas L. Judge, Robert F. Wambach, the members of the Fish and Game Commission, and the members of the Landowner Relations/Sportsmen Access Advisory Council.

HOUSE JOINT RESOLUTION NO. 32

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE COMMITTEE ON PRIORITIES GIVE HIGH PRIORITY TO A STUDY AND REVISION OF THE LAWS RELATING TO SCHOOL ELECTIONS IN THE STATE OF MONTANA.

WHEREAS, House Joint Resolution No. 14 adopted by the 45th Legislature recognized the need to create a uniform system for all elections in Montana; and

WHEREAS, the interim legislative committee on election laws created pursuant to House Joint Resolution No. 14 to prepare the extensive revision of Montana election laws identified problems relating to the administration of school elections; and

WHEREAS, unifying school elections with other elections would require extensive study and revision of the existing school laws; and

WHEREAS, unifying school elections with other elections may cause less confusion for the voters and may increase voter participation in school elections; and

HeinOnline -- 1979 vol. III 2116 1979

WHEREAS, the Superintendent of Public Instruction is, among many other duties, the chief state election official for all school elections; and

WHEREAS, the clerk of the district is the local election administrator for all school elections; and

WHEREAS, the knowledge of modern and efficient election administration procedures is not the primary interest of current school election officials; and

WHEREAS, some school election procedures may contribute to the disenfranchisement of voters, delays in counting of ballots, deterioration of voter confidence in the electoral process, and increased costs for the conduct of school elections; and

WHEREAS, the central administration of all elections regardless of the political jurisdiction may prove to be the most efficient and effective manner of conducting error-free elections; and

WHEREAS, electing school district trustees at the same time as other local officials would enable voters to consider all local problems at the same time.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is hereby requested to give high priority to a study of all laws pertaining to school elections in the state of Montana and to the preparation of legislation that would coordinate school elections with other elections and would allow for the central administration of all elections, including school elections, by a single local election administrator.

BE IT FURTHER RESOLVED, that the study committee request the assistance of state, local, and school election officials in conducting its study.

Approved March 12, 1979.

HOUSE JOINT RESOLUTION NO. 34

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE CONGRESS OF THE UNITED STATES KEEP BOTH AMTRAK LINES OPERATING IN MONTANA AND PROVIDE ADEQUATE FUNDING FOR PASSENGER SERVICE IN MONTANA.

WHEREAS, both the nation and the state face serious energy shortages, especially in the area of automobile fuels; and

WHEREAS, a fuel shortage is especially critical in a state such as Montana because of the large distances between population centers; and

HeinOnline -- 1979 vol. III 2117 1979

WHEREAS, transport by rail is a more efficient means of moving individuals; and

WHEREAS, existing AMTRAK service in Montana is inadequate to meet the needs of the citizens of the state; and

WHEREAS, the criteria for abandonment of rail passenger service in more densely populated and smaller geographical areas than Montana are inappropriate to the situation in Montana and result in undue hardship for the citizens of Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States is urged to continue in operation both lines of AMTRAK service in Montana and not approve the proposed abandonment of the southern AMTRAK route in Montana.

BE IT FURTHER RESOLVED, that the Congress of the United States is urged to provide adequate funding for AMTRAK operations in Montana and other sparsely settled western states to meet the needs of the citizens of these states.

HOUSE JOINT RESOLUTION NO. 37

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OUTLINING TO THE CONGRESS OF THE UNITED STATES AND THE LEGISLATURES OF WASHINGTON, OREGON, AND IDAHO THE MONTANA LEGISLATURE'S POSITION WITH REGARD TO THE PACIFIC NORTHWEST ELECTRIC POWER PLANNING AND CONSERVATION ACT.

WHEREAS, the Pacific Northwest has a unique electrical generating system which has in the past been dependent upon private and public hydroelectric facilities; and

WHEREAS, implementation of a comprehensive energy conservation program combined with generation of expensive thermal electric power will both be required to insure adequate energy in the future; and

WHEREAS, the region's power facilities are linked in a delivery system administered primarily by the Bonneville Power Administration, the United States Army Corps of Engineers, and the Bureau of Reclamation; and

WHEREAS, Congress has considered and will consider several bills dealing with regional energy planning in the Pacific Northwest, including the Pacific Northwest Electric Power Planning and Conservation Act, which will be introduced in the current session of Congress; and

WHEREAS, some of the proposals, including the Act, would grant significant powers to the Bonneville Power Administration in the areas of regional power planning and resource acquisition; and

WHEREAS, because of Montana's abundant energy resources and its inclusion in the Bonneville Power Administration marketing area, Montana will be significantly affected by any regional energy plan which is implemented; and

WHEREAS, Montana has enacted numerous statutes enabling its citizens through their legislature to control energy and resource development in this state, including the Montana Major Facilities Siting Act, the Montana Strip Mine and Underground Mine Reclamation Act, and the Strip and Underground Mine Siting Act, among others; and

WHEREAS, the legislature, the citizens, and the Congressional delegation of the state of Montana desire to insure that federal legislation relating to Pacific Northwest Regional Energy Planning will not preempt the

HeinOnline -- 1979 vol. III 2119 1979

Montana Major Facility Siting Act and environmental laws relating to electric utilities or the ratemaking power of the Montana Public Service Commission; and

WHEREAS, Montana reaffirmed its commitment to control energy development when its citizens overwhelmingly approved a ballot initiative requiring public approval on the siting of nuclear facilities; and

WHEREAS, the Administration and the Congressional delegation of the state of Montana, as reflected in the testimony of the Governor on the Pacific Northwest Electric Power Planning and Conservation Act, are concerned that some of the proposals for Pacific Northwest regional energy planning, including the Act, may preempt those statutes and the ratemaking power of the Montana Public Service Commission; and

WHEREAS, Montana state government representatives and Montana citizens in testimony on this legislation have reaffirmed Montana's commitment to energy conservation and have stated their concern that those ultimately responsible for regional energy are accountable to the public; and

WHEREAS, similar programs for citizen control of development of resources, of energy conservation, and of ratemaking exist in the other Pacific Northwest states; and

WHEREAS, the coordination of regional energy policy is a major concern of the Pacific Northwest states and the federal government, and will require that decisions about the region's energy policy be reached collectively; and

WHEREAS, the proposed legislation should permit the unique use of Bonneville Power Administration power revenues to finance cost-effective investments in energy conservation and renewable energy sources and should establish a more open planning process.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the state of Montana call upon the United States Congress to consider the following if the Pacific Northwest Electric Power Planning and Conservation Act or any act regarding regional energy policy in the Pacific Northwest is considered or enacted:

(1) the development of guidelines by the Bonneville Power Administration for forecasting regional needs and resources. Individual states should be allowed to determine their own needs and this will become an integral part of the regional forecast. However, should the states be incapable of providing such a forecast, the Bonneville Power Administration should offer this service.

(2) provisions allowing states to keep their rights in power plant siting and retail ratemaking;

(3) a reaffirmation of the priority of Montana in the allocation of power under the Hungry Horse authorization and preference act and the authorizations and appropriations for the Libby dam project;

HeinOnline -- 1979 vol. III 2120 1979

(4) a mechanism to allocate federal power within the Pacific Northwest that would clarify the intent of the preference clause of the Bonneville Project Act, 16 U.S.C. 832, to give preference to legitimate public utilities while minimizing the electrical price difference between consumers of the region.

BE IT FURTHER RESOLVED, that Montana call upon the United States Congress to pass legislation regarding Pacific Northwest regional energy policy only if such proposed legislation has the support of the Governors and Congressional delegations of Montana, Washington, Oregon, and Idaho and the ad hoc committee that the Western Conference of the Council of State Governments has established.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, the Chairmen of the United States House and Senate Energy Committees, the Chairman of the United States House Interior and Insular Affairs Committee, the Secretary of Energy, the Congressional delegations of Washington, Idaho, Oregon, and Montana, and the legislative assemblies of Washington, Idaho, and Oregon.

Approved April 6, 1979.

WHEREAS, the Attorney General is the state's chief legal officer.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature commends the Attorney General for intervening in the Milwaukee Road bankruptcy proceeding (Cause No. 77 B 8999, In the Matter of the Chicago, Milwaukee, St. Paul and Pacific Railroad) and encourages the Attorney General to play an active role in such proceeding so that the vital interest of Montana in the outcome is well represented.

HeinOnline -- 1979 vol. III 2121 1979

BE IT FURTHER RESOLVED, that the Attorney General is requested to encourage intervention by the Milwaukee Road in the Northern Lines merger case and the Attorney General is requested to intervene in behalf of Montana in the Northern Lines merger case.

BE IT FURTHER RESOLVED, that the Attorney General take whatever action is necessary to preserve the mainline of the Milwaukee Road.

BE IT FURTHER RESOLVED, that a copy of this resolution be sent to the Attorney General.

WHEREAS, developing a state rail plan is necessary to improve and update the rail transportation system of Montana; and

WHEREAS, the Department of Highways has been designated as the state agency responsible for rail planning.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE LEGISLATIVE COMMITTEE ON PRIORITIES TO APPOINT AN APPROPRIATE STANDING COMMITTEE TO CONDUCT AN INTERIM STUDY OF POSSIBLE CONSOLIDATION, FUNDING ALTERNATIVES, AND THE EFFECTS OF INFLATION ON STATE RETIREMENT SYSTEMS.

WHEREAS, all Montanans have the right to a decent standard of living; and

WHEREAS, older Montanans who have given their state many years of dedicated service deserve a retirement that assures dignity and a decent standard of living; and

HeinOnline -- 1979 vol. III 2122 1979

WHEREAS, Montana families in which the head of the household is over 65 years of age have 37% less purchasing power than the general population; and

WHEREAS, Montanans over 65 years of age who live alone have 72% less purchasing power than the general population; and

WHEREAS, inflation has seriously eroded the purchasing power of retired public employees and has hit retired teachers especially hard; and

WHEREAS, to be effective and equitable, a public retirement system must make adjustments for inflationary forces.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Committee on Priorities is requested to appoint an appropriate standing committee to conduct an interim study and present recommendations and proposed legislation to the 47th Legislature concerning the effects of inflation on public retirement systems and especially the Teachers' Retirement System. HOUSE JOINT RESOLUTION NO. 42

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE COMMITTEE ON PRIORITIES TO ASSIGN TO AN INTERIM JOINT LEGISLATIVE SUBCOMMITTEE THE STUDY OF MONTANA'S GREENBELT LAW.

WHEREAS, the 1973 Legislature enacted Montana's Greenbelt Law, Title 15, chapter 7, part 2, for the purpose of classifying and assessing bona fide farm properties at a value exclusive of values attributed to urban influences or speculative purposes; and

WHEREAS, the Greenbelt Law as currently implemented has been largely ineffective in accomplishing these purposes and may, in fact, be contributing to the spread of urban sprawl; and

WHEREAS, recent legislatures, especially the 46th Legislature, have seen a proliferation of bills amending or repealing the Greenbelt Law in an attempt to improve its implementation; and

WHEREAS, none of these bills has been successful in accomplishing this purpose.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is urged to assign an appropriate committee, consisting of equal representation of both houses and both parties,

WHEREAS, rail transportation is critically important to agriculture and the entire economy of Montana, and agriculture and industry in Montana are vitally in need of adequate and efficient rail transportation; and

WHEREAS, the current bankruptcy proceeding involving the Chicago, Milwaukee, St. Paul and Pacific Railroad, commonly known as the Milwaukee Road, is of great concern to Montana; and

WHEREAS, the proposed abandonment of rail lines serving Montana will work a significant hardship on the citizens of the state; and

WHEREAS, the Milwaukee Road employs about 750 persons in Montana, serves 23 counties, and contributes approximately $750,000 a year in property taxes; and

WHEREAS, the Milwaukee Road is a major component of the state transportation system, serving over 150 stations and providing both direct service and connections with other lines; and

WHEREAS, the Milwaukee Road serves 31 public warehouse and grain dealer facilities, and these facilities have a storage capacity of 4,332,000 bushels and would be without rail service in the event the Milwaukee line is abandoned; and

WHEREAS, the maintenance of a balanced transportation system is desirable to foster competition; and

WHEREAS, if abandonment occurs, Montana will lose jobs, shipping capacity, local tax revenues, and the advantages of competition; and

WHEREAS, numerous state agencies and officers, including the Attorney General, the Department of Agriculture, the Department of Highways, and the Public Service Commission, are actively involved in the Milwaukee Road proceedings and in developing plans to revitalize and rehabilitate rail transportation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature strongly supports those actions designed to minimize the reduction of the Milwaukee Road system and encourages private

HeinOnline -- 1979 vol. III 2124 1979

enterprise to develop and promote plans to revitalize the rail transportation system.

BE IT FURTHER RESOLVED, that the Legislature urges the bankruptcy court in the Milwaukee Road case (Cause No. 77 B 8999, In the Matter of the Chicago, Milwaukee, St. Paul and Pacific Railroad) to direct Trustee Hillman to develop and work towards an alternative to abandonment which would allow viable and profitable operation of the Milwaukee Road.

BE IT FURTHER RESOLVED, that priority consideration for maintaining the Milwaukee Road is required to facilitate movement of such products and associated services.

WHEREAS, the Department of Revenue has adopted rules under section 16-3-103, MCA, governing liquor vendors and agents; and

WHEREAS, the rules as adopted contain restrictions that extend beyond those adopted by the U.S. Department of the Treasury, Bureau of Alcohol, Tobacco, and Firearms; and

HeinOnline -- 1979 vol. III 2125 1979

WHEREAS, the Montana rules do not coincide with federal regulations on proper business practices and the ethical promotion of merchandise.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That, under authority of section 16-3-103, MCA, the Department of Revenue is directed to immediately initiate proceedings to adopt rules amending sections 42-2.12(1)-S1250 and 42-2.12(1)-S1260, ARM, to conform those rules with regulations adopted by the United States Department of the Treasury, Bureau of Alcohol, Tobacco, and Firearms, and particularly those rules concerning the distribution of advertising specialties under 27 CFR 6.27 and 27 CFR 6.28 and samples under 27 CFR 6.29.

(2) That a proposed rule amending section 42-2.12(1)-S1250, ARM, contain provisions defining a sample as a container of liquor presented by a vendor or agent for inspection or demonstration of the quality of the product and which is purchased by the employer or brokerage of the vendor or agent.

(3) That a proposed rule amending section 42-2.12(1)-S1250, ARM, clearly indicate that a sample may be of any size so long as the sample size is in conformance with the applicable federal regulations.

(4) That a proposed rule amending section 42-2.12(1)-S1250, ARM, clarify the requirements for maintenance of sample logs, specifying that such logs must contain exact information as to all sample purchases, including the date and location of each purchase and the disposition of each sample and the name of each recipient and the date he received the sample. HOUSE JOINT RESOLUTION NO. 45

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES INTERSTATE COMMERCE COMMISSION TO REVISE RAIL FREIGHT RATES SO AS NOT TO DISCRIMINATE AGAINST RECYCLED MATERIALS.

WHEREAS, the recycling of solid waste materials, including glass, metal cans, paper, and other reusable products, is an essential part of any resource and energy conservation policy; and

HeinOnline -- 1979 vol. III 2126 1979

WHEREAS, recycling has many potential benefits to the state of Montana, including the providing of a high-quality source of domestic materials for local and national industry, the stimulation of new employment opportunities, and the reduction of the cost of solid waste management that now averages $35 a ton for disposal of waste materials; and

WHEREAS, Montana's recycling industry is unable to develop to its fullest potential because the United States Interstate Commerce Commission has set artificially high barriers in the form of rail freight rates for recycled materials; and

WHEREAS, these rail freight rates for recycled materials are three to five times greater than rates for competing and similar raw materials; and

WHEREAS, these artificially high rail freight rates especially discriminate against large rural states like Montana where large distances must be covered to ship recycled materials to urban centers for market; and

WHEREAS, the Interstate Commerce Commission has failed to respond to pleas to reform the rail freight rate structure and has failed to justify these discriminatory rates.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Interstate Commerce Commission is urged to revise its rail freight rates to end discrimination against the transportation by rail of recycled materials.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Interstate Commerce Commission with a reply requested and to the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 48

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO ENCOURAGE SIGNATORY STATES OF THE YELLOWSTONE RIVER COMPACT TO ABIDE BY THE PROVISIONS OF THE COMPACT AND TO LIMIT WATER DIVERSIONS TO THOSE AUTHORIZED IN MANNER AND AMOUNT BY THE COMPACT AND TO PERMIT WATER DIVERSIONS ONLY CONSISTENT WITH THE PROVISIONS OF THE COMPACT.

WHEREAS, on December 8, 1950, the states of Montana, Wyoming, and North Dakota, being moved by consideration of interstate comity and desiring to remove present and future controversies between the states respecting waters in the Yellowstone River Basin and designed further to provide an equitable division and apportionment of the waters of the Yellowstone River Basin and recognizing the great importance of water for irrigation in the signatory states, did enter into the Yellowstone River Compact, Section 85-20-101, et seq., MCA, which Yellowstone River Compact was thereafter federally approved by the Congress of the United States; and

HeinOnline -- 1979 vol. III 2127 1979

WHEREAS, the Yellowstone River Compact has governed water use in the Compact states of Montana, Wyoming, and North Dakota and has promoted cooperation between the states, has encouraged water conservation and development between the states, and has averted costly and time-consuming litigation between the states; and

WHEREAS, recent actions by various legislatures of the Compact states permitting diversions of Yellowstone River Basin water in methods inconsistent with the Yellowstone River Compact have been introduced and are now under consideration and may be approved by such legislatures; and

WHEREAS, these actions threaten the harmonious cooperation between the states, threaten the purposes of the Yellowstone River Compact, and threaten to involve the states in prolonged and expensive litigation before the United States Supreme Court or in other courts of competent jurisdiction involving the application of the Yellowstone River Compact, its provisions, and the legality of the proposed diversions; and

WHEREAS, such consequences can only result in actions adverse to the water users within the Compact states and adverse to the interests of the Compact states and to the continued cooperative relationship between the states.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature urges and requests the signatory states of the Yellowstone River Compact to abide by the provisions of the Yellowstone River Compact and to limit water diversions to those authorized in manner and amount by the Compact and to permit water diversions only consistent with the provisions of such Compact.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Governor of Wyoming and to the President of the Senate and Speaker of the House of the Wyoming Legislature, to the Governor of North Dakota and the President of the Senate and Speaker of the House of the North Dakota Legislature, and be further brought to the attention of appropriate members of the Montana Congressional Delegation and the appropriate congressional and executive branch leaders.

HOUSE JOINT RESOLUTION NO. 49

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE ALTERNATIVE WAYS AND EFFECTS OF AUTHORIZING BANKS, SAVINGS AND LOAN ASSOCIATIONS, AND CREDIT UNIONS TO BRANCH WITHIN THE STATE; REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE LEGISLATURE.

WHEREAS, it is apparent that a great number of Montana's citizens are interested in authorizing banks, savings and loan associations, and credit unions to establish and maintain branch facilities in the state; and

HeinOnline -- 1979 vol. III 2128 1979

WHEREAS, the law prohibits banks from maintaining a branch facility; and

WHEREAS, there are various alternative methods for authorizing branching; and

WHEREAS, the Legislature has not studied the need for branching in the state; and

WHEREAS, in order to best serve the public, a thorough study of all the effects and alternative ways of authorizing banks, savings and loan associations, and credit unions to branch should be made.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Priorities is hereby requested to give high priority to the appointment of an interim committee to study:

(1) the need for banks, savings and loan associations, and credit unions to branch within the state;

HOUSE JOINT RESOLUTION NO. 51

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ASSIGNING TO THE ENVIRONMENTAL QUALITY COUNCIL A STUDY OF THE BENEFITS AND PROBLEMS OF BENTONITE DEVELOPMENT IN MONTANA.

WHEREAS, Montana possesses a significant percentage of the world's reserve of sodium bentonite, "the clay of 1,000 uses"; and

WHEREAS, the state may be on the brink of substantial development of these bentonite deposits, with new processing plants being constructed, one of which will be the world's largest and will produce over 1 million tons a year by the mid-1980's; and

WHEREAS, the adequacy of Montana's present bentonite reclamation laws has not been studied in light of the demands of large-scale development; and

WHEREAS, Montana may have a considerably lower rate of taxation of this valuable and necessary mineral than South Dakota and Wyoming, the only other states which possess sodium bentonite deposits; and

HeinOnline -- 1979 vol. III 2129 1979

WHEREAS, Montana should act now to insure efficient development of this vast resource, adequate reclamation of bentonite-mined lands, and a fair return for the state from the development of its bentonite reserves.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That a study be made of the benefits and problems surrounding large-scale development of Montana's sodium bentonite reserves, with particular emphasis on reclamation of bentonite-mined lands and taxation of bentonite.

BE IT FURTHER RESOLVED, that the study shall be conducted by the bipartisan Environmental Quality Council, as its scientific and technical staff is best able to assist in conducting this study.

BE IT FURTHER RESOLVED, that the Environmental Quality Council shall report its findings together with recommendations and proposed legislation to the 47th Legislature.

HOUSE JOINT RESOLUTION NO. 53

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA CONCERNING A COORDINATED APPROACH BY STATE, FEDERAL, AND PRIVATE INDIVIDUALS IN THE CONTROL AND ERADICATION OF NOXIOUS WEEDS, ESPECIALLY LEAFY SPURGE.

WHEREAS, noxious weeds occur on extensive areas of Montana agricultural land and rangeland and are escalating at alarming proportions on all land regardless of ownership and use; and

WHEREAS, Leafy Spurge is a plant pest that is rapidly expanding its range throughout eastern Montana, the Dakotas, and northern Wyoming; and

WHEREAS, the ranching and farming communities are becoming desperate in their search for better control methods for Leafy Spurge; and

WHEREAS, the use of pesticides approved for Leafy Spurge control, particularly Tordon, Round-up, and 2,4-D, are limited in their control effectiveness; and

WHEREAS, biological control is a relatively new field of plant control not thoroughly researched; and

WHEREAS, there is a lack of overall coordination between state and federal government and private individuals in their research efforts on either a local, state, or regional level; and

WHEREAS, there is a "ground swell" of interest between state and federal government and private individuals in an integrated approach to the control of Leafy Spurge.

HeinOnline -- 1979 vol. III 2130 1979

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Governor appoint a steering committee, cochaired by the director of the Department of Agriculture and the Montana director of the Scientific and Education Administration of the United States Department of Agriculture, to coordinate the various research efforts taking place in Montana.

HOUSE JOINT RESOLUTION NO. 54

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA FOR AN INTERIM STUDY OF MONTANA'S ANNEXATION LAWS.

WHEREAS, it is in the best interest of the people of Montana to allow municipal growth in an orderly and planned manner while at the same time maintaining the balance of interest existing between those living within and those living outside a municipality's boundaries; and

WHEREAS, Montana's present annexation laws were adopted piecemeal, contain contradictions, and are in need of revision; and

WHEREAS, the piecemeal approach to annexation laws has not satisfactorily met current needs and has directly contributed to greater confusion over workable annexation procedures and processes in numerous Montana communities; and

WHEREAS, in many of Montana's communities existing annexation laws are causing or contributing to indiscriminate and disorderly growth patterns; and

WHEREAS, in many cases Montana's annexation laws may be forcing citizens of municipalities to be annexed without the provision of adequate municipal services extended and provided to them; and

WHEREAS, in other communities annexation is being frustrated by a confusing tangle of laws that are contradictory or unworkable; and

HeinOnline -- 1979 vol. III 2131 1979

WHEREAS, the status of fire districts in the event of annexation should be closely scrutinized, being a particularly difficult problem related to annexation; and

WHEREAS, many communities are facing the problem of uncontrolled urban sprawl with many people residing on the perimeter of the municipality not within the corporate boundaries but deriving many benefits from the municipality without paying their fair share for these services; and

WHEREAS, the numerous annexation-related bills introduced in the 46th Legislature indicate a statewide concern for the inadequacies of Montana's present annexation laws.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Committee on Priorities assign to an appropriate interim committee a study of all laws relating to annexation to identify conflicts, duplications, and inadequacies and to prepare appropriate legislation for the 47th Legislature that will provide Montana with a statutory framework which insures a comprehensive and workable approach to annexation.

(2) That the committee consult with the Department of Community Affairs, local governmental officials, and interested citizens during the course of the study.

(3) That the committee study various methods for resolving identified problems and examine alternatives used in other states for reasonable annexation procedures.

WHEREAS, a variety of programs have been initiated by the public and private sectors in neighboring states; and

HeinOnline -- 1979 vol. III 2132 1979

WHEREAS, a study of the programs in these states by a legislative committee would assist in resolving disagreements over the nature of the problems and the possible effects to be expected from alternative solutions; and

(d) discussions with the various Montana groups interested in these problems to identify areas of agreement and mutually acceptable solutions.

(3) That the committee prepare a final report of its findings and conclusions together with its recommendations for release to the public no later than January 1, 1980, and subsequent submission to the 47th Legislature.

HOUSE JOINT RESOLUTION NO. 60

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE ENVIRONMENTAL QUALITY COUNCIL TO STUDY THE LAWS RELATING TO REVIEW PROCEDURES FOR PERMITS REQUIRED FOR PROJECTS WHICH CONTEMPLATE THE USE OF THE STATE'S NATURAL RESOURCES FOR THE PURPOSE OF COORDINATING SUCH PERMIT PROCEDURES.

WHEREAS, the present procedures for obtaining approval of permits required for projects contemplating the use of the state's natural resources are frequently cumbersome and complicated for the person proposing the project, for members of the public desiring to present their views, and for the permitting authorities; and

WHEREAS, the person proposing the project would benefit from a unified permit procedure when a number of permits are required for a project in that the maze of permits confronting such person would be simplified, a greater degree of certainty of the permit requirements would be afforded, and a relatively stable timetable could be established; and

WHEREAS, coordination of permit procedures would provide members of the public an opportunity to obtain information pertaining to permit requirements more easily and greatly accommodate presentation of their views on proposed uses of natural resources and related environmental matters before the making of decisions on such uses by government agencies; and

WHEREAS, coordination of permit procedures would establish a mechanism whereby federal, state, and local government decisionmaking entities could reduce duplicative paperwork and improve communications and understanding regarding the administration of various programs and projects relating to air, water, and land resources; and

WHEREAS, a legislative study of the permit requirements for projects involving the use of the state's natural resources which would make recommendations for the coordination of such permit procedures would be useful to the Legislature and the people of Montana.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A STUDY OF THE FEASIBILITY OF TRANSPORTING GRAIN BY PIPELINE AND OF OTHER METHODS OF GRAIN TRANSPORTATION.

WHEREAS, rail shipments of grain in Montana steadily declined from 1974 through 1979; and

WHEREAS, Montana's farmers and ranchers are faced with an ever-increasing shortage of grain cars for transport of grain to market; and

WHEREAS, closure and abandonment in Montana of the Chicago, Milwaukee, St. Paul and Pacific Railroad, more commonly known as the Milwaukee Road, is a strong possibility; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Agricultural Economics at Montana State University is requested to study the technical and economic feasibility of transporting grain by pipeline and other methods of grain transportation. The Department of Agricultural Economics at Montana State University is further requested to study the feasibility of the purchase of grain containers by farm organizations and the grain trade to be used in the transportation of grain by rail. If the pipeline method of transport is determined to be potentially advantageous, the study shall also address the feasibility and possibility of using any pipeline corridor right-of-way obtained for the pipeline transport of petroleum for both the transport of grain and petroleum by pipeline. A report concerning the conclusions reached and the proposed action, if any, to be taken by the state of Montana shall be made to the 47th Legislature.

WHEREAS, Montana State University is responsible under present law for the certification of only those types of seeds that it elects to certify; and

WHEREAS, Montana State University has stated to the Board of Regents that it no longer desires the responsibility for seed certification, at least in the case of seed potatoes, except for providing services and facilities on a contract basis; and

WHEREAS, in order to develop a new method for seed certification that is practical and legally sound, it is necessary to coordinate any proposed changes in the present law with all interested parties, which include the Department of Agriculture, Montana State University, and seed growers' associations; and

WHEREAS, it is anticipated that the Board of Regents will require Montana State University to continue providing a seed certification program during the next 2 years until the 47th Legislature meets in 1981.

WHEREAS, an assumed limit of 718 inmates can be housed in the new facilities, using double bunking whenever possible; and

WHEREAS, the total prison population is likely to exceed 718 in the near future; and

WHEREAS, this projected prison population increase indicates a need for the construction of additional prison space and auxiliary facilities or other alternatives; and

WHEREAS, there is a need to develop a long-term policy on construction and replacement of juvenile correctional and evaluation facilities; and

WHEREAS, long-term needs for replacement of facilities at juvenile institutions must be identified; and

WHEREAS, there are alternatives to the construction of additional prison facilities such as forest work camps, making better use of available space at the new prison, making use of space at other state institutions, the possibility of contracting services with private nonprofit corporations, use of facilities such as halfway houses, and the development of prerelease centers and other community facilities; and

HOUSE JOINT RESOLUTION NO. 66

WHEREAS, steady inflation distorts the proper determination of capital gains realized through the sale of property, interest income and expenses on investments, and depreciation of business property; and

WHEREAS, this distortion forces citizens to pay high tax on capital gains caused primarily by inflated values, to pay taxes on interest income that is less than the rate of inflation and thus represents a net loss to the investor, and to distort the value of deductions for depreciation and expenses granted in connection with investment property; and

WHEREAS, these distortions discourage Montana citizens from saving and investing funds; and

WHEREAS, many economists argue that lack of savings and capital investments are the most serious problems in our economy today; and

HeinOnline -- 1979 vol. III 2140 1979

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

WHEREAS, the project has been completed for many years and the Tiber Reservoir resulting from Tiber Dam has served North Central Montana for the multiple uses of flood control, irrigation, stock watering, and recreation; and

WHEREAS, the Bureau of Reclamation is now constructing a containment fence for the Tiber Reservoir that will impede and restrict the availability of reservoir waters for stock watering; and

HeinOnline -- 1979 vol. III 2141 1979

WHEREAS, the livestock producers operating in and near the Tiber Reservoir need and require access to the Tiber Reservoir for stock watering; and

WHEREAS, the containment fence being constructed by the Bureau of Reclamation will severely restrict the use by stockmen of the Tiber Reservoir waters and will cause unreasonable and unnecessary economic hardship to the livestock industry.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Honorable Cecil Andrus, Secretary of Interior, be advised that it is the desire and wish of the Legislature of the State of Montana that the Bureau of Reclamation under his direct control cease and desist from a fencing program at Tiber Reservoir that will deprive livestock of free and uninhibited access to the reservoir waters in the manner and in the same way as the livestock have watered at the reservoir since the project was completed by the Department of Interior.

That a copy of this resolution be forwarded by the Secretary of State to the Honorable Cecil Andrus, Secretary of Interior, the Honorable John Melcher, Senator from Montana, the Honorable Max Baucus, Senator from Montana, the Honorable Pat Williams, Congressman from Montana's first district, and the Honorable Ron Marlenee, Congressman from Montana's second congressional district.

SENATE RESOLUTION NO. 3

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA URGING AN INCREASED RATE OF HIGHWAY CONSTRUCTION IN THE STATE.

WHEREAS, public transportation in Montana is far from adequate to meet the needs of Montana residents due to the shortage of scheduled airline and railroad service; and

WHEREAS, it is necessary for the survival of Montana's economy to help its residents improve their circumstances by having access to improved transportation for people, materials, and services; and

WHEREAS, Montana ranks 47th in the nation in completed interstate highways, and one of the states ranking lower than Montana is Alaska, which for obvious reasons has no proposed interstate system; and

WHEREAS, the states surrounding Montana have completed or are in the final stages of completing their interstate highway systems; and

WHEREAS, Montana's economy depends heavily upon tourism, which amounts to approximately $60 million in income to our state, and it appears incongruous that out-of-state and in-state residents traveling for pleasure or in the conduct of business must travel over a great number of narrow and inferior highways throughout Montana; and

INITIATIVE NO. 80

By Initiative the people proposed laws relating to voter approval of proposed nuclear power facilities. The Initiative was approved by the following vote at the General Election held November 7, 1978:

For:	177,778
Against:	95,179

The title and text of the Initiative follow.

An Act Empowering Montana Voters to Approve or Reject Any Proposed Nuclear Power Facility Certified Under the Montana Major Facility Siting Act; Defining Terms; Establishing State Safety and Financial Liability Standards for Major Nuclear Facilities; Exempting Medical and Research Facilities; Providing for Publication of Emergency Evacuation Plans; Invalidating Emergency Approval Authority for Nuclear Facilities; Amending Section 70-804, Revised Codes of Montana, 1947.

Be it enacted by the people of the state of Montana:

SECTION 1. There is a new R.C.M. section that reads as follows:

Findings as to nuclear safety — reservation of nuclear facility approval powers to the people. (1) The people of Montana find that substantial public concern exists regarding nuclear reactors and other major nuclear facilities, including the following unresolved issues:

(a) the generation of waste from nuclear facilities, which remains a severe radiological hazard for many thousands of years and to which no means of containment assuring the protection of future generations exists;

(b) the spending of scarce capital to pay the rapidly increasing costs of nuclear facilities, preventing the use of that capital to finance renewable energy sources which hold more promise for supplying useful energy, providing jobs, and holding down energy costs;

(c) the liability of nuclear facilities to sudden catastrophic accidents which can affect large areas of the state, thousands of people, and countless future generations;

(d) the refusal of utilities, industry, and government to assume normal financial responsibility for compensating victims of such nuclear accidents;

(e) the impact of nuclear facilities on the proliferation of nuclear bombs and terrorism;

HeinOnline -- 1979 vol. III 2164 1979

(f) the increasing pattern of abandonment of used nuclear facilities by their owners, resulting in radiological dangers to present and future societies as well as higher public costs for perpetual management; and

(g) the detrimental effect of the large uranium import program necessary to the expansion of nuclear power on American energy independence, defense policy, and economic well being.

(2) Therefore, the people of Montana reserve to themselves the exclusive right to determine whether major nuclear facilities are built and operated in this state.

SECTION 2. There is a new R.C.M. section that reads as follows:

Definitions. As used in this act, the following definitions apply:

(1) (a) "Nuclear facility" means each plant, unit, or other facility designed for, or capable of,

(i) generating 50 megawatts of electricity or more by means of nuclear fission,

(ii) converting, enriching, fabricating, or reprocessing uranium minerals or nuclear fuels, or

(iii) storing or disposing of radioactive wastes or materials from a nuclear facility;

(b) "nuclear facility" does not include any small-scale facility used solely for educational, research, or medical purposes not connected with the commercial generation of energy.

(2) "Facility," as defined in subsection (3) of section 70-803, R.C.M. 1947, is further defined to include any nuclear facility as defined in subsection (1)(a) of this section.

SECTION 3. Section 70-804, R.C.M. 1947, is amended to read as follows:

70-804. Certificate from board required prior to construction of a facility — exemptions — *approval by popular vote of certificate for nuclear facility.* (1) A person may not commence to construct a facility in the state without first applying for and obtaining a certificate of environmental compatibility and public need issued with respect to the facility by the board. A facility with respect to which a certificate is issued, may not thereafter be constructed, operated or maintained except in conformity with the certificate and any terms, conditions and modifications contained therein. A certificate may only be issued pursuant to this chapter.

(2) A certificate may be transferred, subject to the approval of the department, to a person who agrees to comply with the terms, conditions, and modifications contained therein.

(3) This chapter does not apply to *any aspect of* a facility over which an agency of the federal government has exclusive jurisdiction, *but applies to any unpreempted aspect of a facility over which an agency of the federal government has partial jurisdiction.*

HeinOnline -- 1979 vol. III 2165 1979

(4) The board may adopt reasonable rules establishing exemptions from this chapter for the relocation, reconstruction, or upgrading of a facility that would otherwise be covered by this chapter and that is unlikely to have a significant environmental impact by reason of length, size, location, available space or right of way, or construction methods.

(5) A certificate is not required under this chapter for a facility under diligent on-site physical construction or in operation on January 1, 1973.

(6) If the board decides to issue a certificate for a nuclear facility, it shall report such recommendation to the applicant and may not issue the certificate until such recommendation is approved by a majority of the voters in a statewide election called by initiative or referendum according to the laws of this state.

SECTION 4. There is a new R.C.M. section that reads as follows:

Additional requirements for issuance of a certificate for the siting of a nuclear facility. (1) The board may not issue a certificate to construct a nuclear facility unless it finds that

(a) no legal limits exist regarding the rights of a person or group of persons to bring suit for and recover full and just compensation from the designers, manufacturers, distributors, owners, and/or operators of a nuclear facility for damages resulting from the existence or operation of the facility; and further, that no legal limits exist regarding the total compensation which may be required from the designers, manufacturers, distributors, owners, and/or operators of a nuclear facility for damages resulting from the existence or operation of such facility;

(b) the effectiveness of all safety systems, including but not limited to the emergency core cooling systems, of such nuclear facility has been demonstrated, to the satisfaction of the board, by the comprehensive laboratory testing of substantially similar physical systems in actual operation;

(c) the radioactive materials from such nuclear facilities can be contained with no reasonable chance, as determined by the board, of intentional or unintentional escape or diversion of such materials into the natural environment in such manner as to cause substantial or long-term harm or hazard to present or future generations due to imperfect storage technologies, earthquakes or other acts of God, theft, sabotage, acts of war or other social instabilities, or whatever other causes the board may deem to be reasonably possible, at any time during which such materials remain a radiological hazard; and

(d) the owner of such nuclear facility has posted with the board a bond totalling not less than 30 per cent of the total capital cost of the facility, as estimated by the board, to pay for the decommissioning of the facility and the decontamination of any area contaminated with radioactive materials due to the existence or operation of the facility in the event the owner fails to pay the full costs of such decommissioning and decontamination. Excess bond, if any, shall be refunded to the owner upon demonstration, to the satisfaction of the board, that the site and environs of the facility pose no radiological danger to present or future generations

HeinOnline -- 1979 vol. III 2166 1979

and that whatever other conditions the board may deem reasonable have been met.

(2) Nothing in this section shall be construed as relieving the owner of a nuclear facility from full financial responsibility for the decommissioning of such facility and decontamination of any area contaminated with radioactive materials as a result of the existence or operation of such facility at any time during which such materials remain a radiological hazard.

SECTION 5. There is a new R.C.M. section that reads as follows:

Annual review of evacuation and emergency medical aid plans. (1) The governor shall annually publish, publicize, and release to the news media and to the appropriate officials of affected communities, in a manner designed to inform residents of the affected communities, the entire evacuation plan specified in the licensing of each certified nuclear facility within this state. Copies of such plan shall be made available to the public upon request at no more than the cost of reproduction.

(2) The governor shall establish procedures for annual review by state and local officials of established evacuation and emergency medical aid plans with regard for, but not limited to, such factors as the adequacy of such plans, changes in traffic patterns, population densities, the locations of schools, hospitals, and industrial developments, and other factors as requested by locally elected representatives.

SECTION 6. There is a new R.C.M. section that reads as follows:

Emergency approval authority invalid for nuclear facilities. Notwithstanding the provisions of subsections 70-811(4)(a) and (4)(b), the board may not waive compliance with any of the provisions of this act relating to certification of a nuclear facility.

SECTION 7. Severability. If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid application.

Section 12. Section 4-4-201, RCM 1947, is amended to read as follows:

HeinOnline -- 1979 vol. III 2172 1979

(1) Except as otherwise provided by law, a license to sell beer at retail or beer and wine at retail, in accordance with the provisions of this code and the rules of the department, may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, or corporation to sell beer, except that:

"(a) the number of retail beer licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by congress, as follows:

"(i) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than one retail beer license which may not be used in conjunction with a retail all-beverages license;

"(ii) in incorporated cities and incorporated towns of more than 500 inhabitants and not over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities or towns, one beer license for each 500 inhabitants which may not be used in conjunction with retail all-beverages licenses;

"(iii) in incorporated cities of over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities, two additional retail beer licenses for the first 2,000 inhabitants or major fraction thereof and one additional retail beer license for each additional 2,000 inhabitants which may not be used in conjunction with retail all-beverages licenses;

"(b) the number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail beer licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail beer licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and may not exceed the foregoing limitations. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town.

"(c) retail beer licenses of issue on March 7, 1947, and which are in excess of the foregoing limitations shall be renewable, but no new licenses may be issued in violation of such limitations;

"(d) such limitations do not prevent the issuance of a nontransferable and nonassignable retail beer license to a post of a nationally chartered

HeinOnline -- 1979 vol. III 2173 1979

veterans' organization or a lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949;

"(e) the number of retail beer licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof or for use at premises situated within any incorporated town shall be as determined by the department in the exercise of its sound discretion, except that no retail beer license may be issued for any premises so situated unless the department determines that the issuance of such license is required by public convenience and necessity.

"(2) The cities and incorporated towns may enact ordinances defining certain areas in the cities and town where alcoholic beverages may or may not be sold. No incorporated city or incorporated town may by ordinance restrict the number of licenses that the department may issue. However, no retail license may be issued by the department for any premises situated within any zone of such city or town where the sale of beer or liquor is prohibited by ordinance, a certified copy of which has been filed with the department. The department may deny the issuance of a retail beer or all-beverages license if it determines that the premises proposed for licensing are off regular police beats and cannot be properly policed by local authorities.

"(3) A person holding a license to sell beer for consumption on the premises at retail may apply to the department for an amendment to the license permitting the holder to sell wine as well as beer. The division may issue such amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or prepared-food business. A person holding a beer-and-wine license may sell wine for consumption on the premises. ~~He may buy wine only at retail from the department.~~ Nonretention of the beer license, for whatever reason, shall mean automatic loss of the wine amendment license.

"(4) A retail license to sell beer *or table wine, or both,* in the original packages for off-premises consumption only may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, corporation to sell beer *or table wine, or both,* and whose premises proposed for licensing are operated as a bona fide grocery store or a drugstore licensed as a pharmacy. The number of such licenses that the department may issue is not limited by the provisions of subsection (1) of this section but shall be determined by the department in the exercise of its sound discretion, and the department may in the exercise of its sound discretion grant or deny any application for any such license or suspend or revoke any such license for cause."

Section 13. Section 4-4-401, RCM 1947, is amended to read as follows:

"(1) (a) Each beer licensee, *licensed to sell either beer or table wine only, or both beer and table wine,* under the provisions of this code, shall pay an annual license fee as follows:

HeinOnline -- 1979 vol. III 2174 1979
